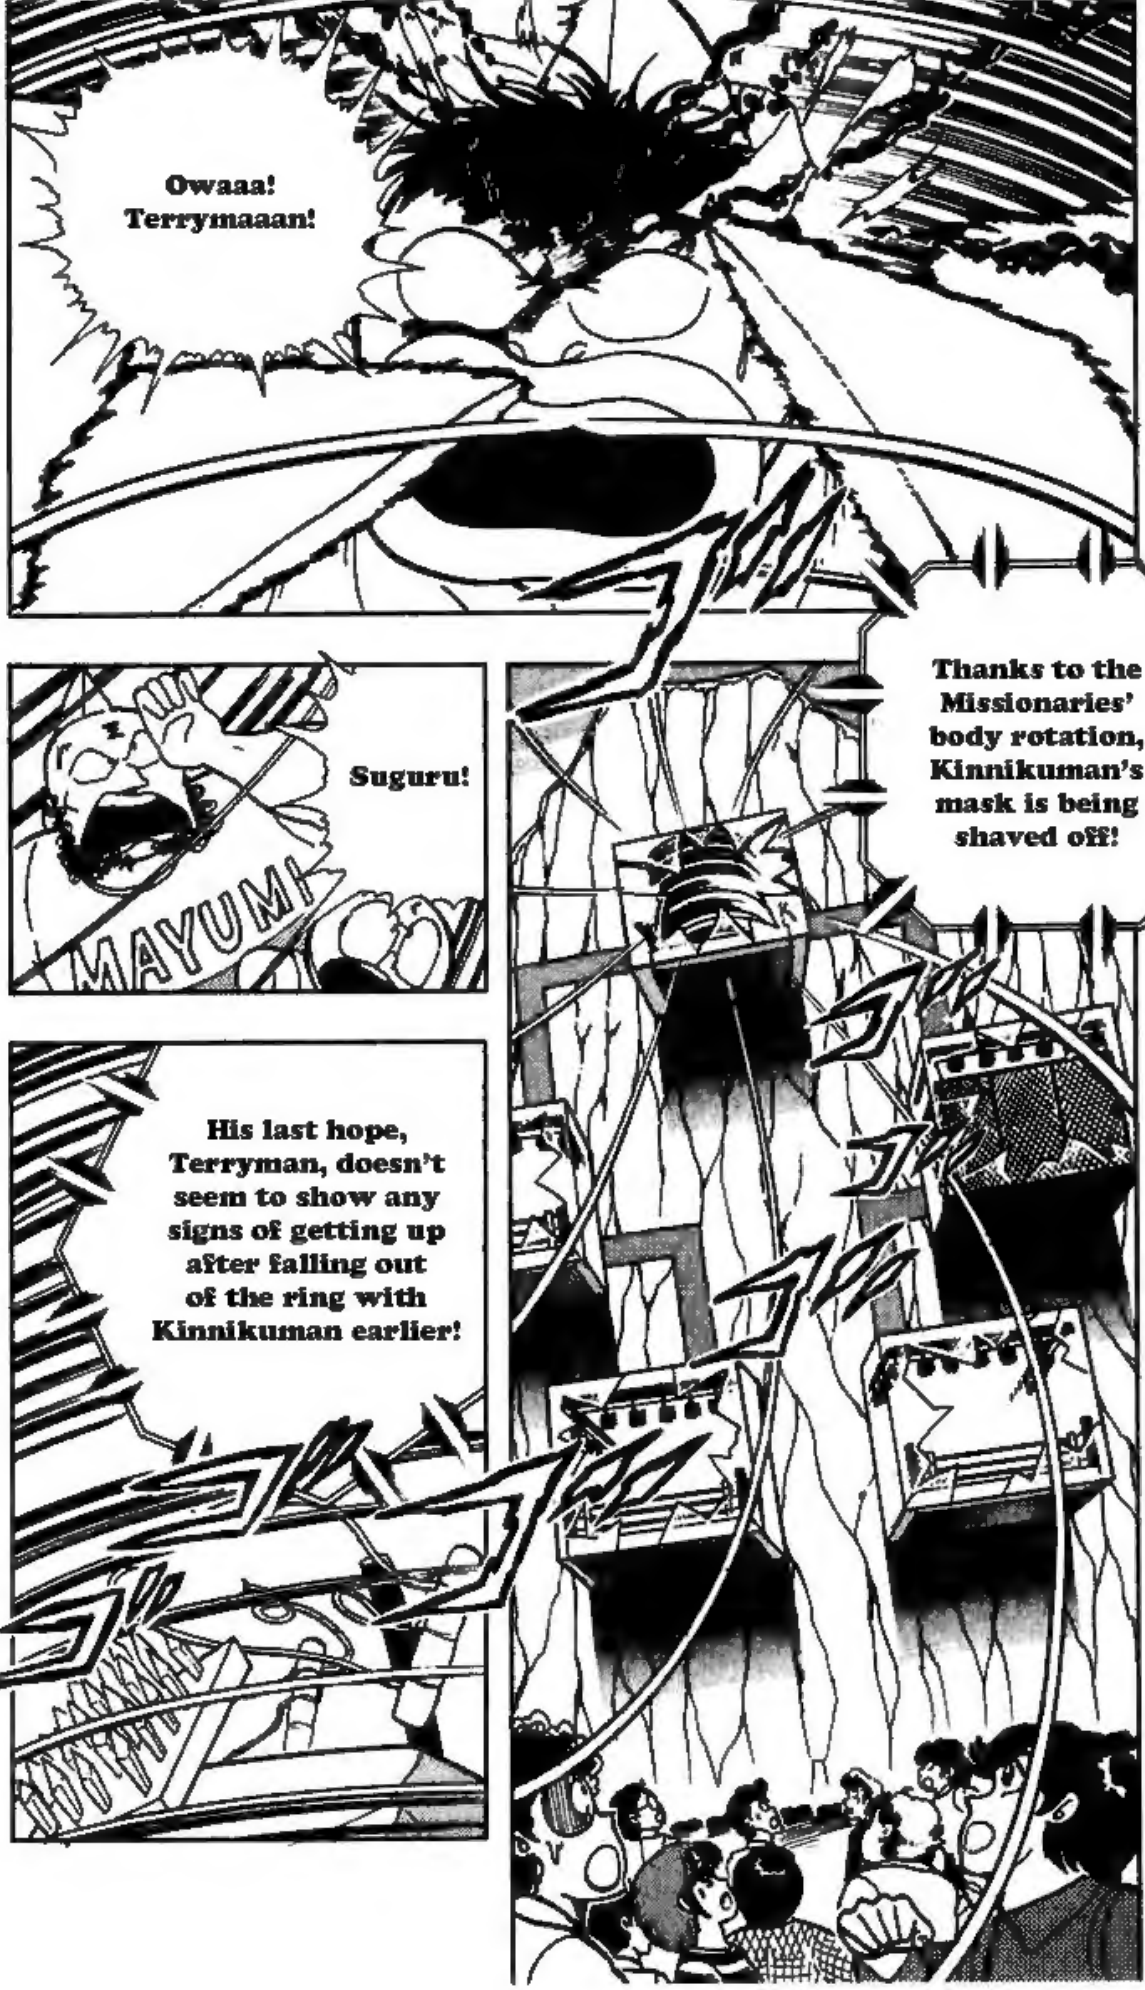
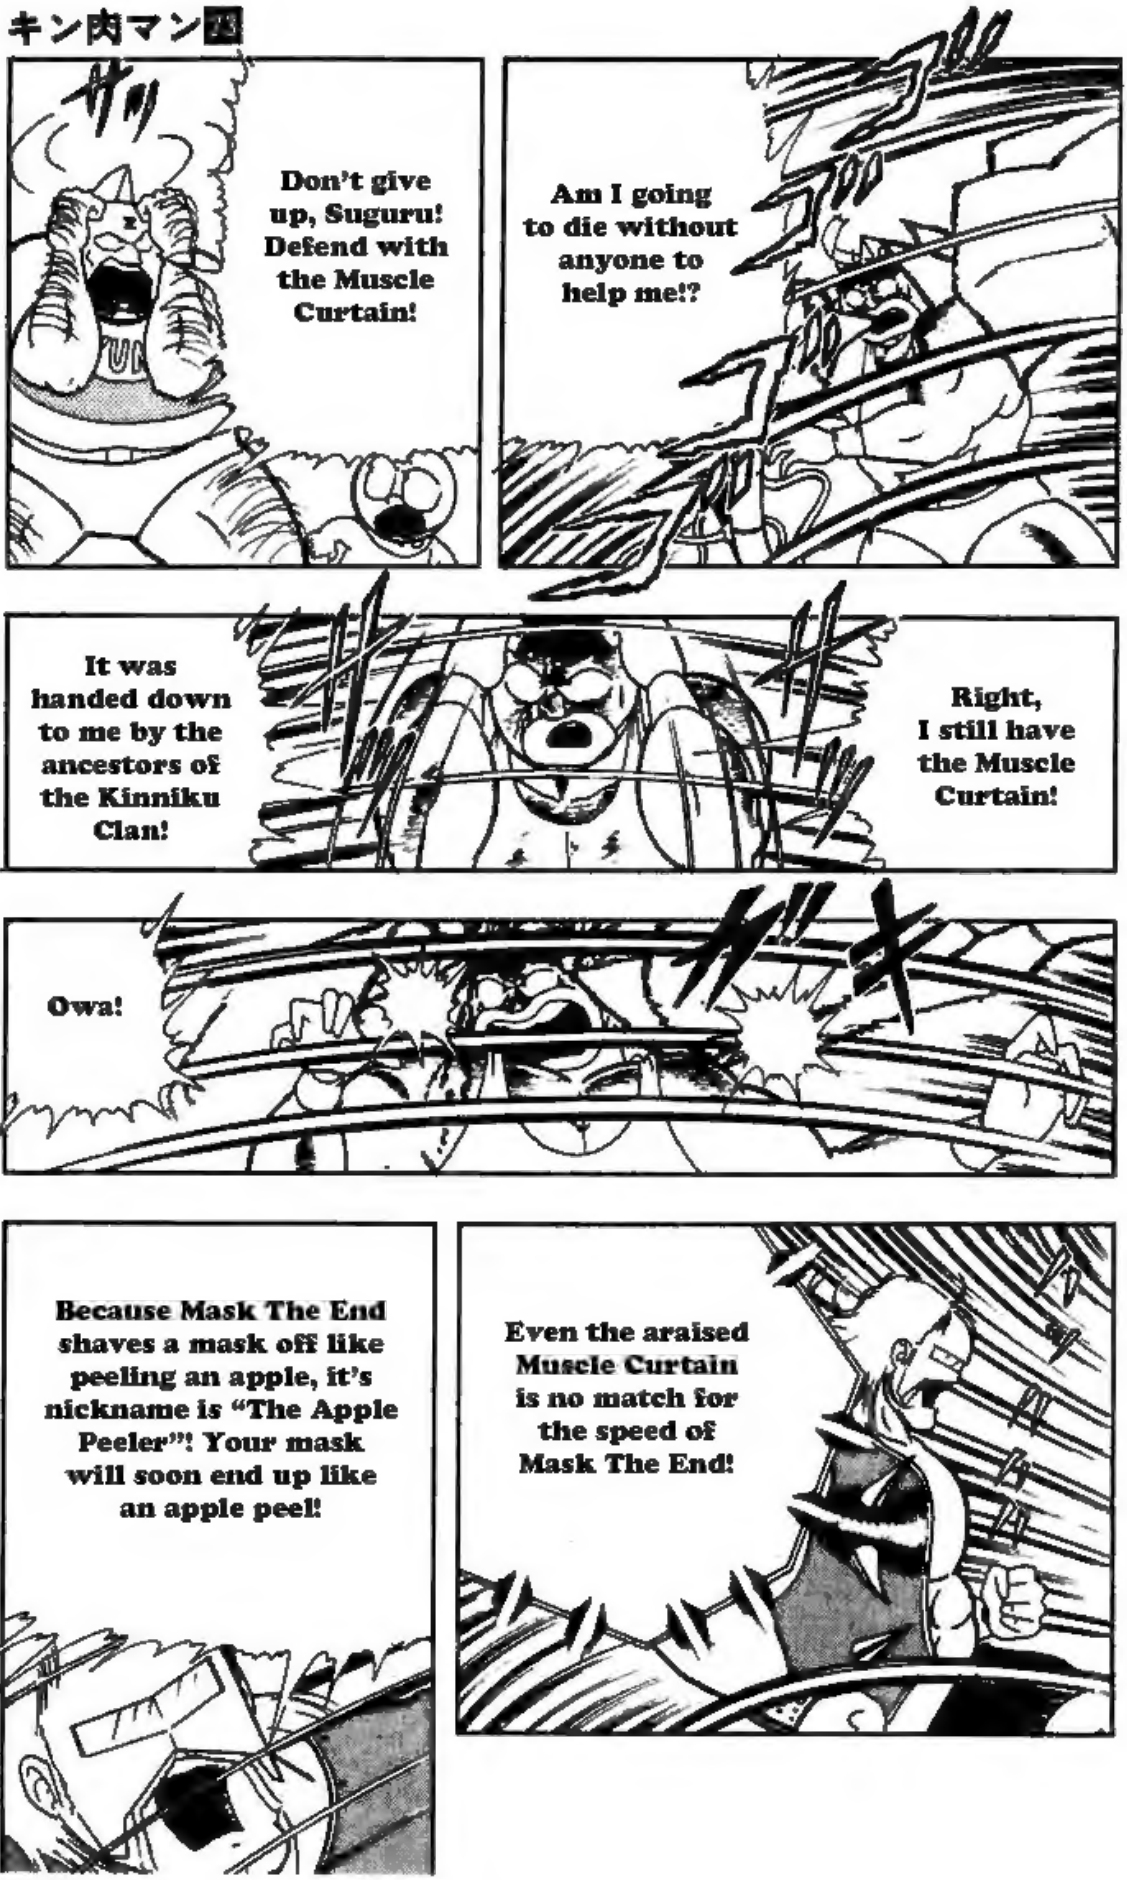
Mask-Hunt Achieved!?

Uwa!
With a minute remaining until the end of the announced Mask Hunt for Kinnikuman, the Missionaries use the deadly technique of the century: Mask The End!

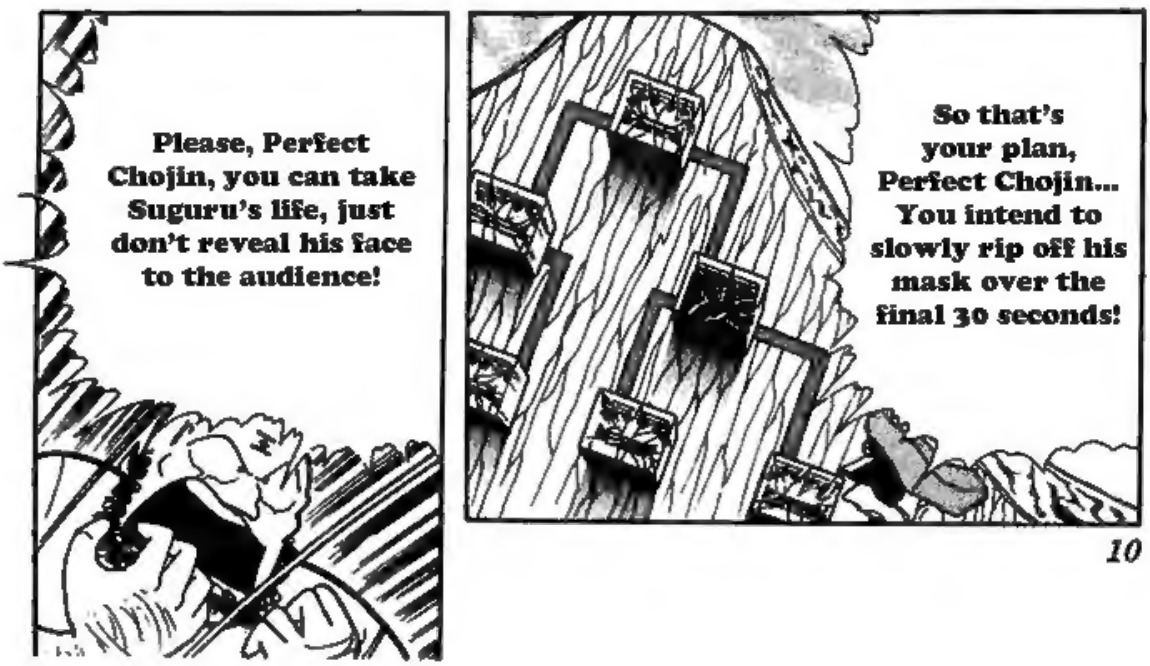


Owaaa!
Terrymaaan!
Suguru!
MAYUMI
His last hope, Terryman, doesn't seem to show any signs of getting up after falling out of the ring with Kinnikuman earlier!
Thanks to the Missionaries' body rotation, Kinnikuman's mask is being shaved off!

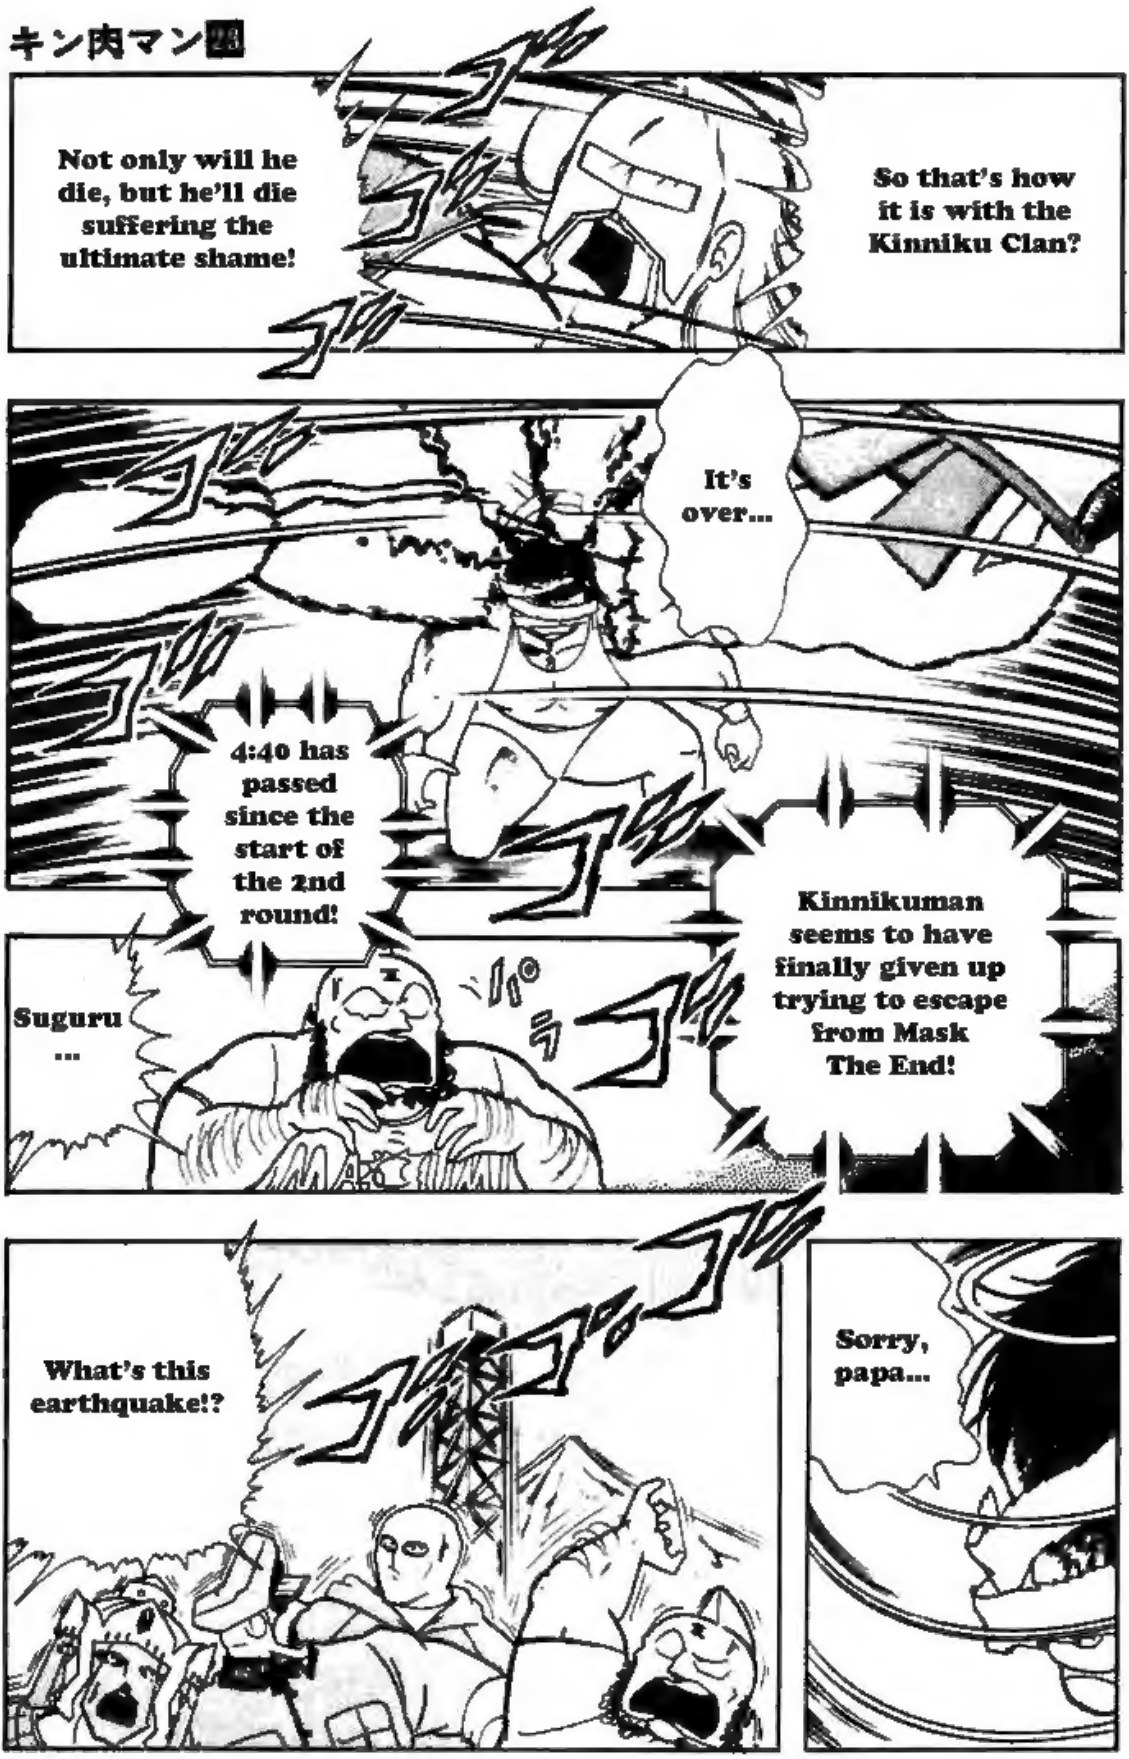


Don't give up, Suguru! Defend with the Muscle Curtain!
Am I going to die without anyone to help me!?
It was handed down to me by the ancestors of the Kinniku Clan!
Right, I still have the Muscle Curtain!
Owa!
Because Mask The End shaves a mask off like peeling an apple, it's nickname is "The Apple Peeler"! Your mask will soon end up like an apple peel!
Even the araised Muscle Curtain is no match for the speed of Mask The End!

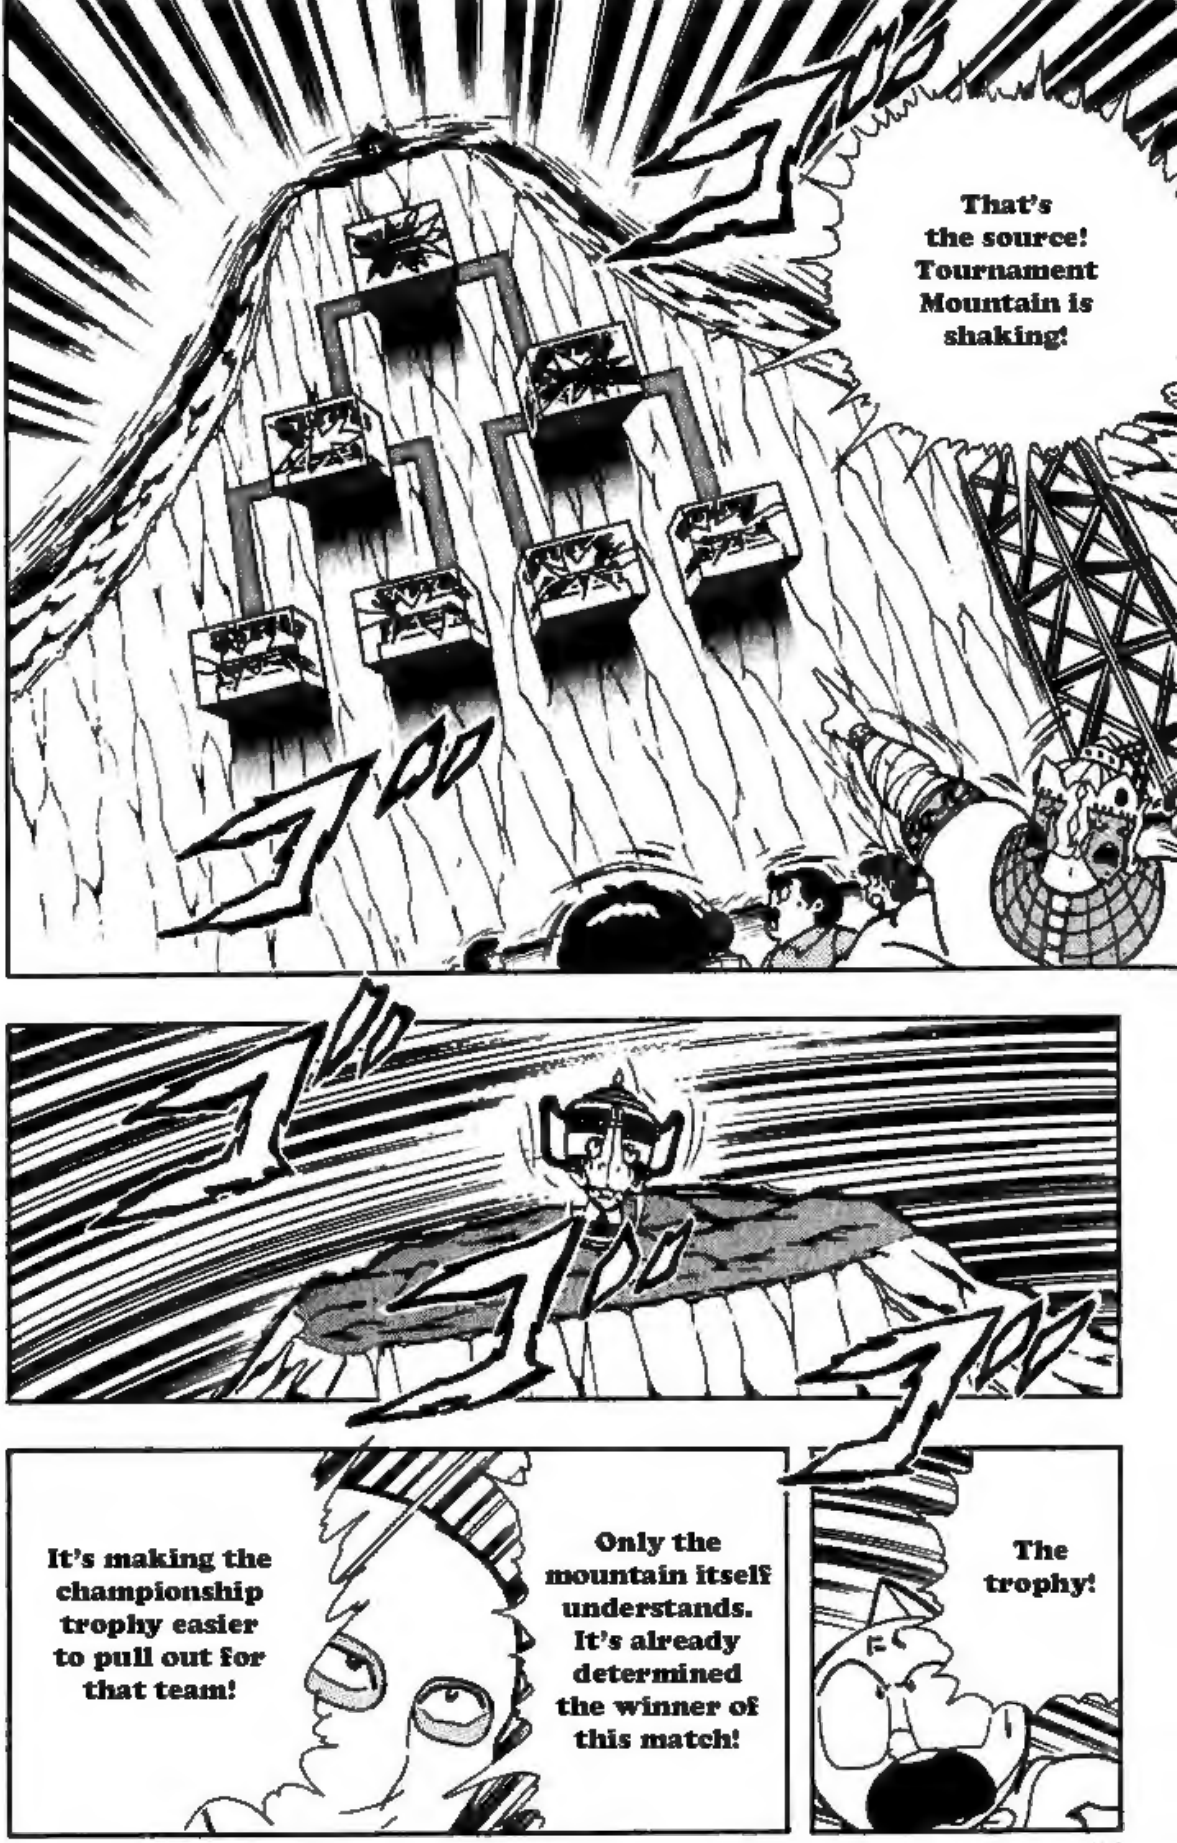
They're already down to Suguru's nose!
4:30 has passed since the start of the 2nd round!
So Kinnikuman's mask is halfway gone already...



Please, Perfect Chojin, you can take Suguru's life, just don't reveal his face to the audience!
So that's your plan, Perfect Chojin... You intend to slowly rip off his mask over the final 30 seconds!



Not only will he die, but he'll die suffering the ultimate shame!
So that's how it is with the Kinniku Clan?
It's over...
4:40 has passed since the start of the 2nd round!
Kinnikuman seems to have finally given up trying to escape from Mask The End!
Suguru ...
What's this earthquake!?
Sorry, papa...



That's the source! Tournament Mountain is shaking!
It's making the championship trophy easier to pull out for that team!
Only the mountain itself understands. It's already determined the winner of this match!
The trophy!

10 seconds left!
4:50 has passed.
That means that the Hell Missionaries are the champions!?
Ha-hahaha, Budo, the trohpy is already waiting for us to come!
3
4
5
It's been exactly 5 minutes since the start of the round, and the Mask Hunt has been achieved! Is this a straight victory for the Hell Missionaries!?
1
Ha-hahaha, it'll be fun to see the face under the mask!
2

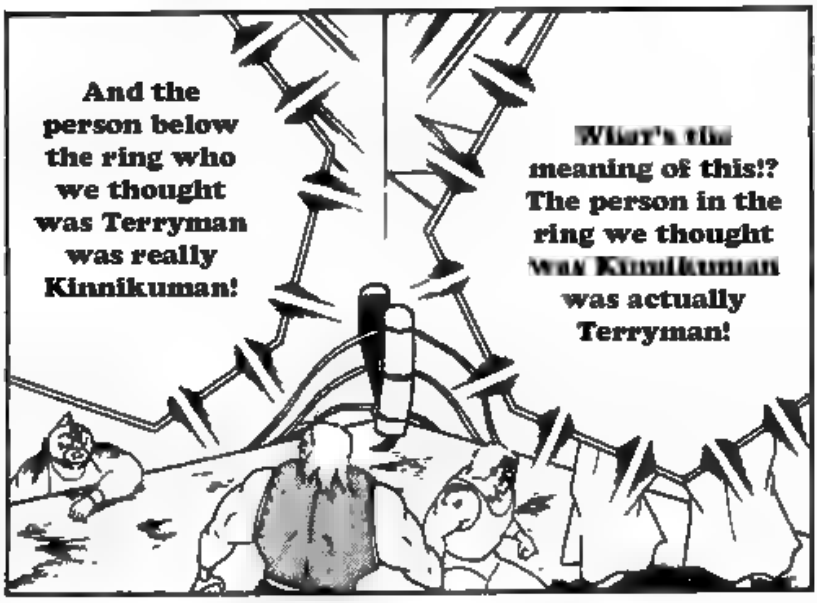
ホ゛ ホ゛。。

You're the mask pathetic Masked Chojin I've ever faced, Kinnikuman!
Your mask has been taken, yet you still hide your face.
Prince ...
This is the end of this era of the Kinniku Clan!
Show us your face!
Has the shock of your mask being removed finally caught up to you?
Heh heh heh heh... Hahahaha!
Well?
Do you see, Kinnikuman? This is my once-in-a-lifetime strategy!

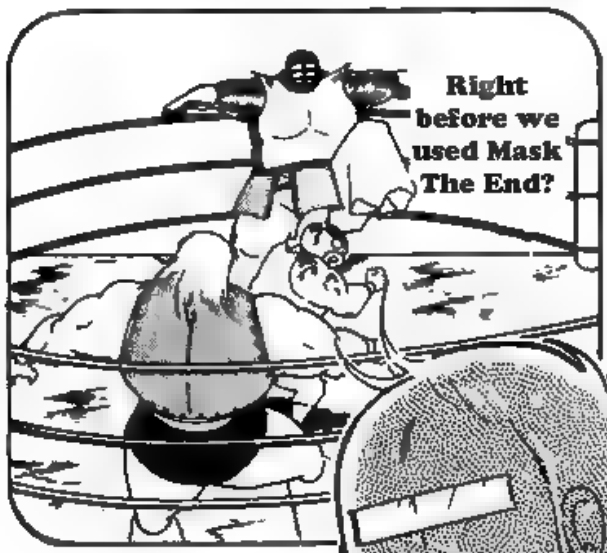
Kinnikuman!

Terryman!?
Don't look at my face!

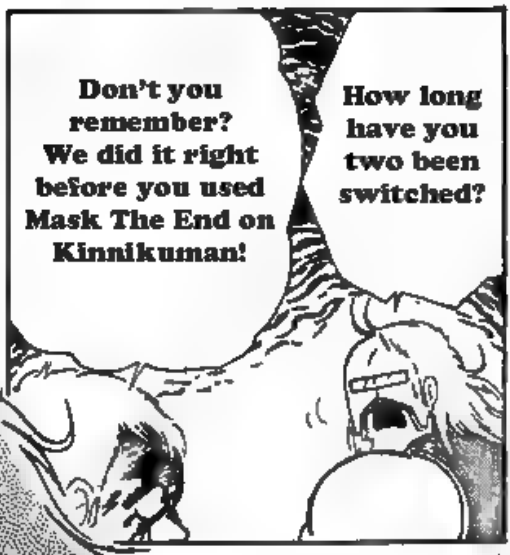
What exactly happened...!?



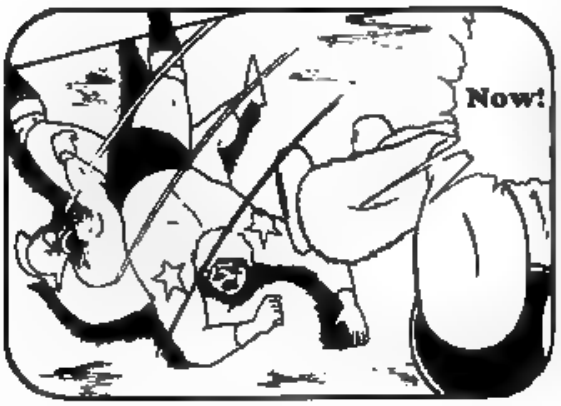
And the person below the ring who we thought was Terryman was really Kinnikuman!
What's the meaning of this!? The person in the ring we thought was Kinnikuman was actually Terryman!



Right before we used Mask The End?

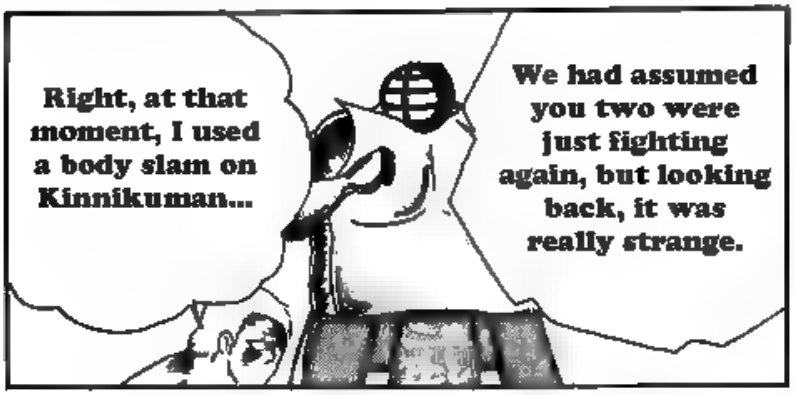


Don't you remember? We did it right before you used Mask The End on Kinnikuman!
How long have you two been switched?

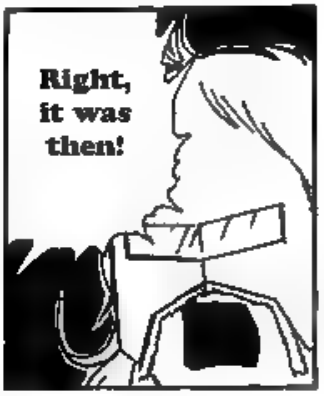


Now!

The Hell Missionaries have begun the Mask Hunt!

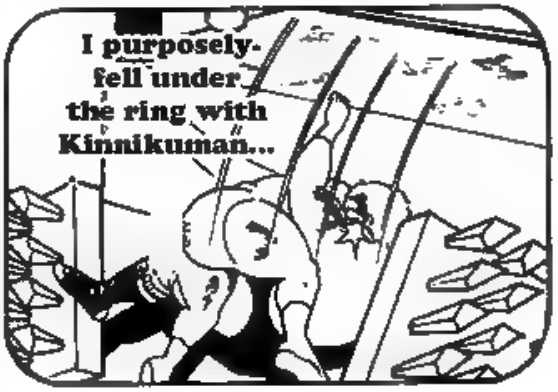


Right, at that moment, I used a body slam on Kinnikuman...
We had assumed you two were just fighting again, but looking back, it was really strange.

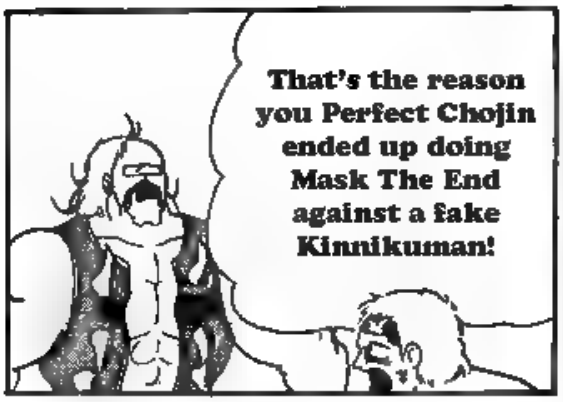


Right, it was then!

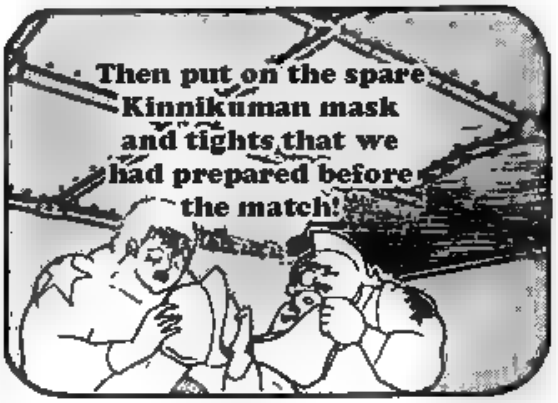
Then we quickly crawled under the mat...



I purposely fell under the ring with Kinnikuman...



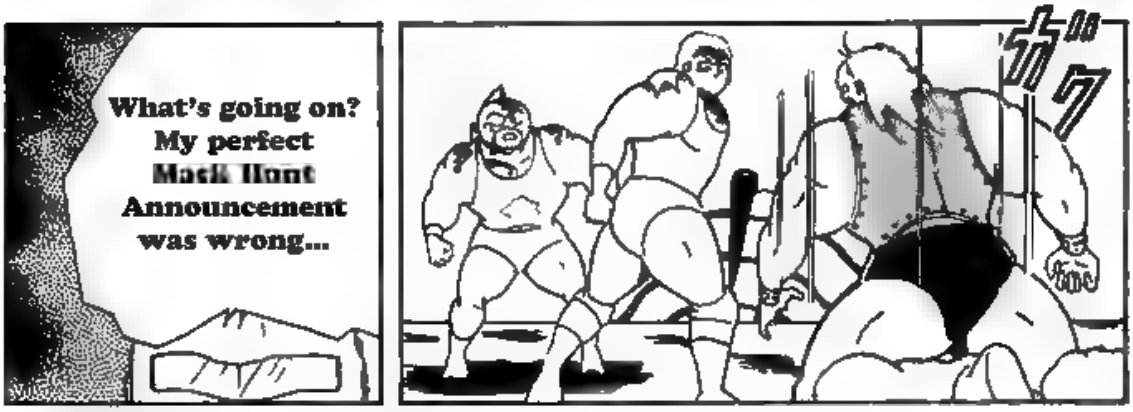
That's the reason you Perfect Chojin ended up doing Mask The End against a fake Kinnikuman!



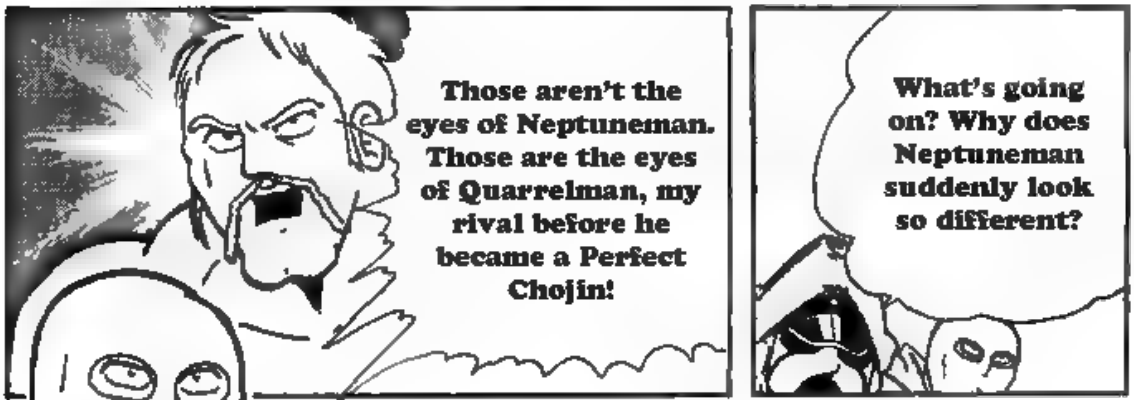
Then put on the spare Kinnikuman mask and tights that we had prepared before the match!

As you were using Mask The End on him, I was resting under the ring!

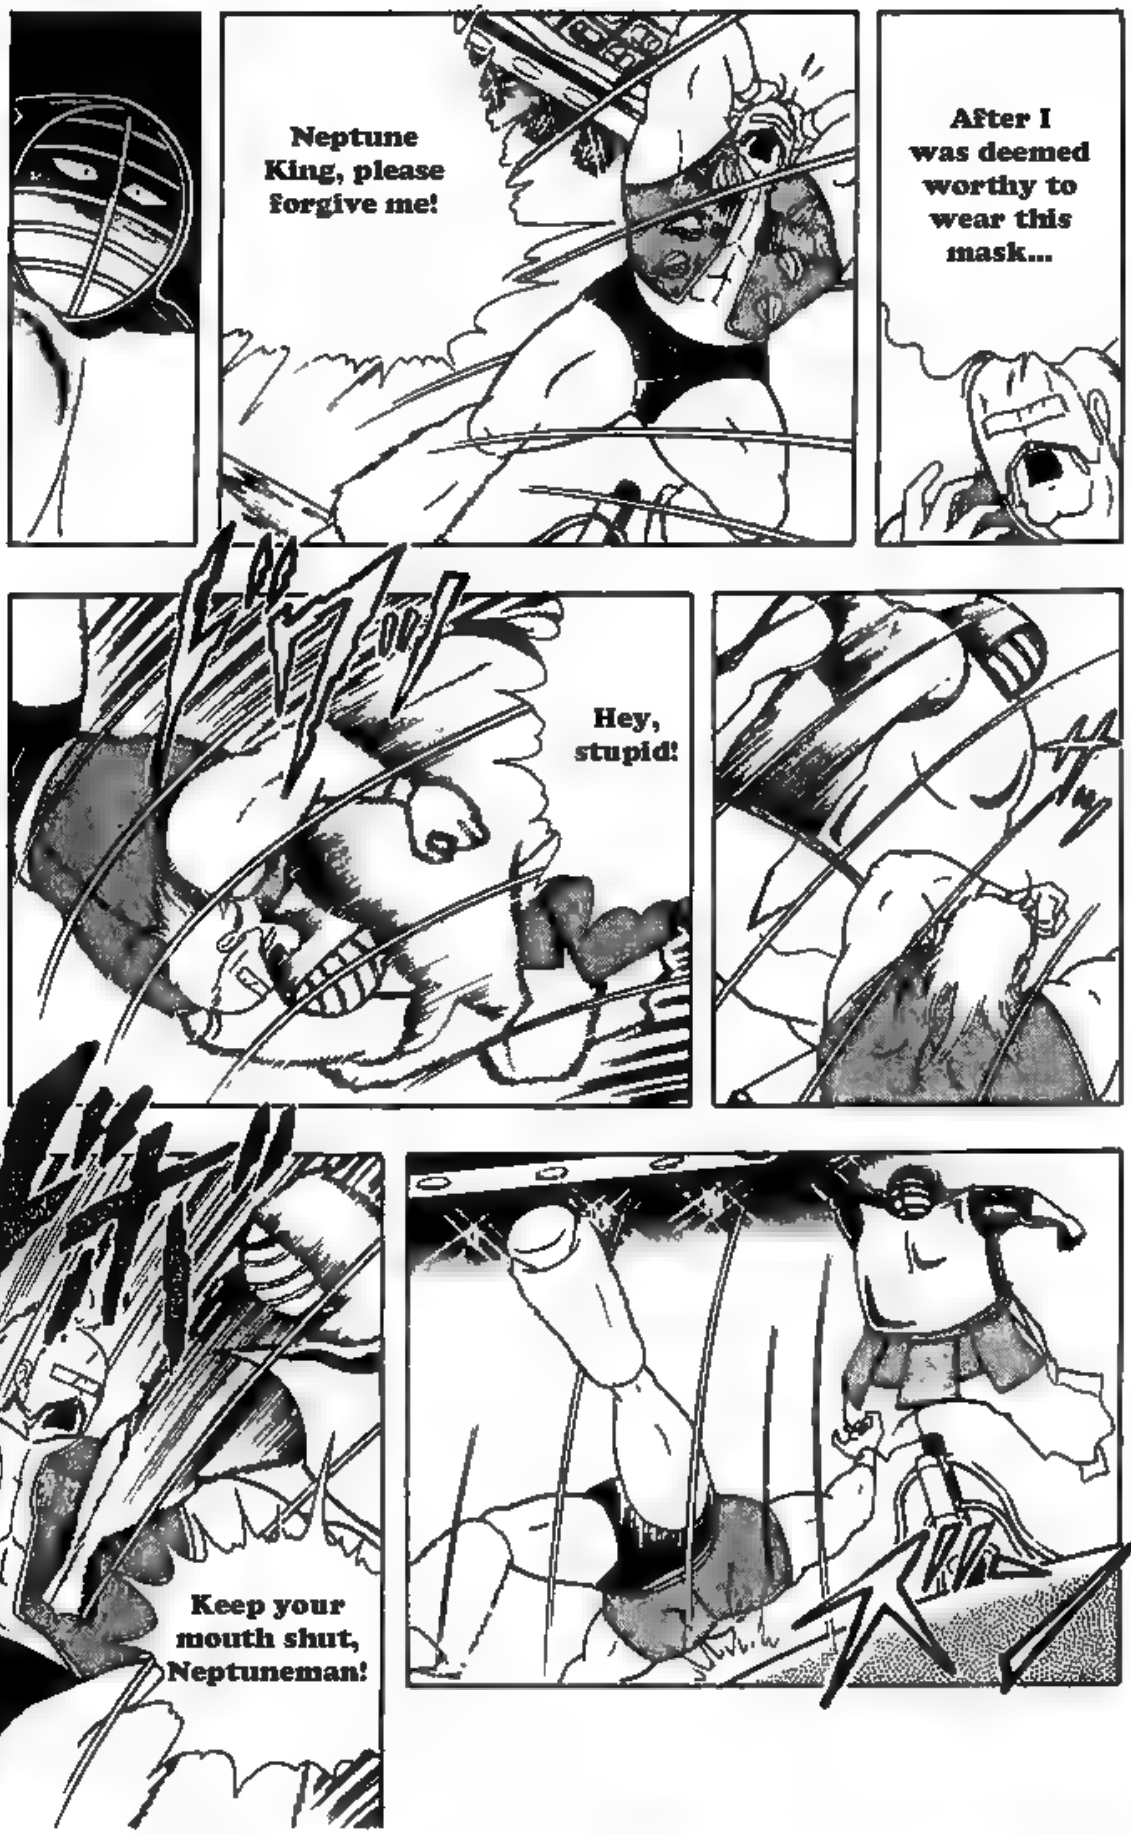
Thanks to a risky trick from The Machineguns, the Hell Missionaries' Mask Hunt annoncement's perfect streak has been broken!



What's going on? My perfect Mask Hunt Announcement was wrong...



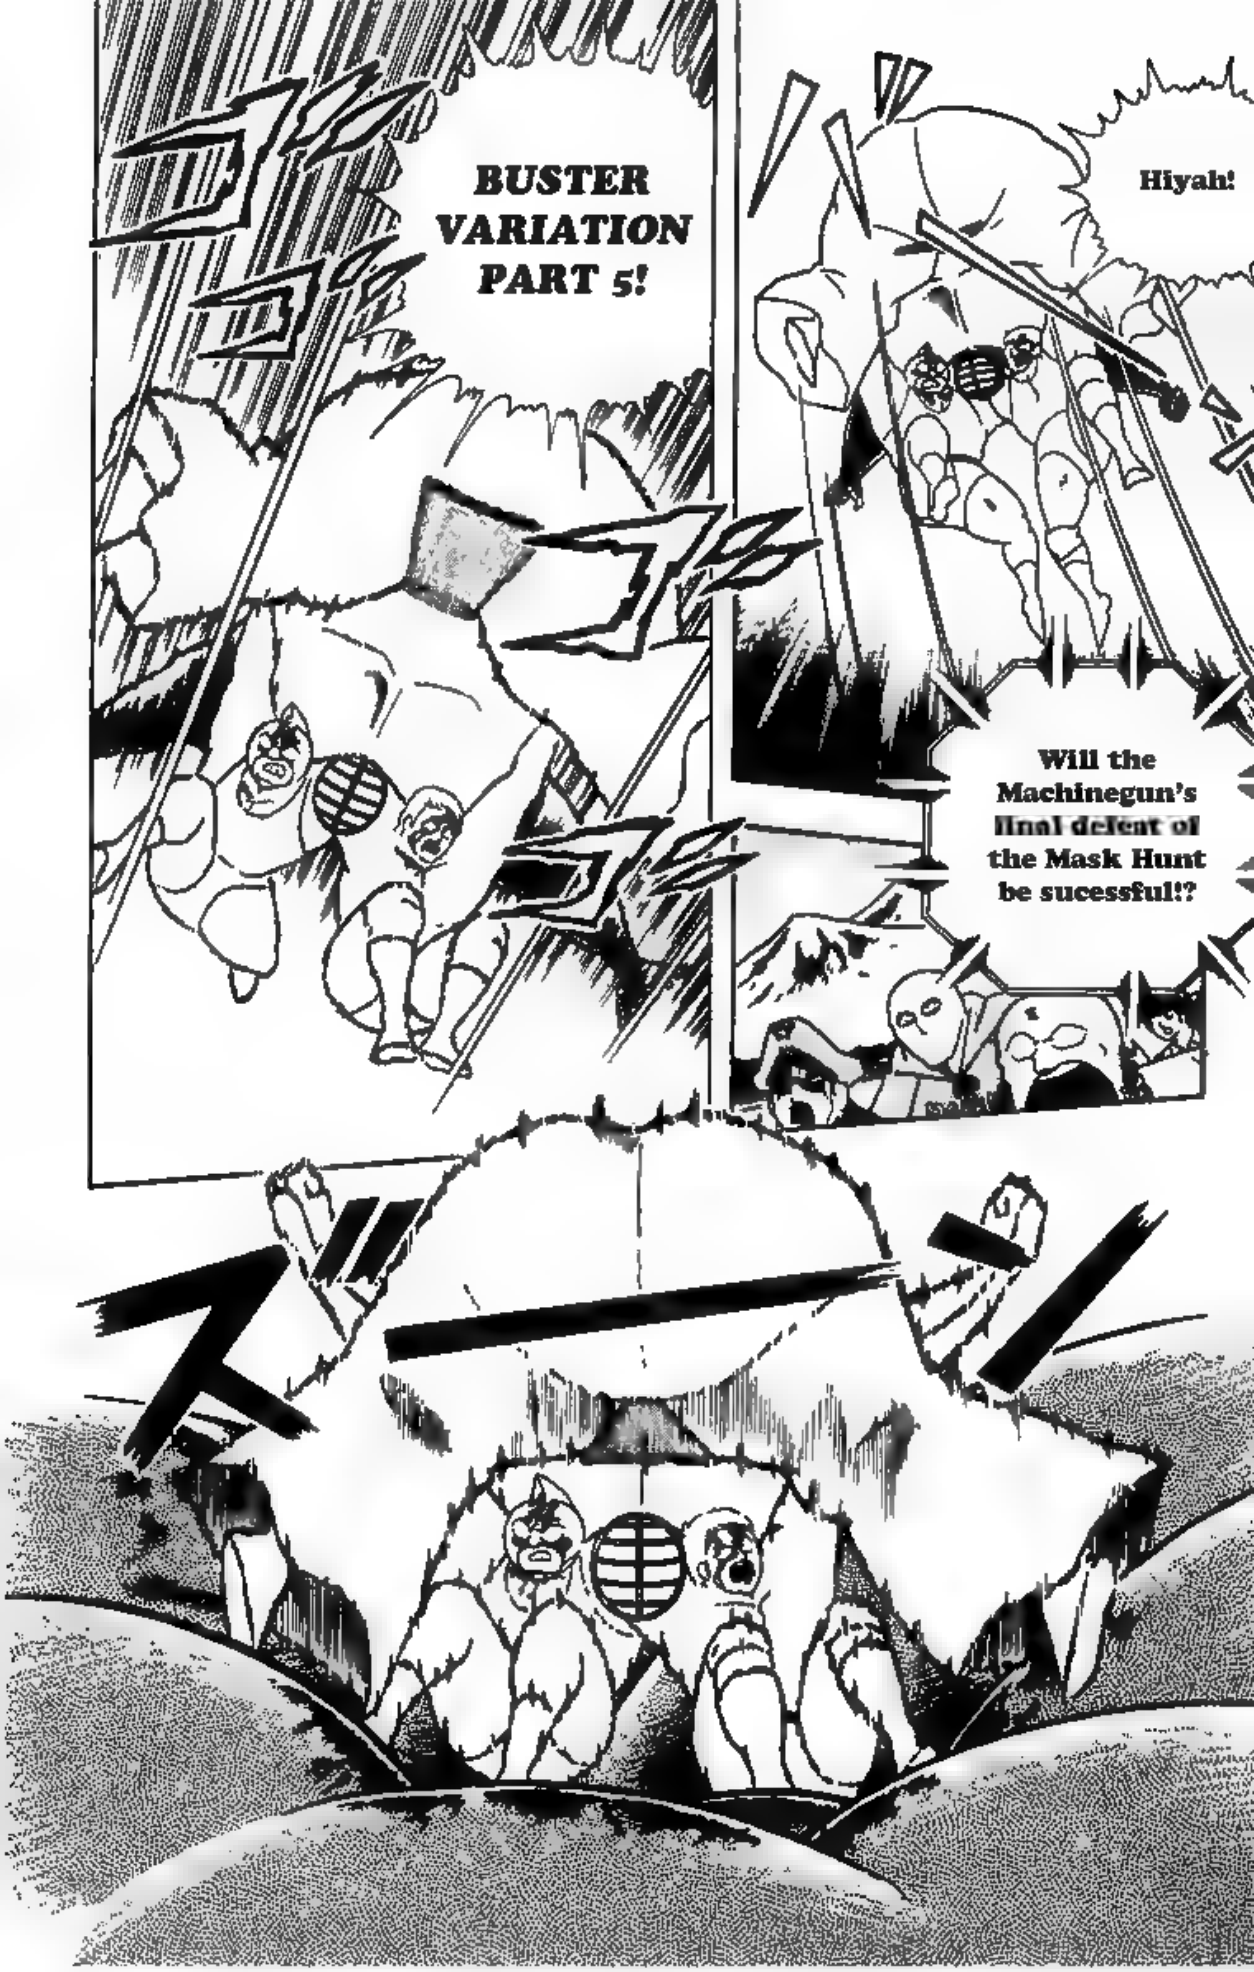
Those aren't the eyes of Neptuneman. Those are the eyes of Quarrelman, my rival before he became a Perfect Chojin!
What's going on? Why does Neptuneman suddenly look so different?



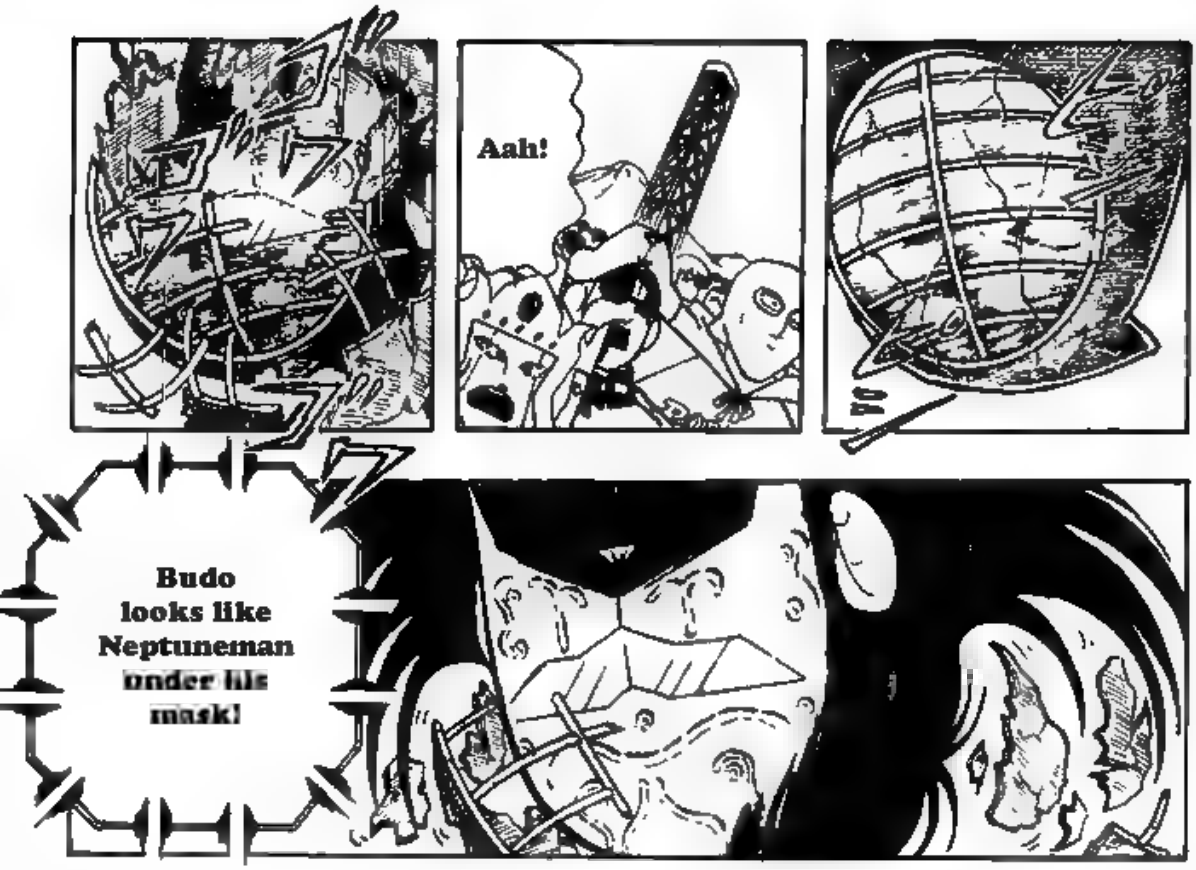
Neptune King, please forgive me!
After I was deemed worthy to wear this mask...
Hey, stupid!
Keep your mouth shut, Neptuneman!

Neptuneman, who had lost his composure a moment ago, is calmed down by the sudden outburst from Big the Budo!
!
Damn, my mask...
Let's go!
I guess there's only one way to find out...
Terry, are you thinking what I'm thinking?

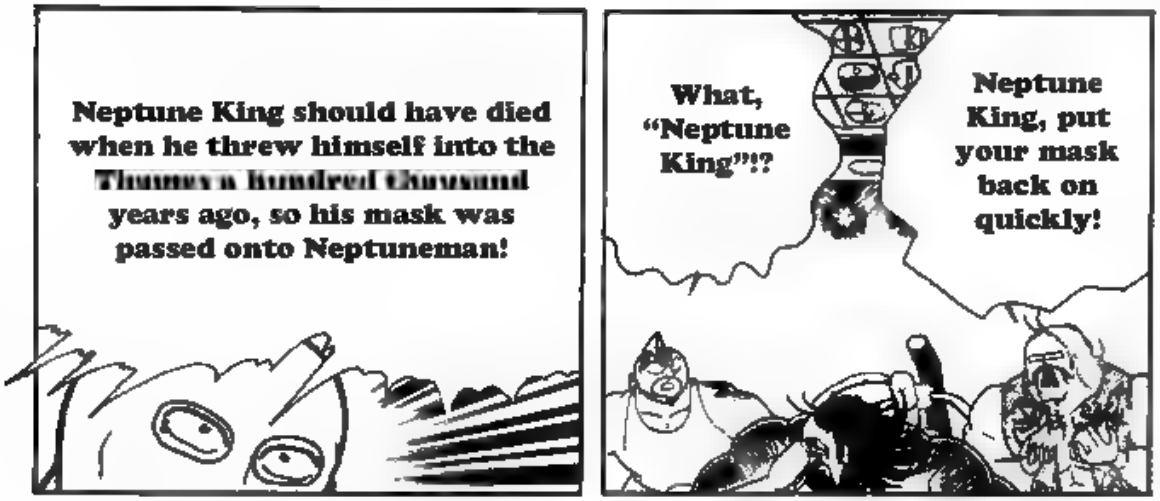
!?
What's going on? The Machineguns are attacking not the team leader Neptuneman, but Big the Budo!
Geeh!
Working together, The Machineguns have placed Budo's huge body in a Kinniku Buster!
Hiyah!
No, I understand why Kinnikuman is aiming for Budo...!
What is defeating that punching bag supposed to accomplish? What are they thinking!?



BUSTER VARIATION PART 5!
Hiyah!
Will the Machinegun's final defeat of the Mask Hunt be sucessful!?



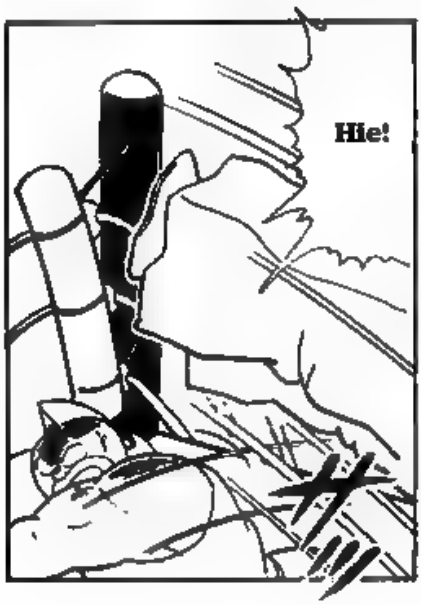
Aah!
Budo looks like Neptuneman under his mask!



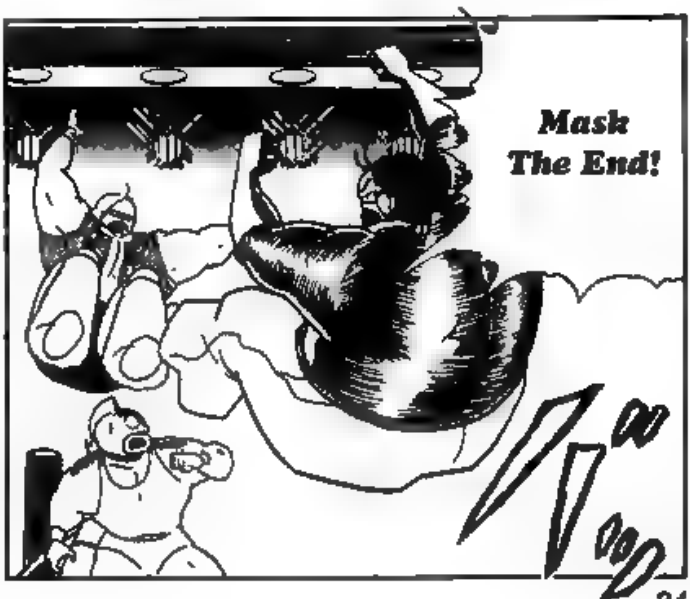
Neptune King should have died when he threw himself into the Thames a hundred thousand years ago, so his mask was passed onto Neptuneman!
What, "Neptune King"!?
Neptune King, put your mask back on quickly!

We all thought he was the brains behind the operation, but ultimately it was you, Neptune King!
With Neptuneman as the leader of the Perfect Chojin, this guy was able to pull the strings without anyone going after him!

I can't die before accomplishing my goals!
Gurorororo... I still have too much work left to do in this world!



Hie!



Mask The End!

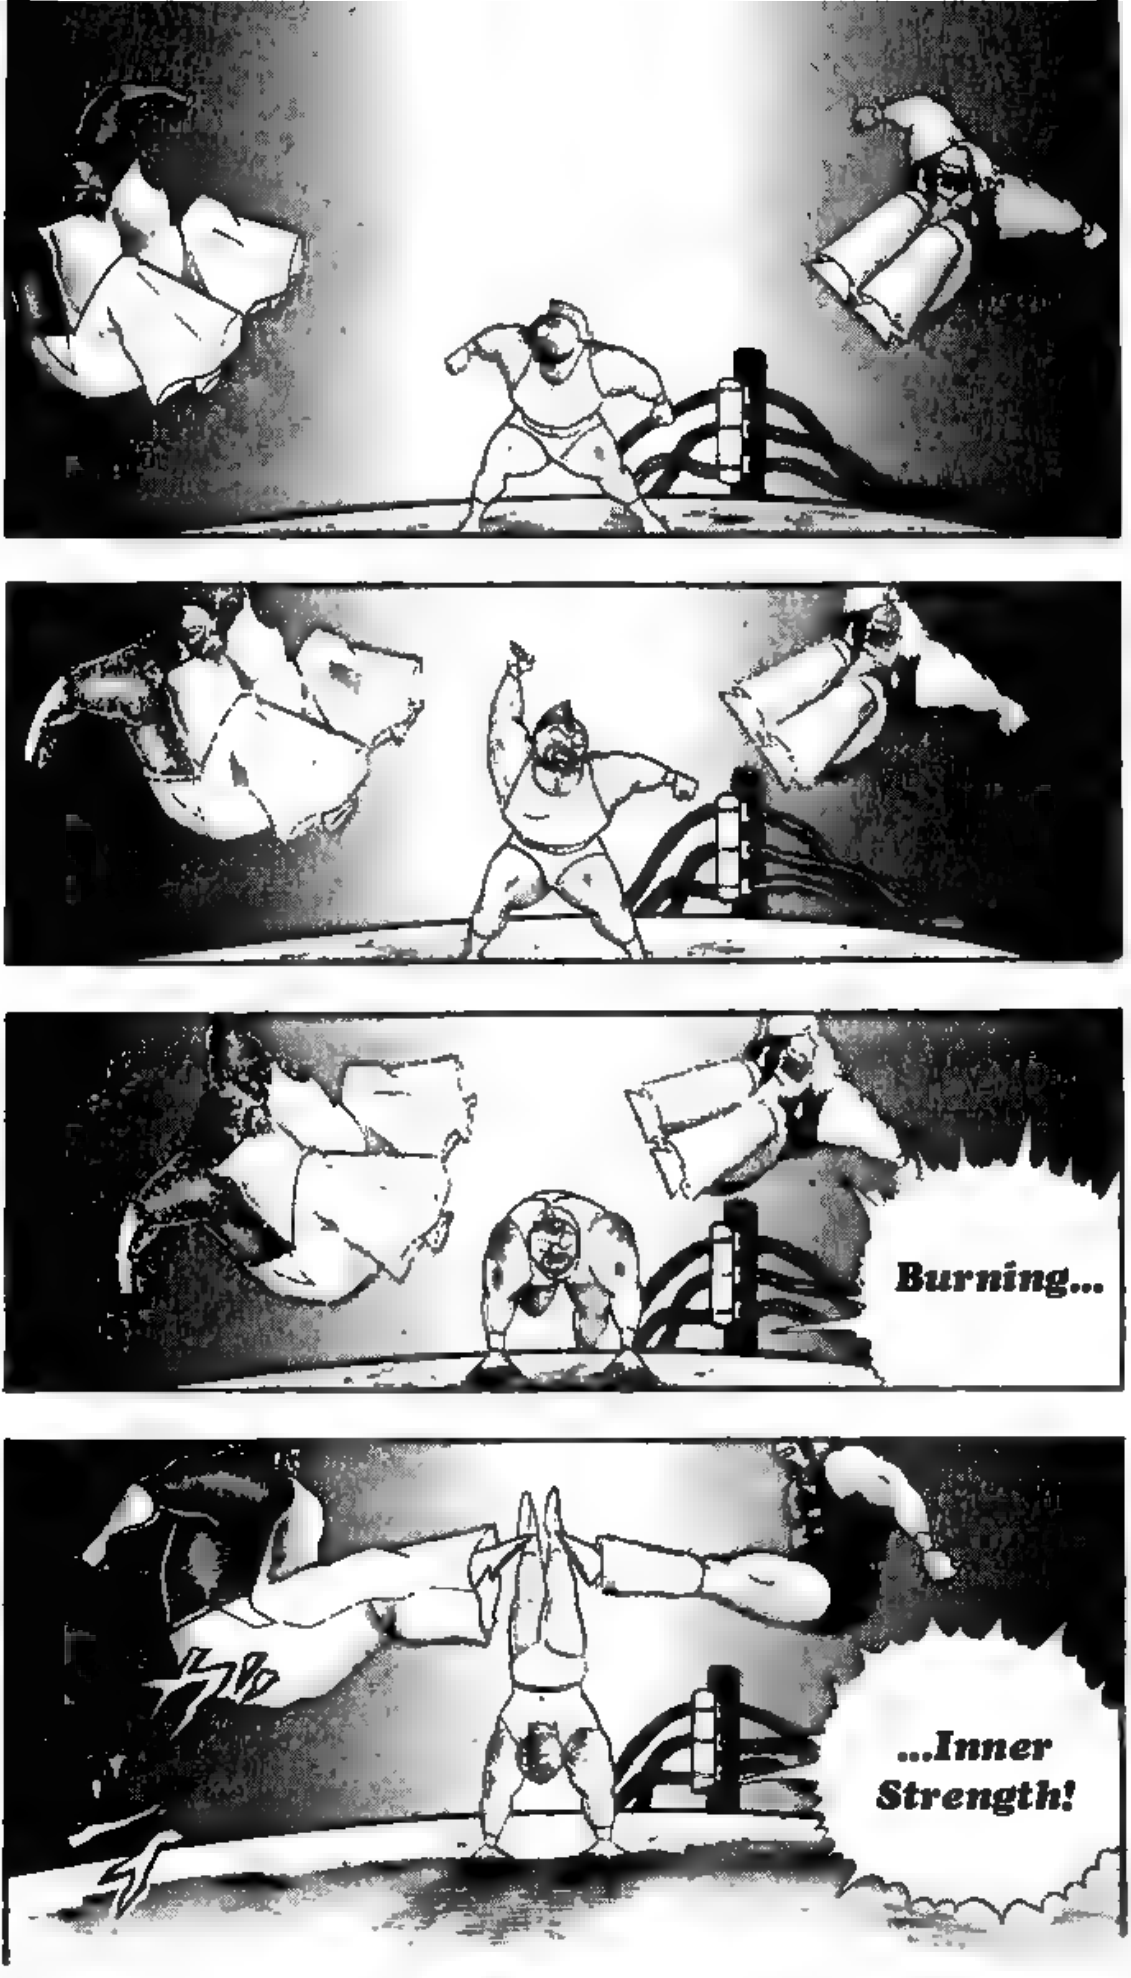
You won't get away this time!
What amazing power! They've smashed the steel post!
Burning Inner Strength!
Owa!
Kinnikuman has avoided Mask The End with a hand-stand!

Secret of the Perfects!

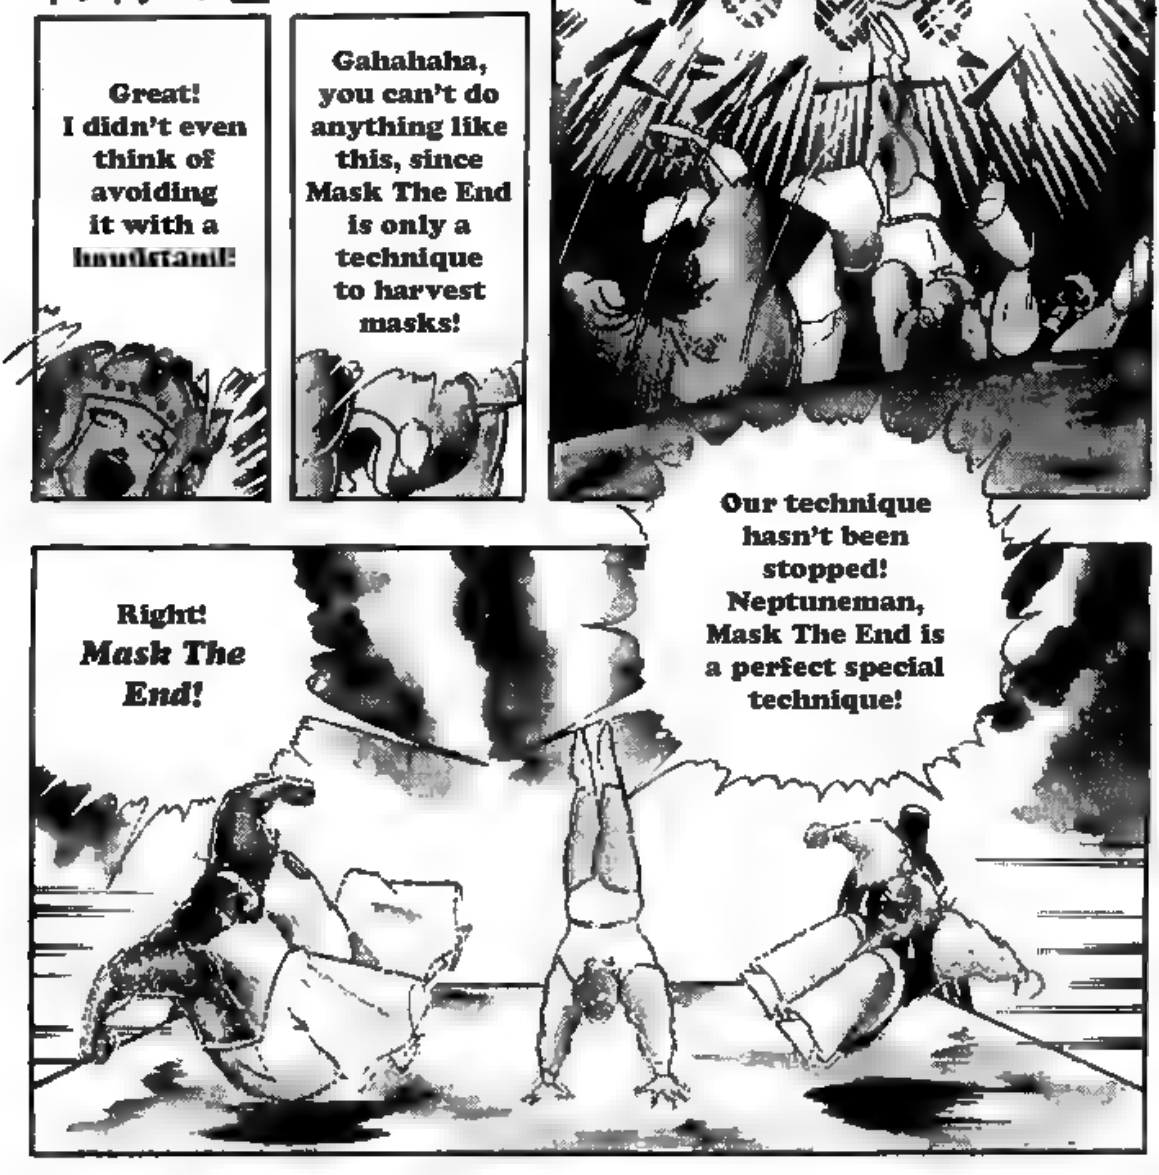
Runner up:
TERRYMAN
No comment.
10. TERRYMAN
Being higher than Terryman is proof that you readers respect me!
7. MONGOLMAN
Between the votes for Ramenman and Mongolman, I got more votes than before!
8. WARSMAN
(In a coma, can't reply)
9. KINNIKUMAN GREAT
(can't reply)
6. KINNIKUMAN
I demand a recount!
5. ASHURAMAN
There've been rumors about me joining the Justice Chojin... Get over it, because that's not going to happen!
4. RAMENMAN
I'm still in the hospital but knowing I'm 4th is the best medicine!

TOP 10 FAVORITES

1. BUFFALOMAN
I'm greatful to all you readers. The world of Chojin wrestling is a world of true power. You can't survive without that! In the next series, I hope to keep fighting the Devil Chojin along with the Justice Chojin!
3. BROCKEN JR.
Most of my fans are the female readers... Kinnikuman would curse me for that.
2. ROBIN MASK
The Chojin Tag Arc is at it's climax! As the strategist for the Justice Chojin, I'm rooting for The Machineguns.



Burning...
...Inner Strength!



Great! I didn't even think of avoiding it with a Inuidstami!
Gahahaha, you can't do anything like this, since Mask The End is only a technique to harvest masks!
Right! *Mask The End!*
Our technique hasn't been stopped! Neptuneman, Mask The End is a perfect special technique!
No, we're too low!
The Hell Missionaries have dropped themselves to aim for Kinnikuman's head near the ground!

The actions of Perfect Chojin are always perfect!
I'm sure that even this failure will help us take Kinnikuman's mask in the longrun!
It's futile!
Be silent!
Hmph... You seem to believe that you're perfect, but...
...nobody in the audience agrees with that!
You were perfect when you took the masks from Warsman, Robin Mask, Ashurman, Mongolman, and the Great Mask from my face!
What?

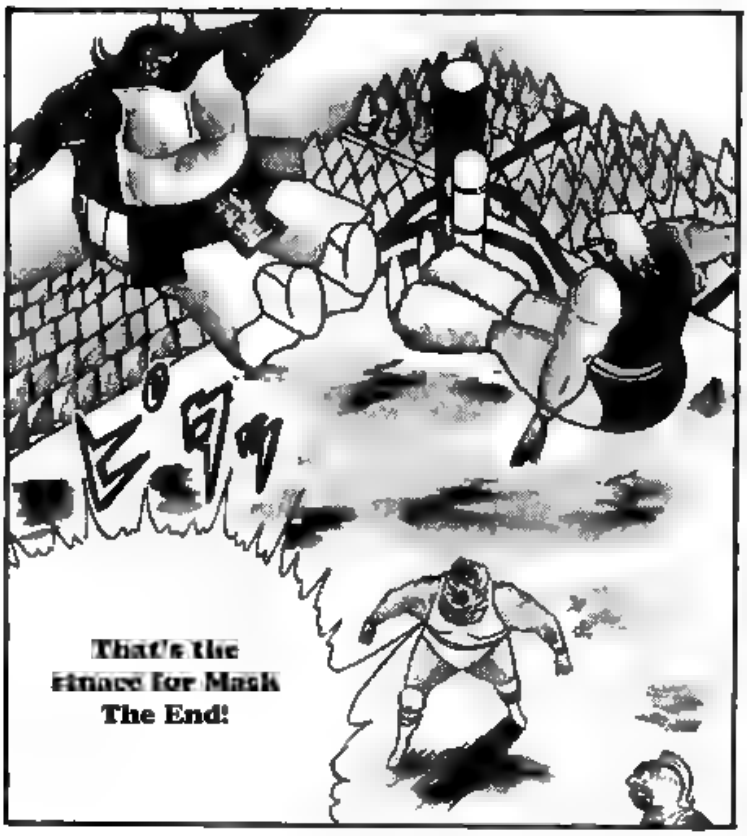
However, you failed to take Kinnikuman's mask within the time you announced!
You two are now nothing more than spoiled brats who bark at everyone else for being imperfect!
You two are no different than the Brutal Chojin who are just out for blood!
Right, it's just like Terryman says!
At least the Devil Chojin, Buffaloman and Ashuraman, still had their passion!
Huh?
Well, Neptuneman, when exactly did our Mask Hunt fail?

That's what an inferior Chojin thinks!

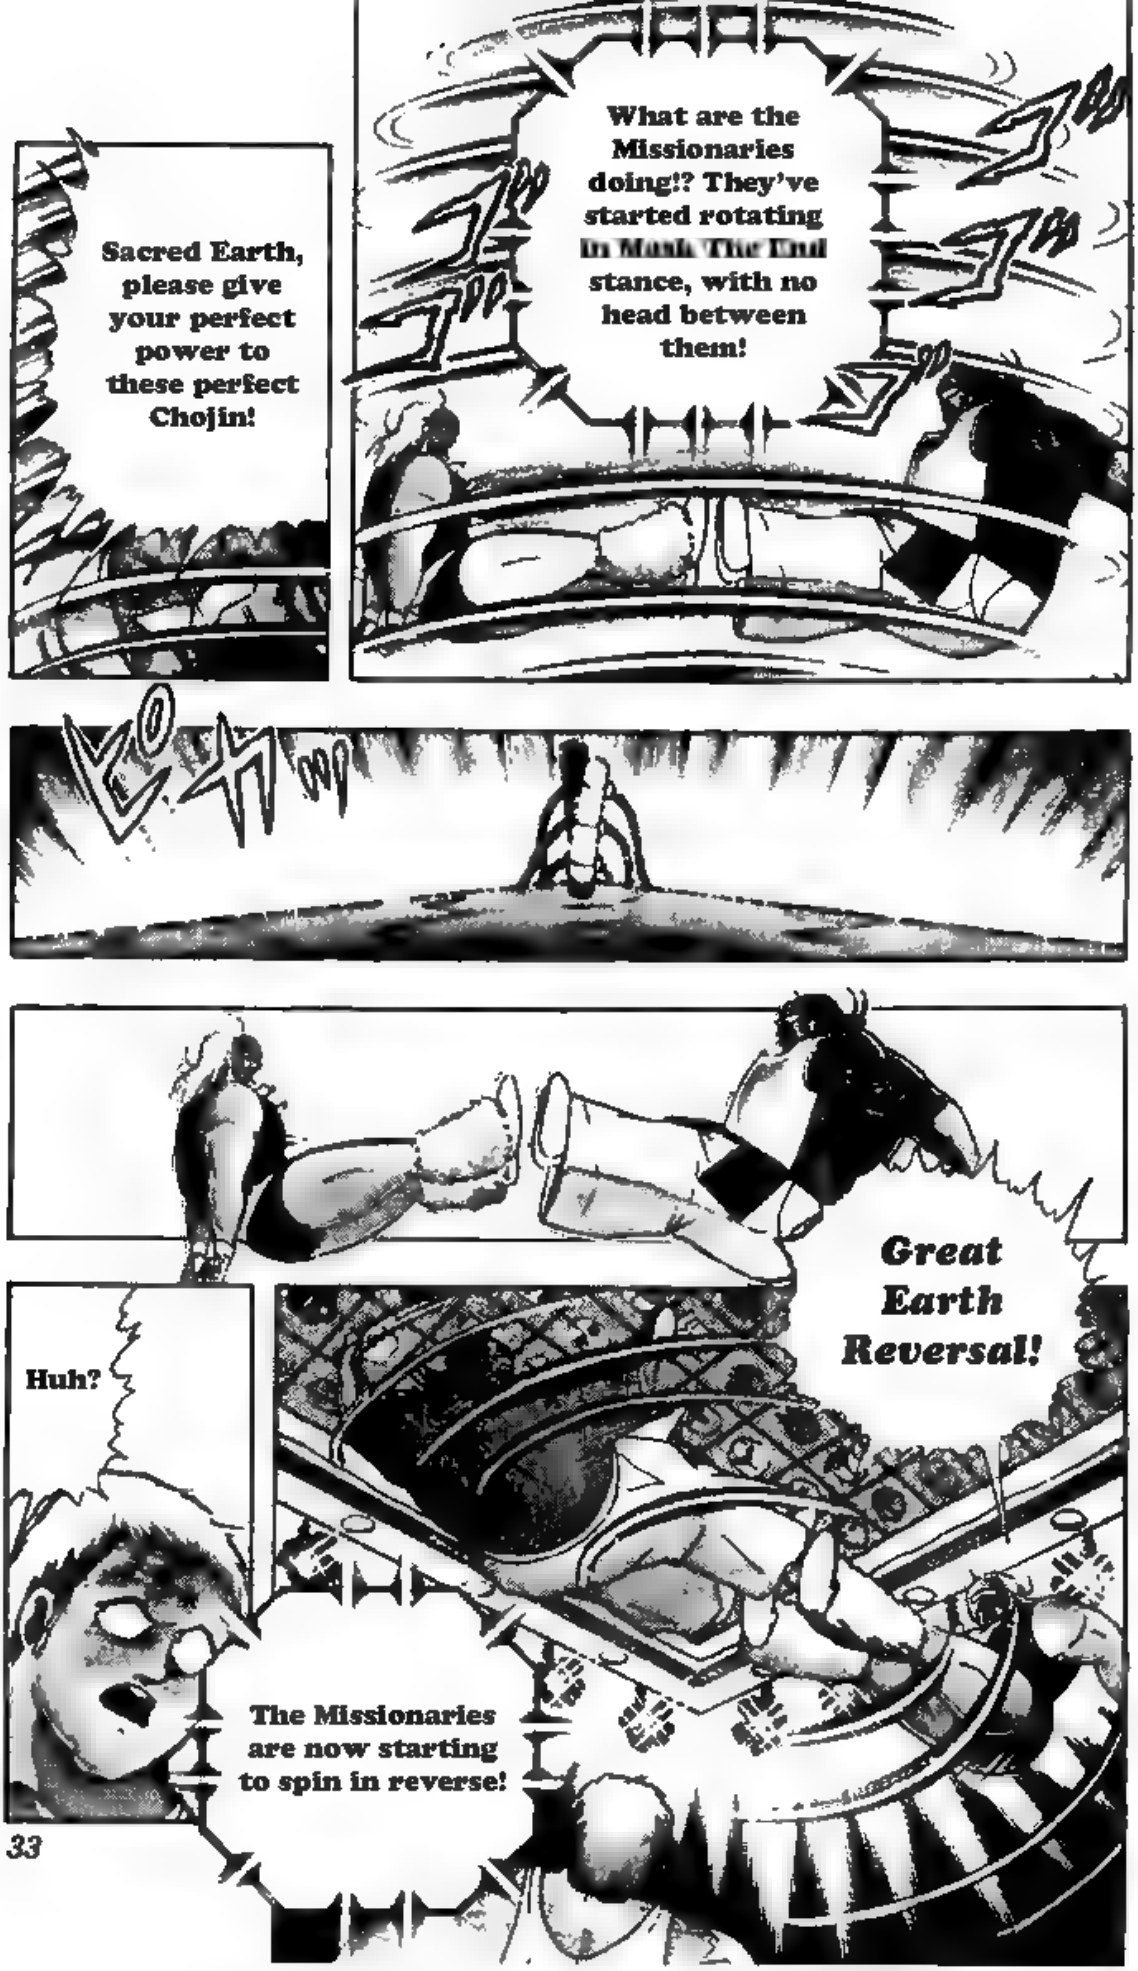
Play dumb all you want, we both know that you said you'd take my mask 5 minutes after the start of this round!
Now it's been over 8 minutes since round 2 started!

You think that once time has passed that it's over, but we Perfect Chojin can even bring back lost time!

What's so funny!?



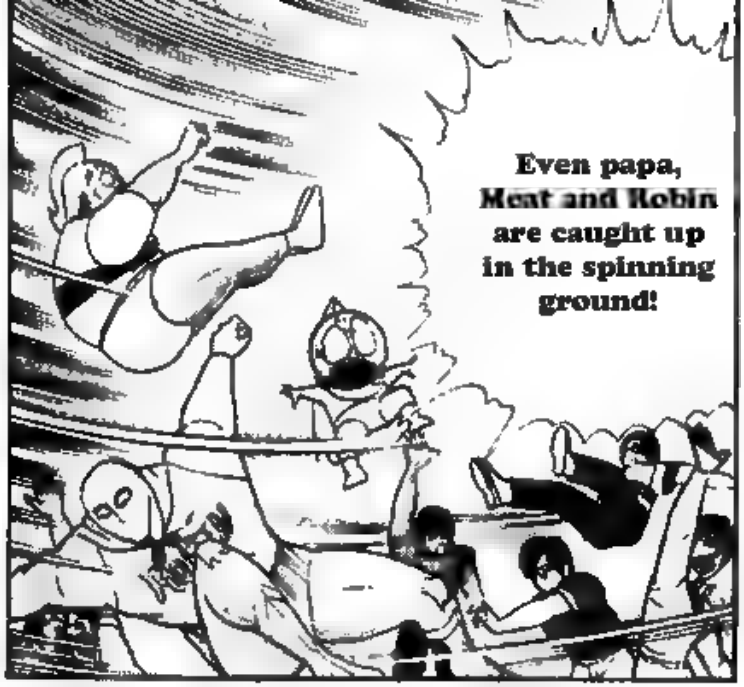
That's the finish for Mask
The End!



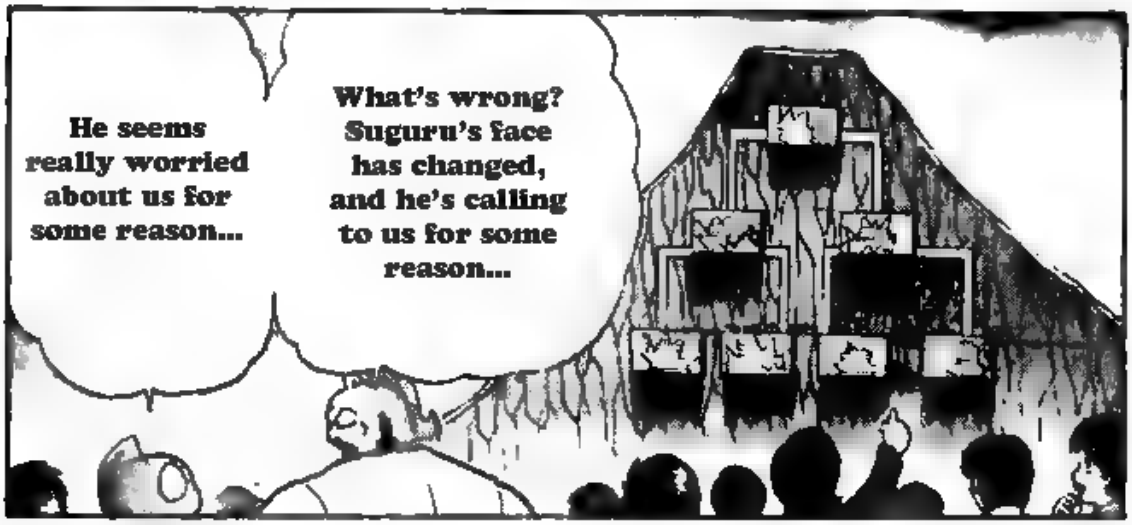
Sacred Earth, please give your perfect power to these perfect Chojin!
What are the Missionaries doing!? They've started rotating in Monk The End stance, with no head between them!
Great Earth Reversal!
Huh?
The Missionaries are now starting to spin in reverse!

The ground is spinning around Tournament Mountain!

Hey, are you all alright?

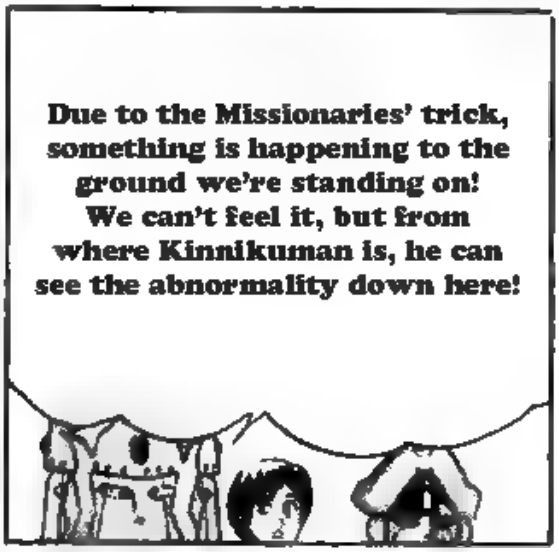


Even papa, Meat and Robin are caught up in the spinning ground!

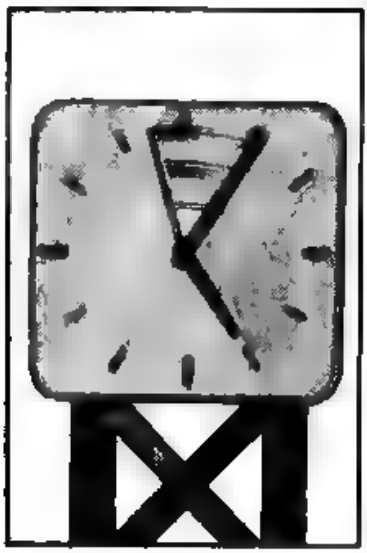


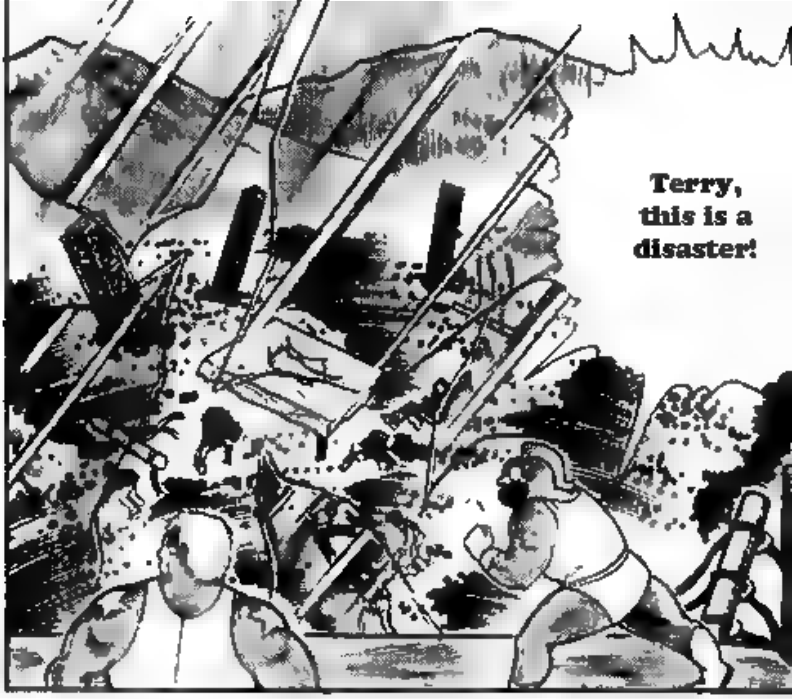
He seems really worried about us for some reason...
What's wrong? Suguru's face has changed, and he's calling to us for some reason...

The second hand on the clock is spinning in reverse!



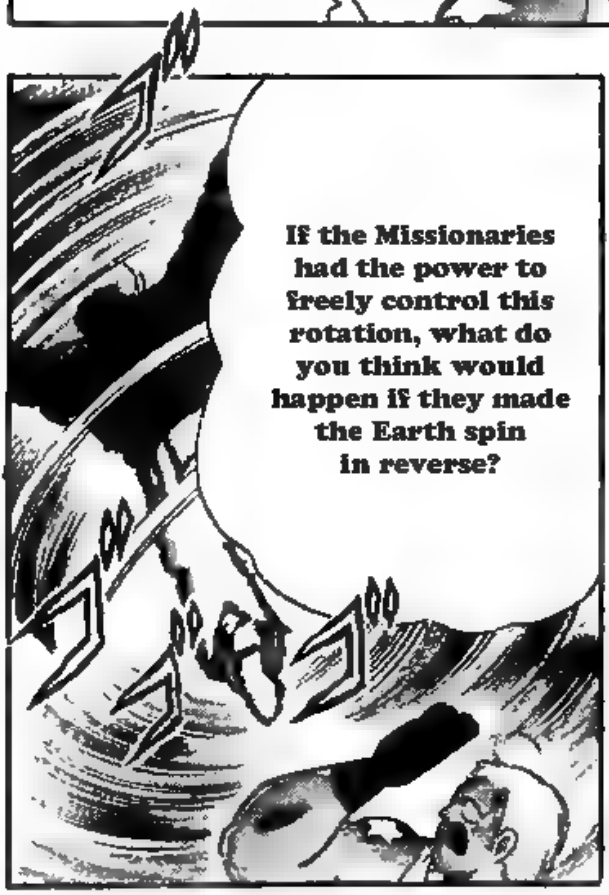
Due to the Missionaries' trick, something is happening to the ground we're standing on! We can't feel it, but from where Kinnikuman is, he can see the abnormality down here!





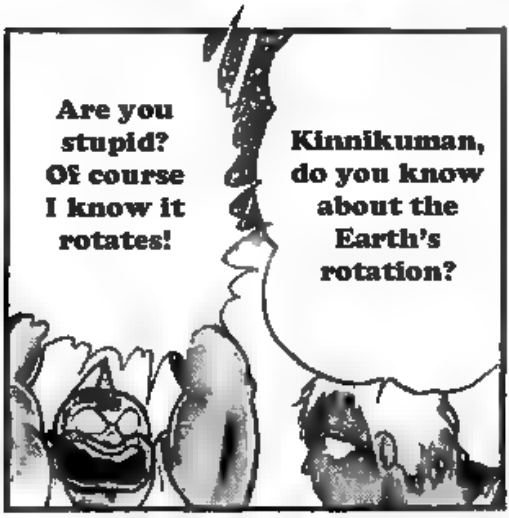
Terry, this is a disaster!

You're saying they're turning back time!?
Look! Earlier the clock showed that 8 minutes had passed since the start of the match, but now it says only 5 minutes have passed!



If the Missionaries had the power to freely control this rotation, what do you think would happen if they made the Earth spin in reverse?

Is it some kind of a trick!?
How are they doing this?

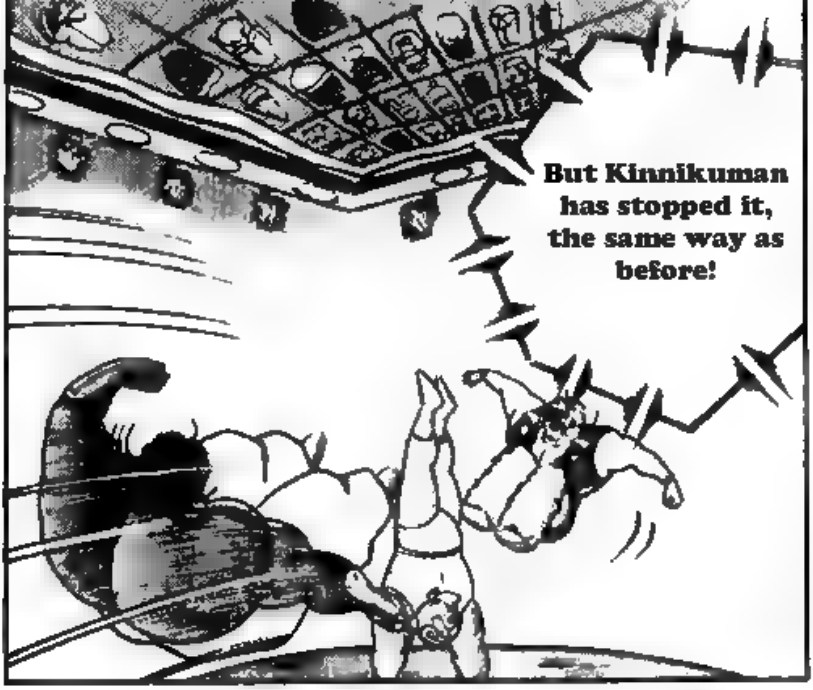


Are you stupid? Of course I know it rotates!
Kinnikuman, do you know about the Earth's rotation?

Of course, this moving ground is due to the rotation!
If they could do that, then they could turn back time to before!
Rotation can't be felt by the body if you're above the ground! This hell that we're seeing can't even be felt by the people below us!
These Missionaries have a terrifying power!

The ground seems to have stopped moving, too!
They've finally stopped spinning!
What?
Inferior Chojin, look at the time!
It should be 8 minutes after the start of the round, but only a single second has passed!
Yes, they have!
Now that you mention it, I think we have less wounds on our bodies, too!
ああ

It can't be! They're Chojin who can manipulate the Earth's rotation!
That means that we've also gone back to the beginning of your Mask Hunt!
Ha-hahaha! Kinnikuman, we've gone back to the start of the second round!
I realize now that you're one with the Earth, which has infinite energy! That's the secret of your power!
Kinnikuman, this time we'll take that mask of yours for sure!
Even when they have no Magnet Power left, the Earth is their power source!
Take this: *Mask The End*!
We can't win against these monsters!

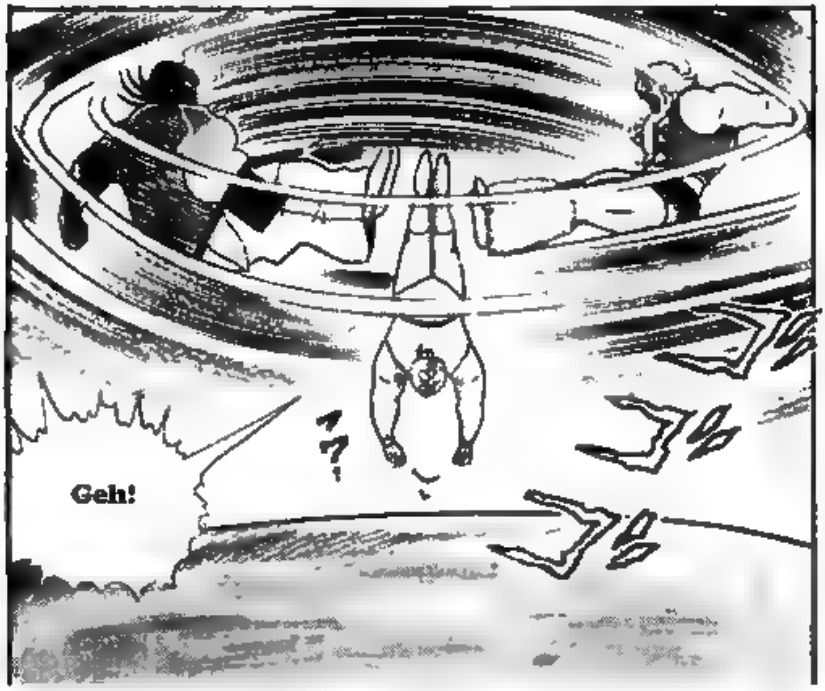


But Kinnikuman has stopped it, the same way as before!

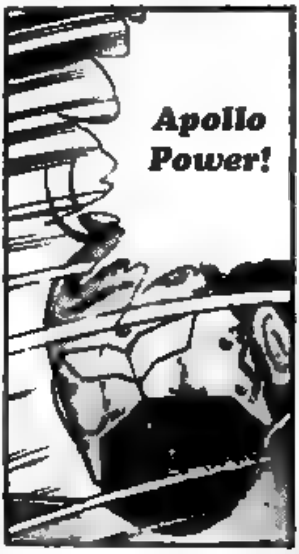
Burning Inner Strength!

Has something started again?

The Missionaries, without touching Kinnikuman's body, are rotating with the power of the Earth!



Geh!



Apollo Power!

With the wind pressure from the Missionaries, Kinnikuman's body is rising!

Look, Kinniku-man's body is...!

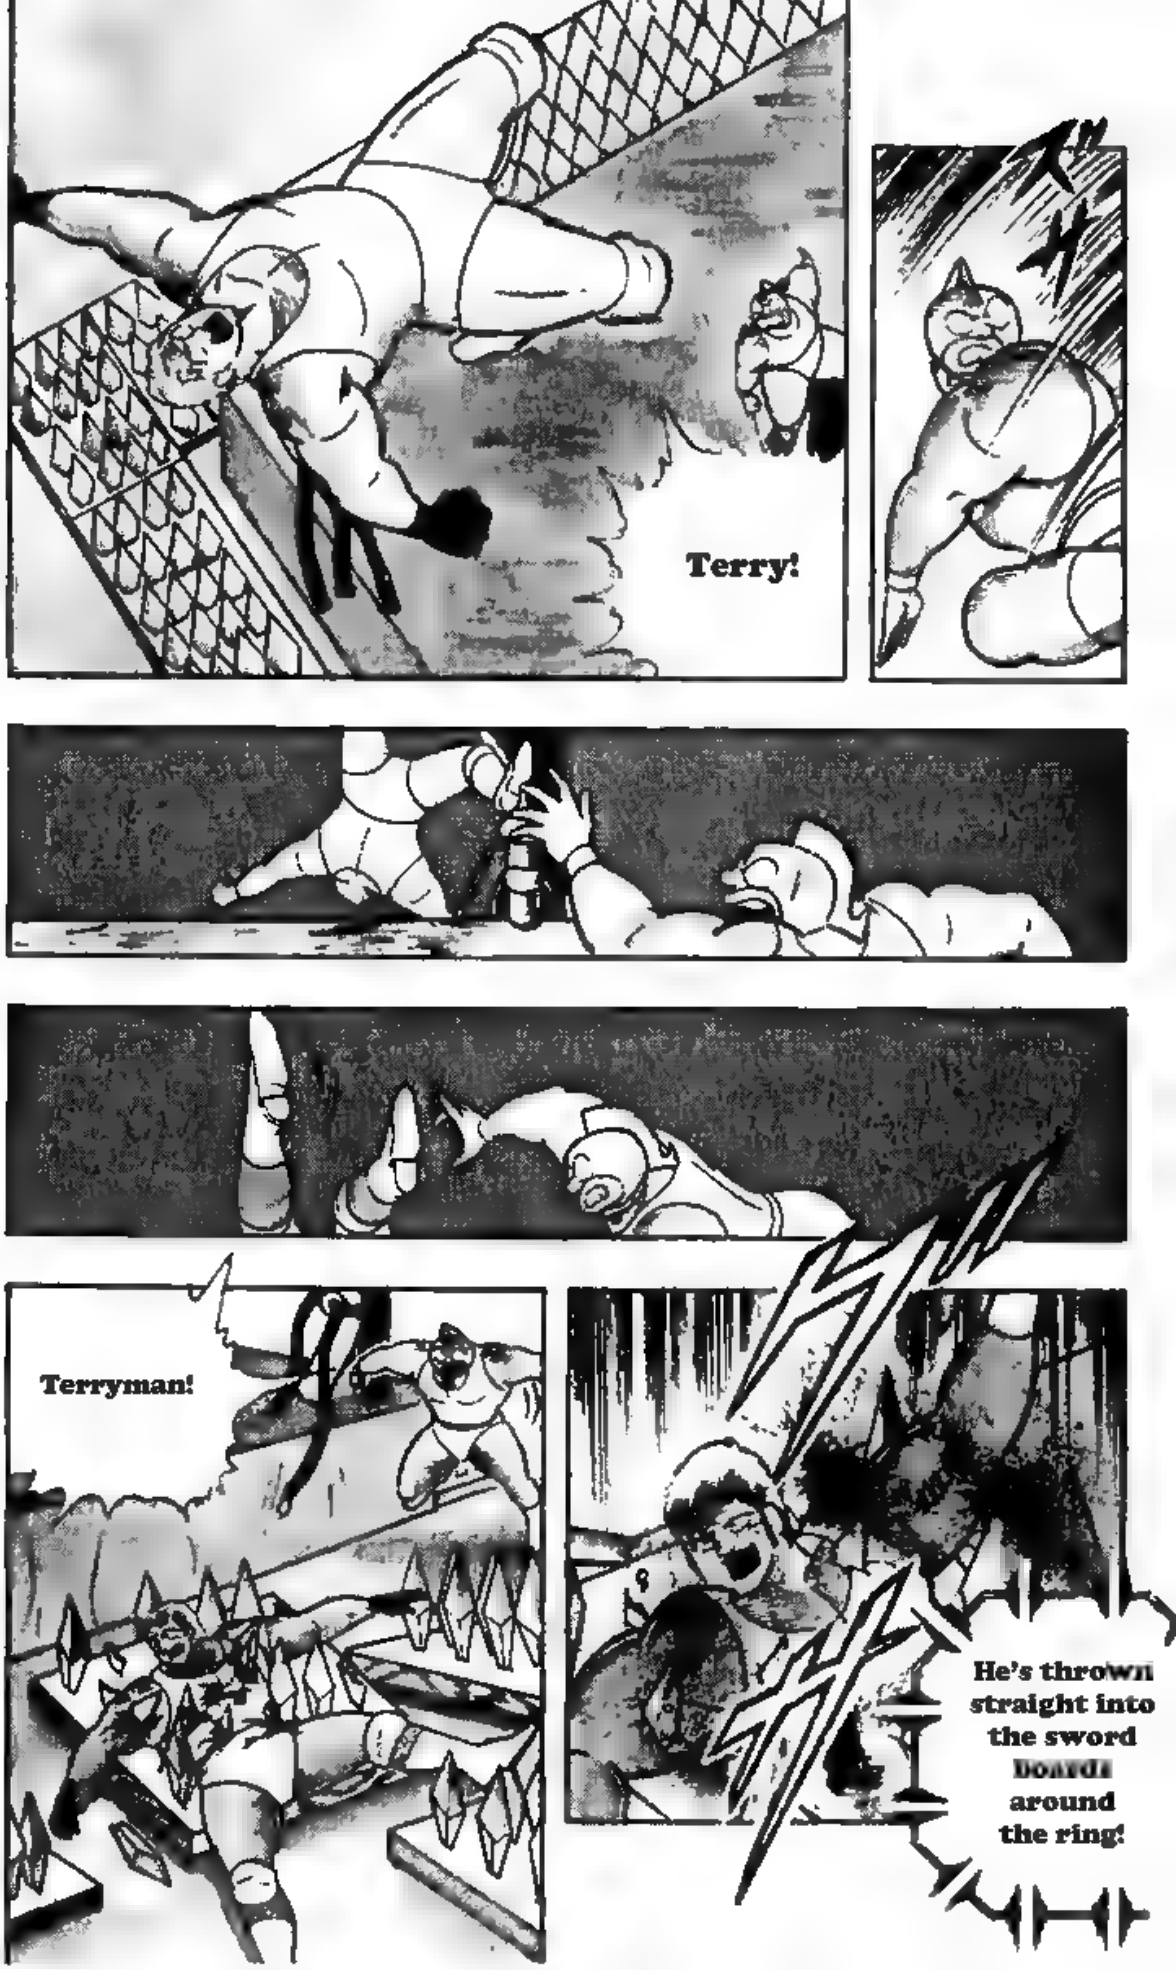
Right, they're raising Kinnikuman with wind pressure so they can reach his head!

Mask The End!

This time, they're not taking on a fake, but the real Kinnikuman!

Terryman is jumping in to rescue Kinnikuman!
Kinnikuman!
Go back, Terryman! The Missionaries' bodies are filled with Earth's rotation power! If you go in now, you'll be killed for sure!
Mask...!
Terryman!
I can't... protect... Kinnikuman's...

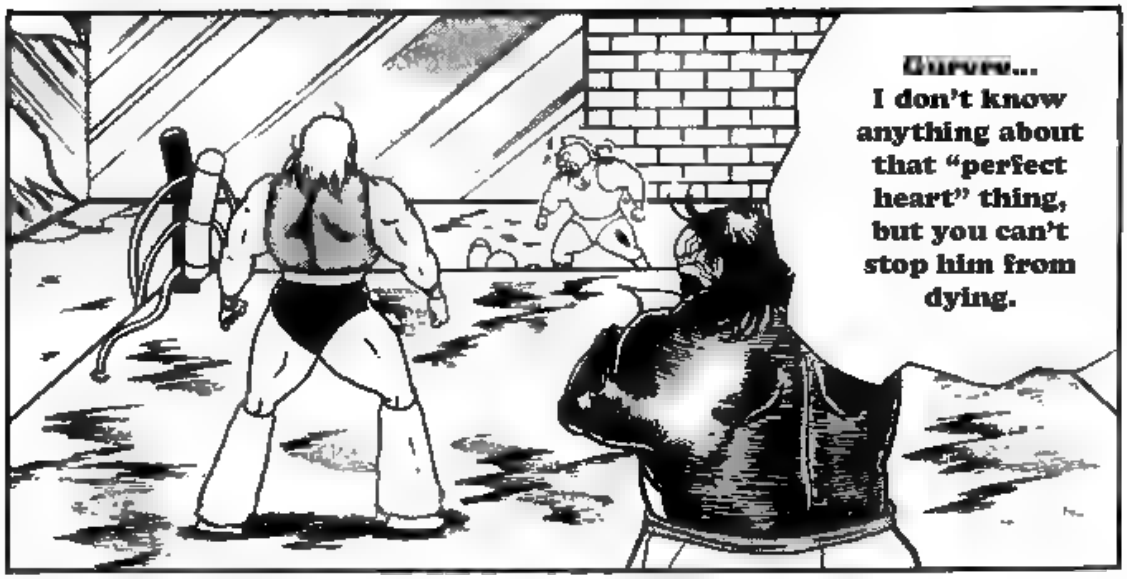
Terry, you're picking a fight with the Earth itself!
Terryman, who has successfully rescued Kinnikuman, has been knocked out of the ring by the Missionaries' Apollo Power!
Uwa!



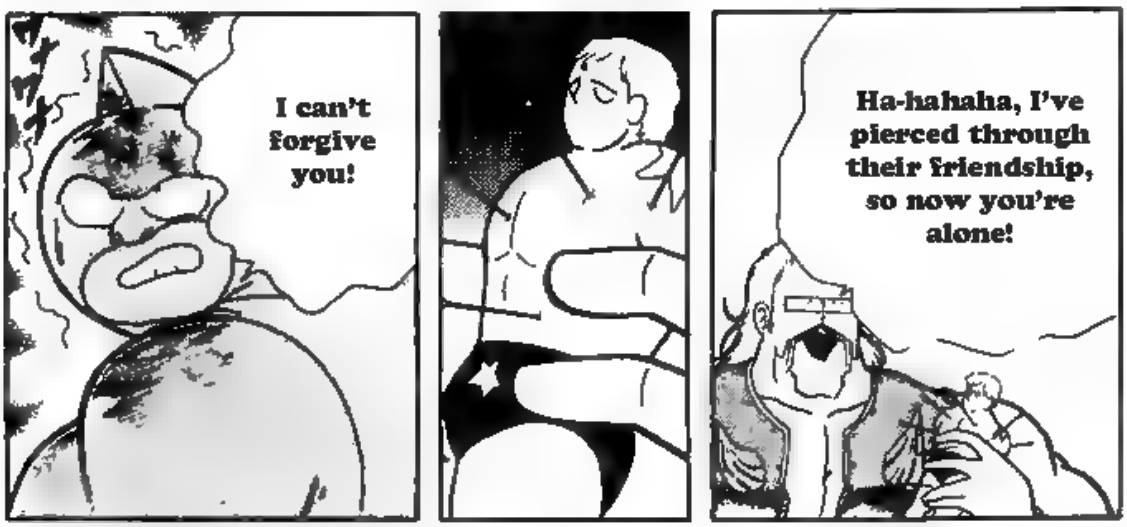
Terry!
Terryman!
He's thrown straight into the sword boards around the ring!

Kinnikuman, we may not have perfect technique or perfect power...
...but having a heart that believes gives us perfect [redacted]!
Terryman!

Don't die, Terry!
孤独の戦士!!の巻



Guuuu...
I don't know anything about that "perfect heart" thing, but you can't stop him from dying.



I can't forgive you!
Ha-hahaha, I've pierced through their friendship, so now you're alone!

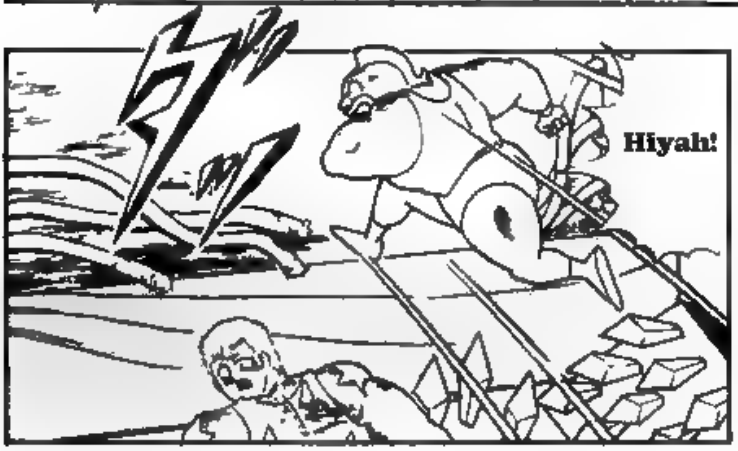
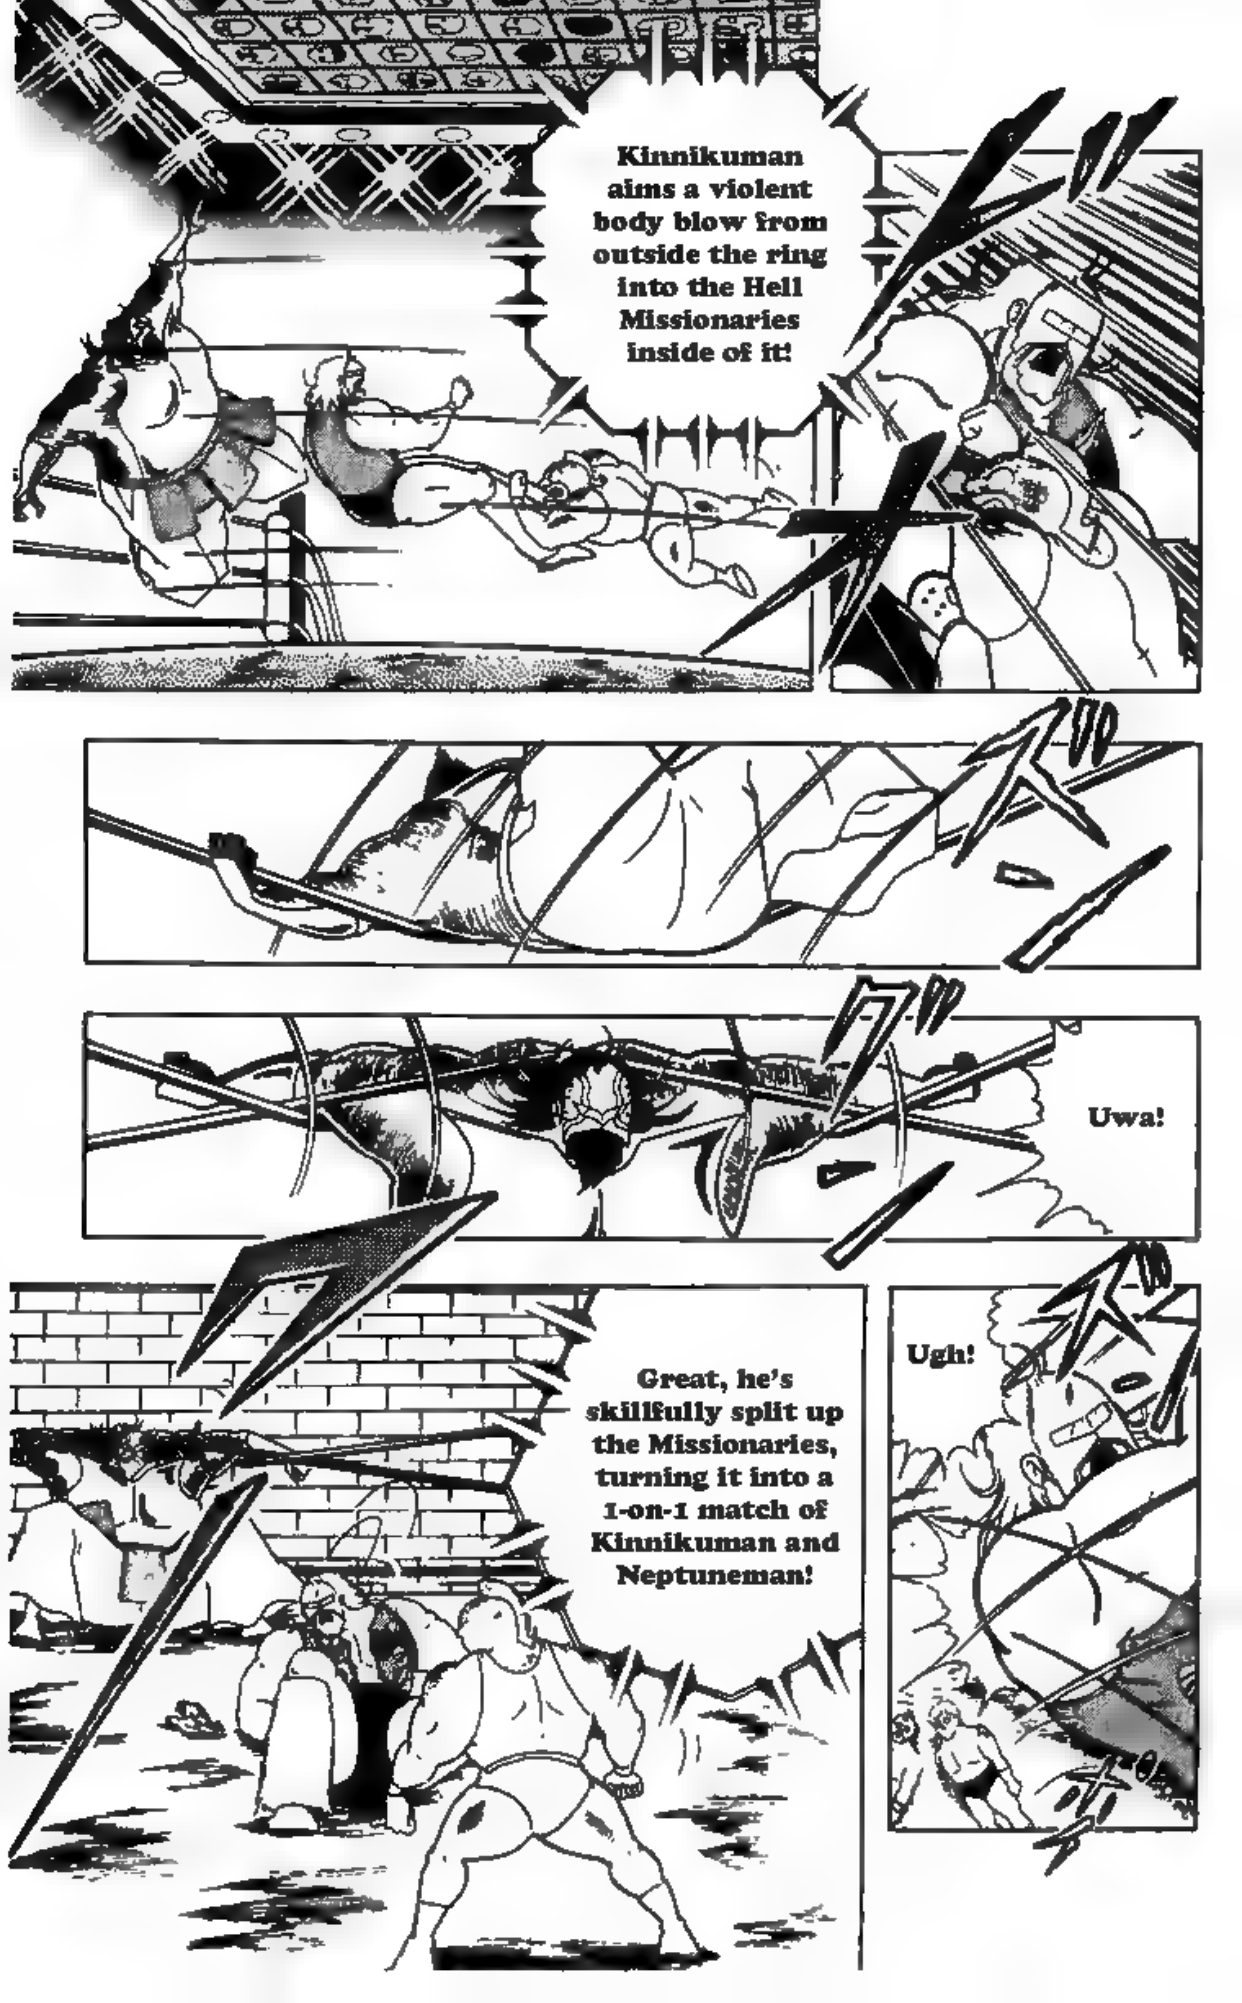
Kinnikman, that doll that Neptuneman has is a cursed doll!

...but the Justice Chojin's bonds won't crumble with just dolls!
We Devil Chojin made those to defeat the Justice Chojin!



Hiyah!

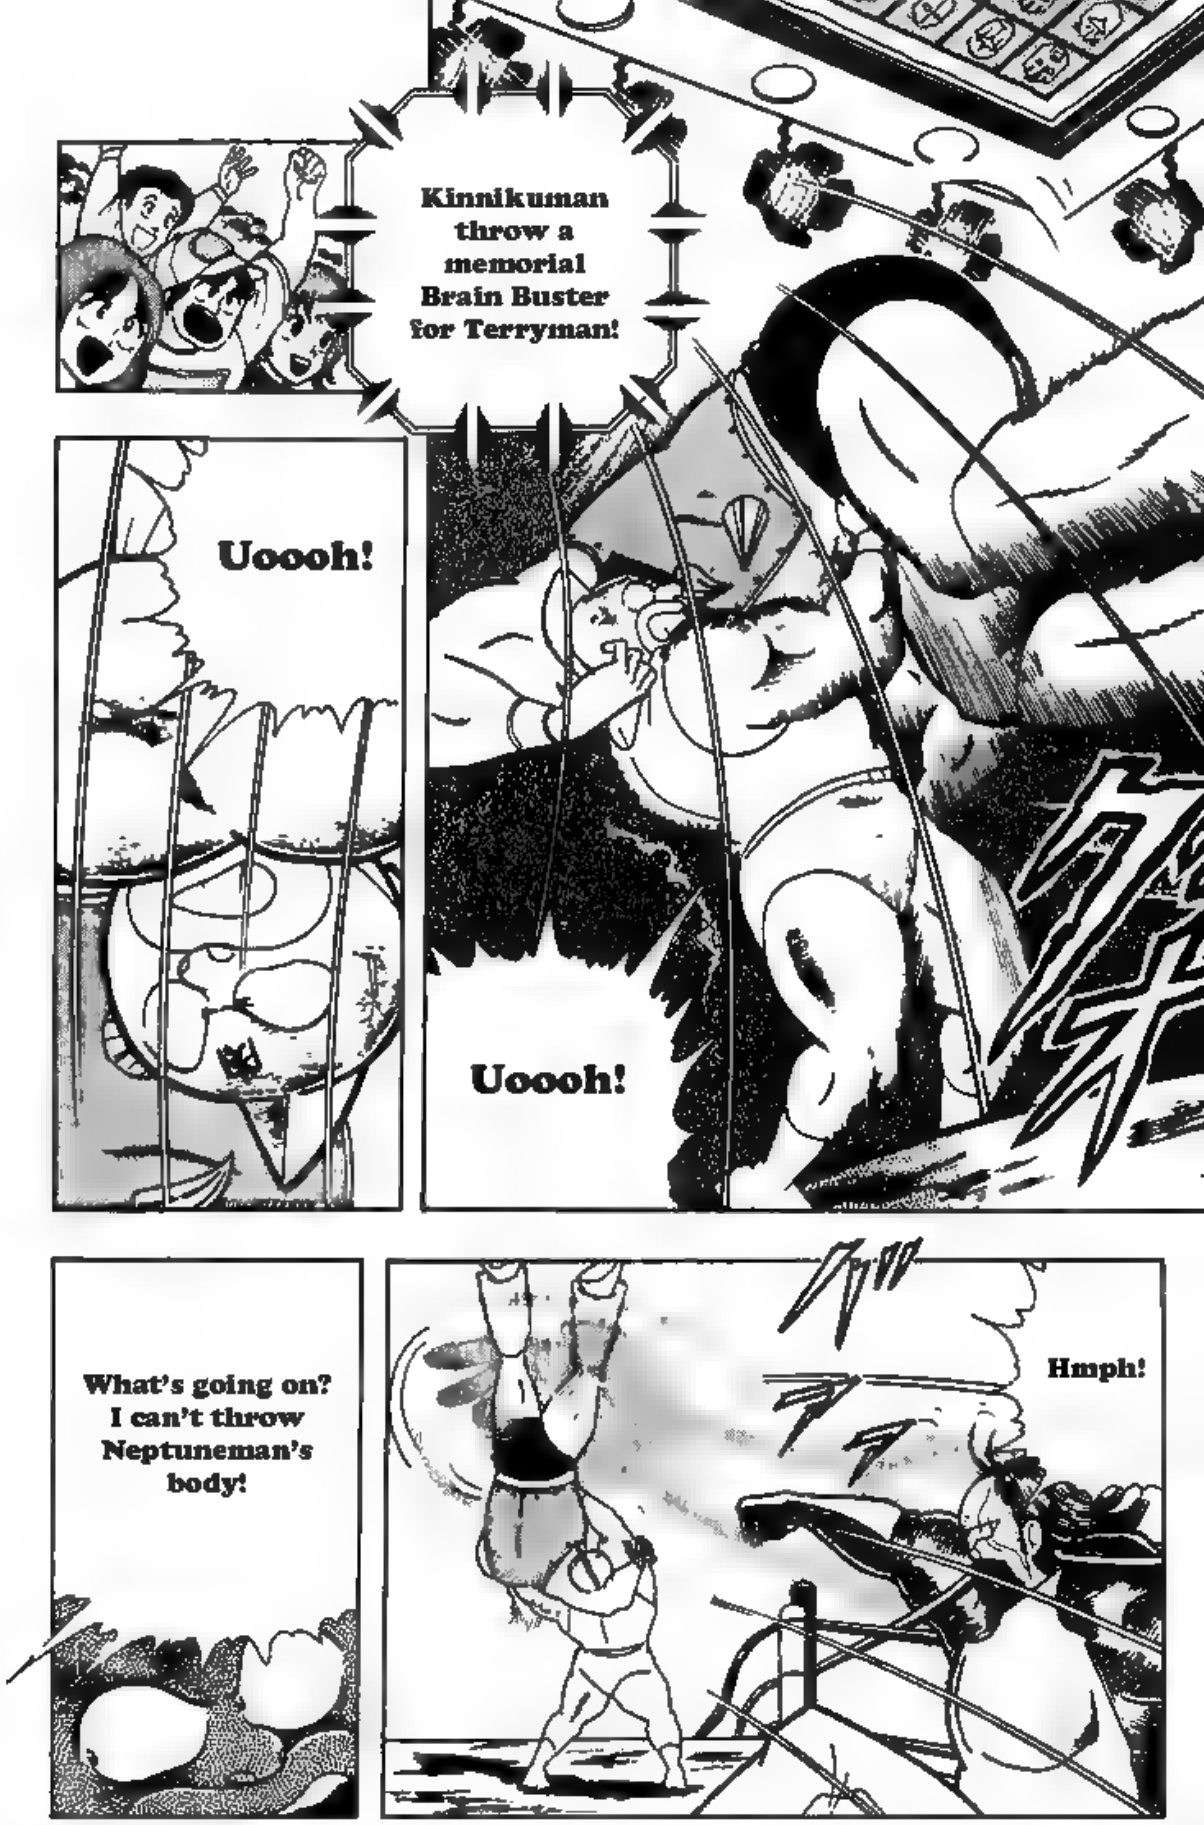
Right, Ashuraman! That's good to hear!



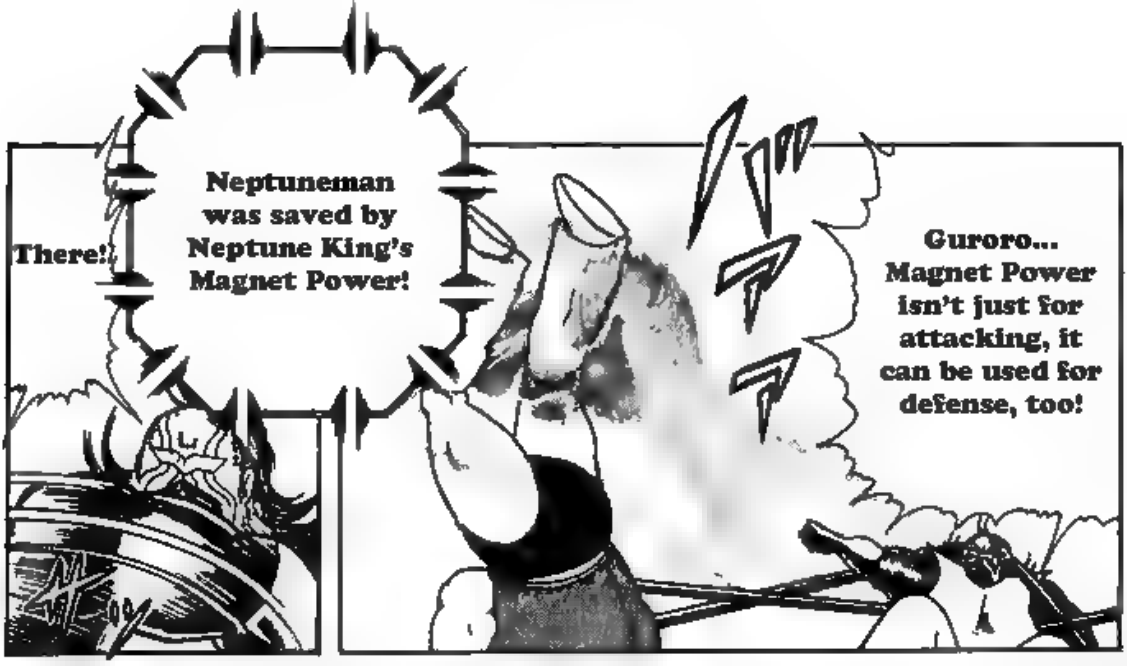
Kinnikuman aims a violent body blow from outside the ring into the Hell Missionaries inside of it!
Uwa!
Great, he's skillfully split up the Missionaries, turning it into a 1-on-1 match of Kinnikuman and Neptuneman!
Ugh!

Oh, the Cursed Doll is...
How dare you!? Give back Terryman! Give him back!
アワ
アワ
Floating in the air!
ビュオ

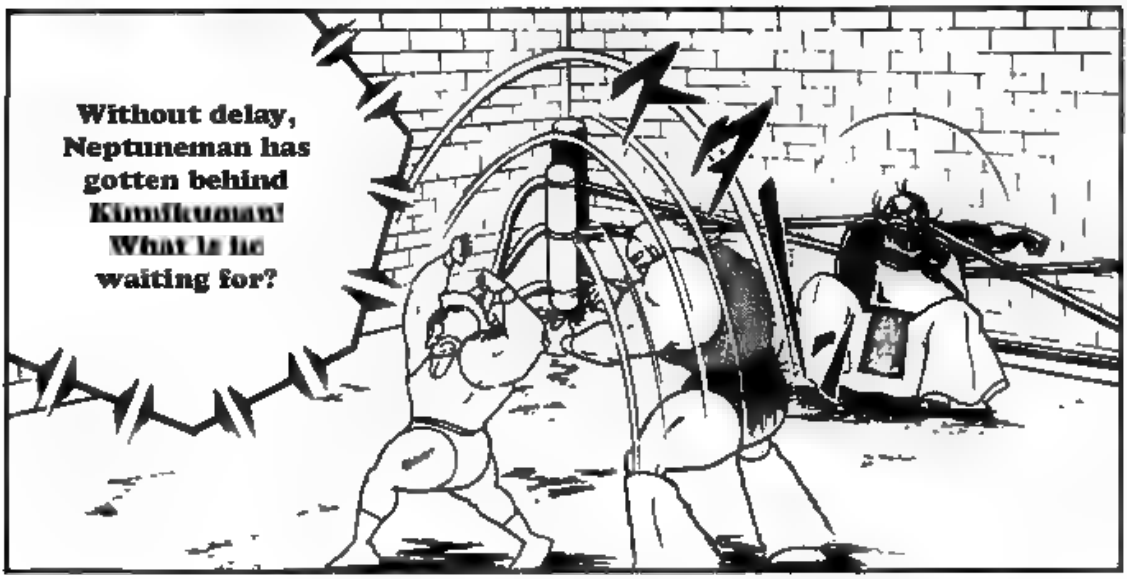
Thanks to Terryman's death, his soul is within my heart....
They never will. You were seperating the friendship between me and Terryman with those, but...
They... won't come apart!
That means there's nobody in this world who can ever break our frinedship again!
Hiyah!



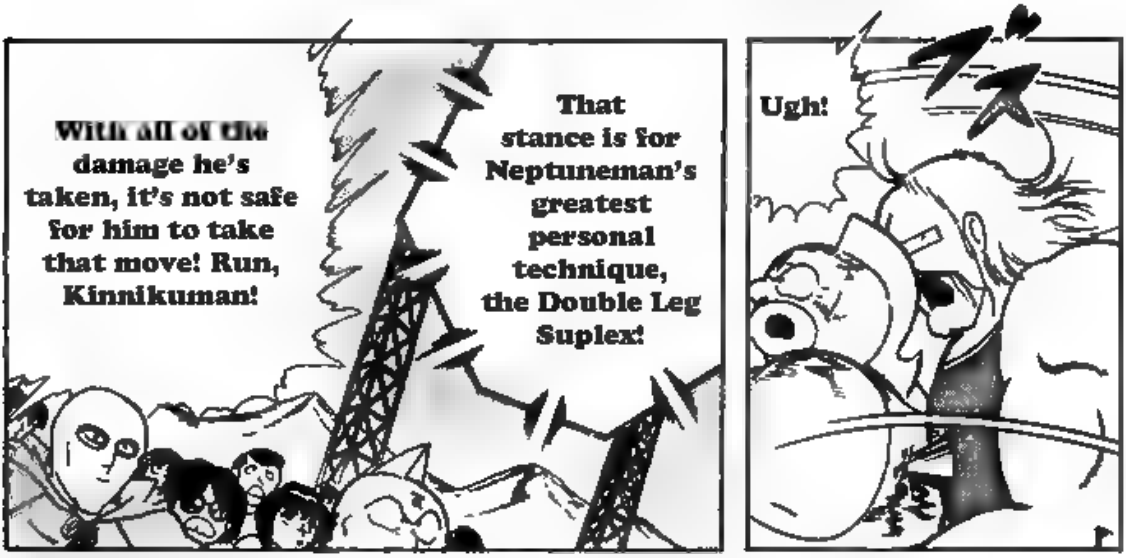
Kinnikuman throw a memorial Brain Buster for Terryman!
Uoooh!
Uoooh!
What's going on? I can't throw Neptuneman's body!
Hmph!



There!!
Neptuneman was saved by Neptune King's Magnet Power!
Gururo... Magnet Power isn't just for attacking, it can be used for defense, too!

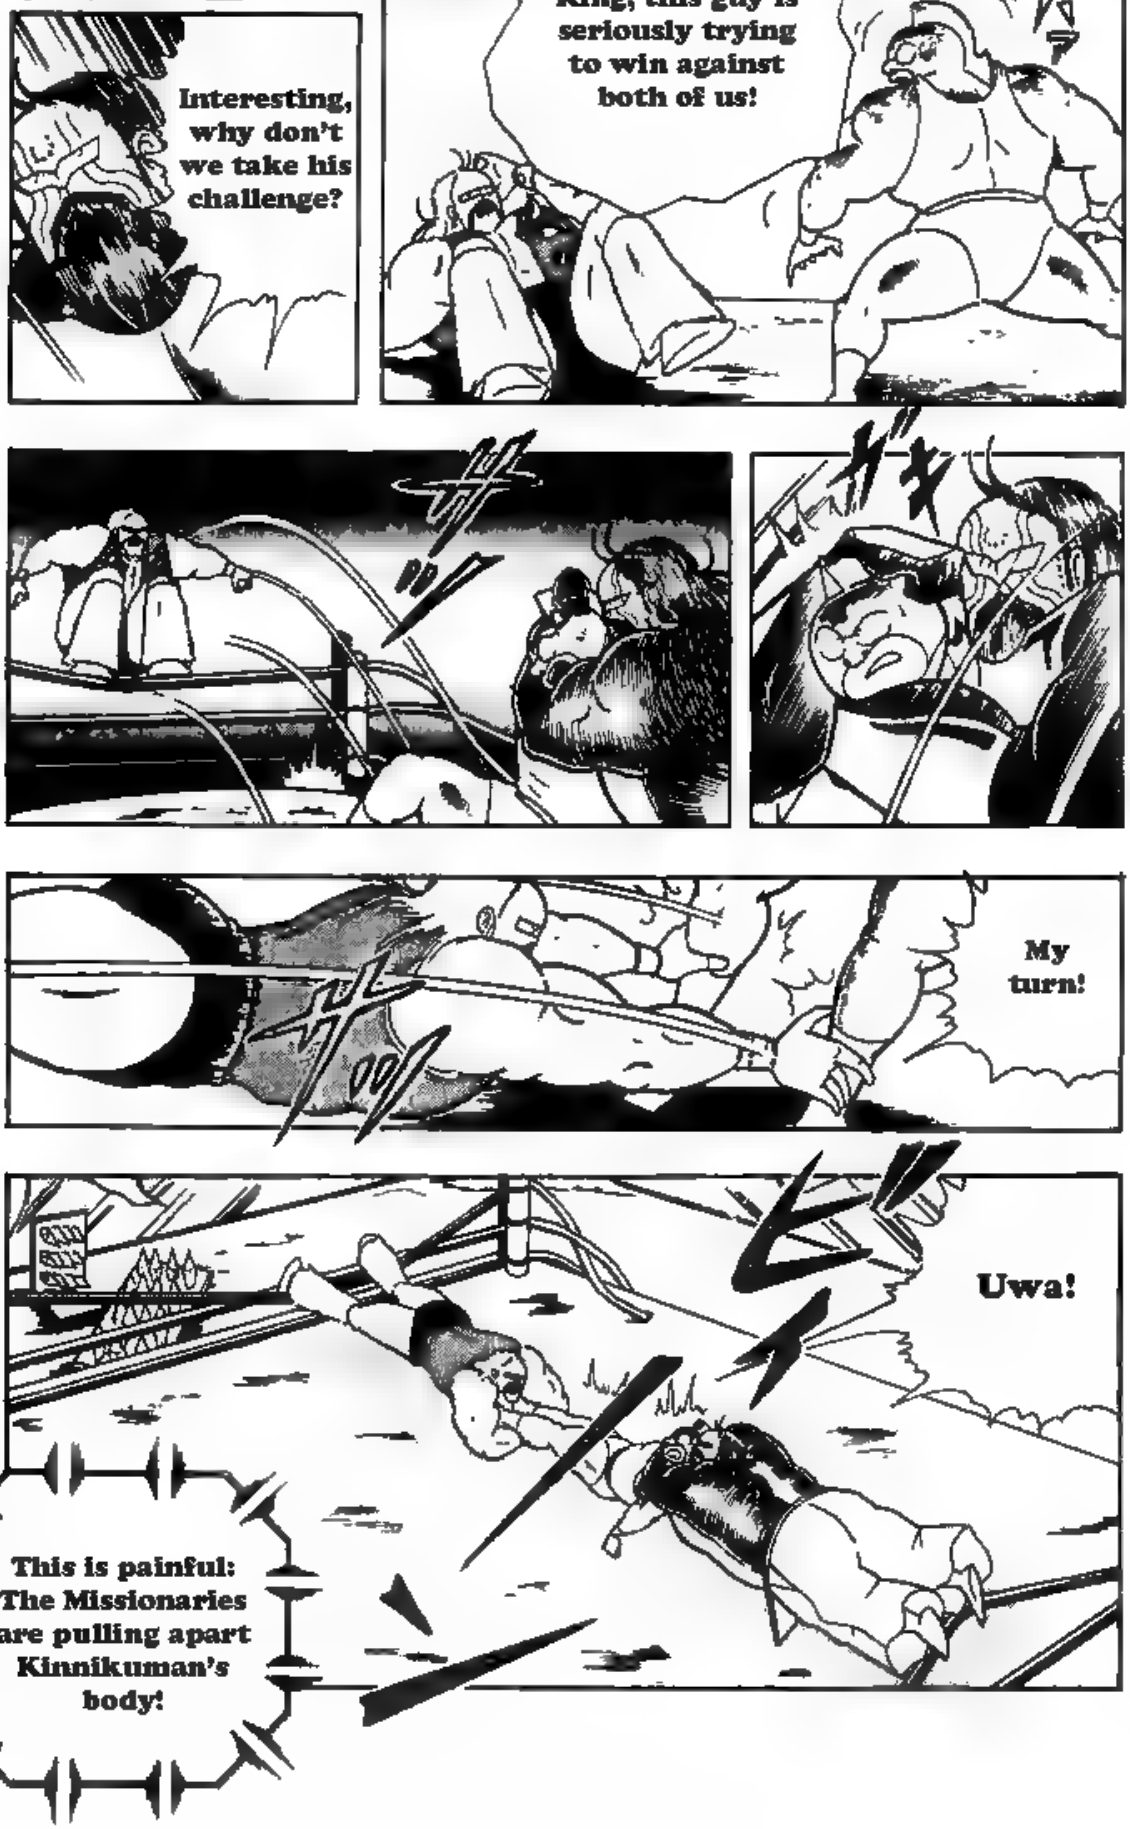


Without delay, Neptuneman has gotten behind Kinnikuman! What is he waiting for?



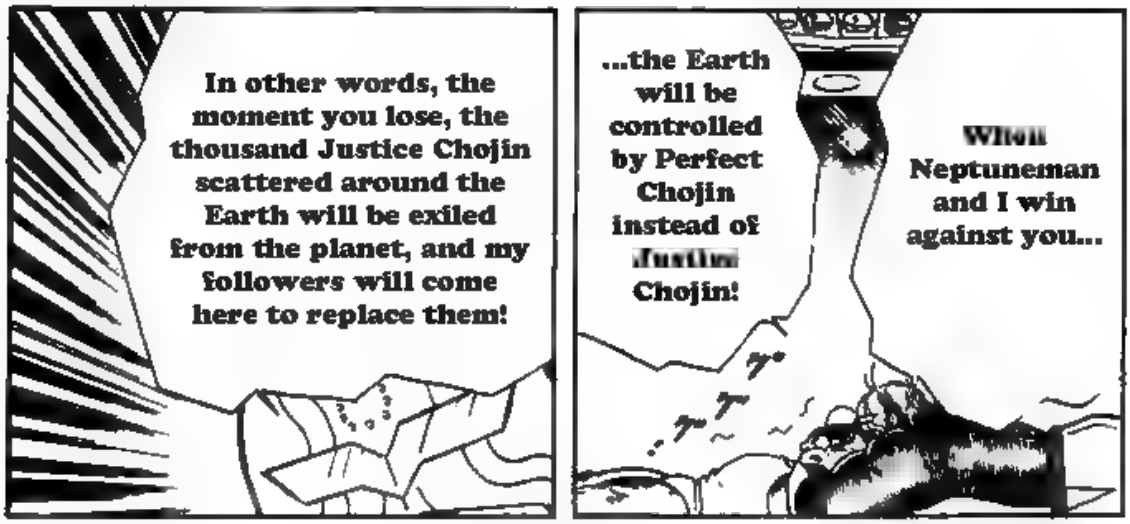
With all of the damage he's taken, it's not safe for him to take that move! Run, Kinnikuman!
That stance is for Neptuneman's greatest personal technique, the Double Leg Suplex!
Ugh!

He's got him! Neptuneman is raising Kinnikuman for a Double Leg Suplex!
Toh!
...I can only rely on myself now. If I'm defeated, that's the end of the Justice Chojin!
Depending on others is not an option!
Kinnikuman has twisted Neptuneman's legs with his own legs!
Your Double Leg Suplex has been defeated!



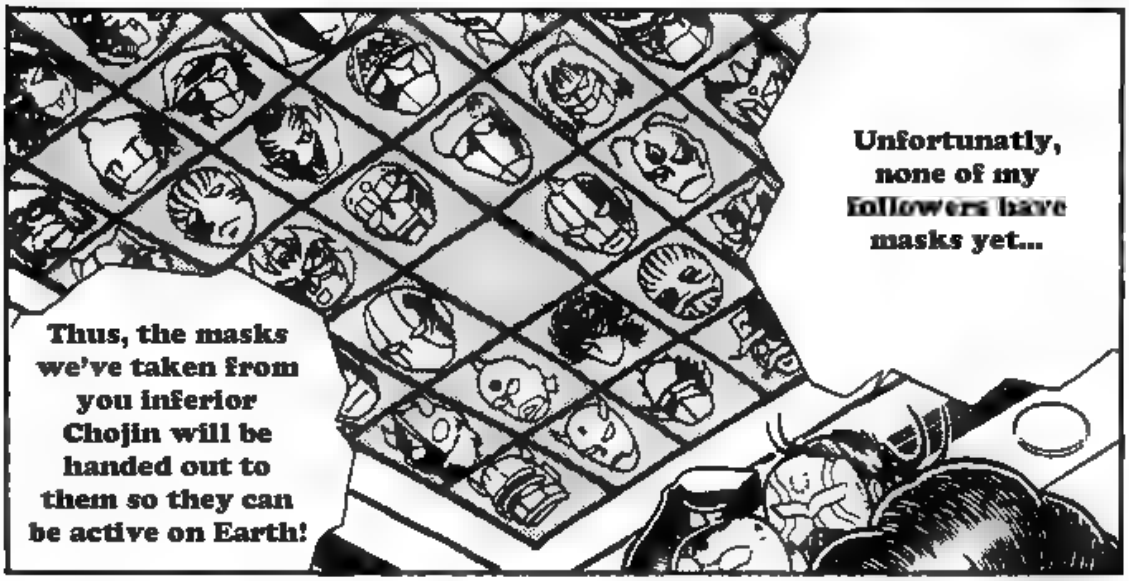
Interesting, why don't we take his challenge?
King, this guy is seriously trying to win against both of us!
My turn!
Uwa!
This is painful: The Missionaries are pulling apart Kinnikuman's body!

Since you're about to die, I'll let you take this to the grave...
There are Chojin waiting for our masks?
There are a lot of Chojin waiting for the masks of you Justice Chojin!
This time we'll rip off your mask!
What!? A thousand followers!
Aside from Neptuneman, Screw Kid and Kendaman, I have a thousand other followers throughout the vast universe!

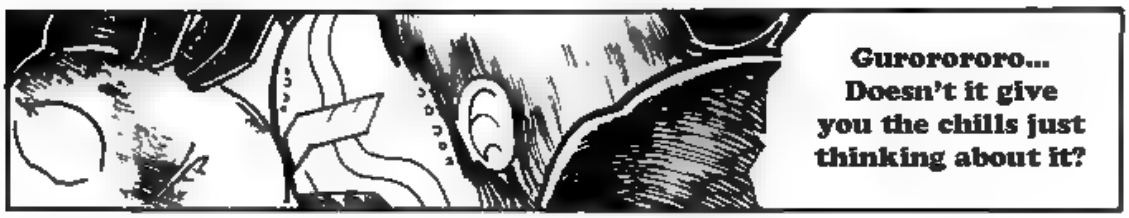


In other words, the moment you lose, the thousand Justice Chojin scattered around the Earth will be exiled from the planet, and my followers will come here to replace them!
...the Earth will be controlled by Perfect Chojin instead of Justice Chojin!
When Neptuneman and I win against you...

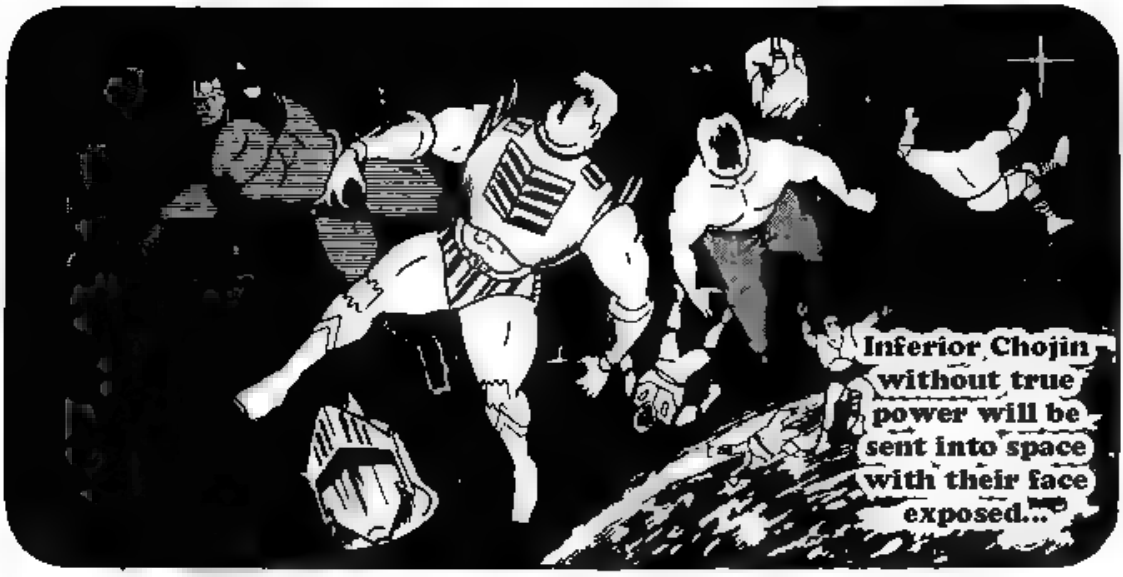
Is that your reason for entering this Tag Tournament!?



Unfortunatly, none of my followers have masks yet...
Thus, the masks we've taken from you inferior Chojin will be handed out to them so they can be active on Earth!

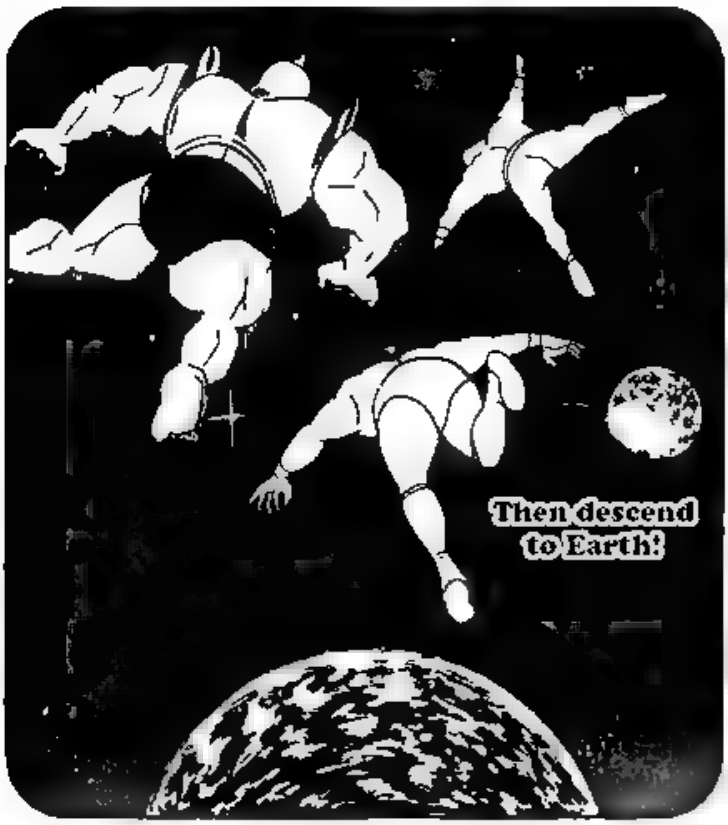


Gurorororo... Doesn't it give you the chills just thinking about it?



Inferior Chojin without true power will be sent into space with their face exposed...

In their place, Perfect Chojin who have surpassed them will become...



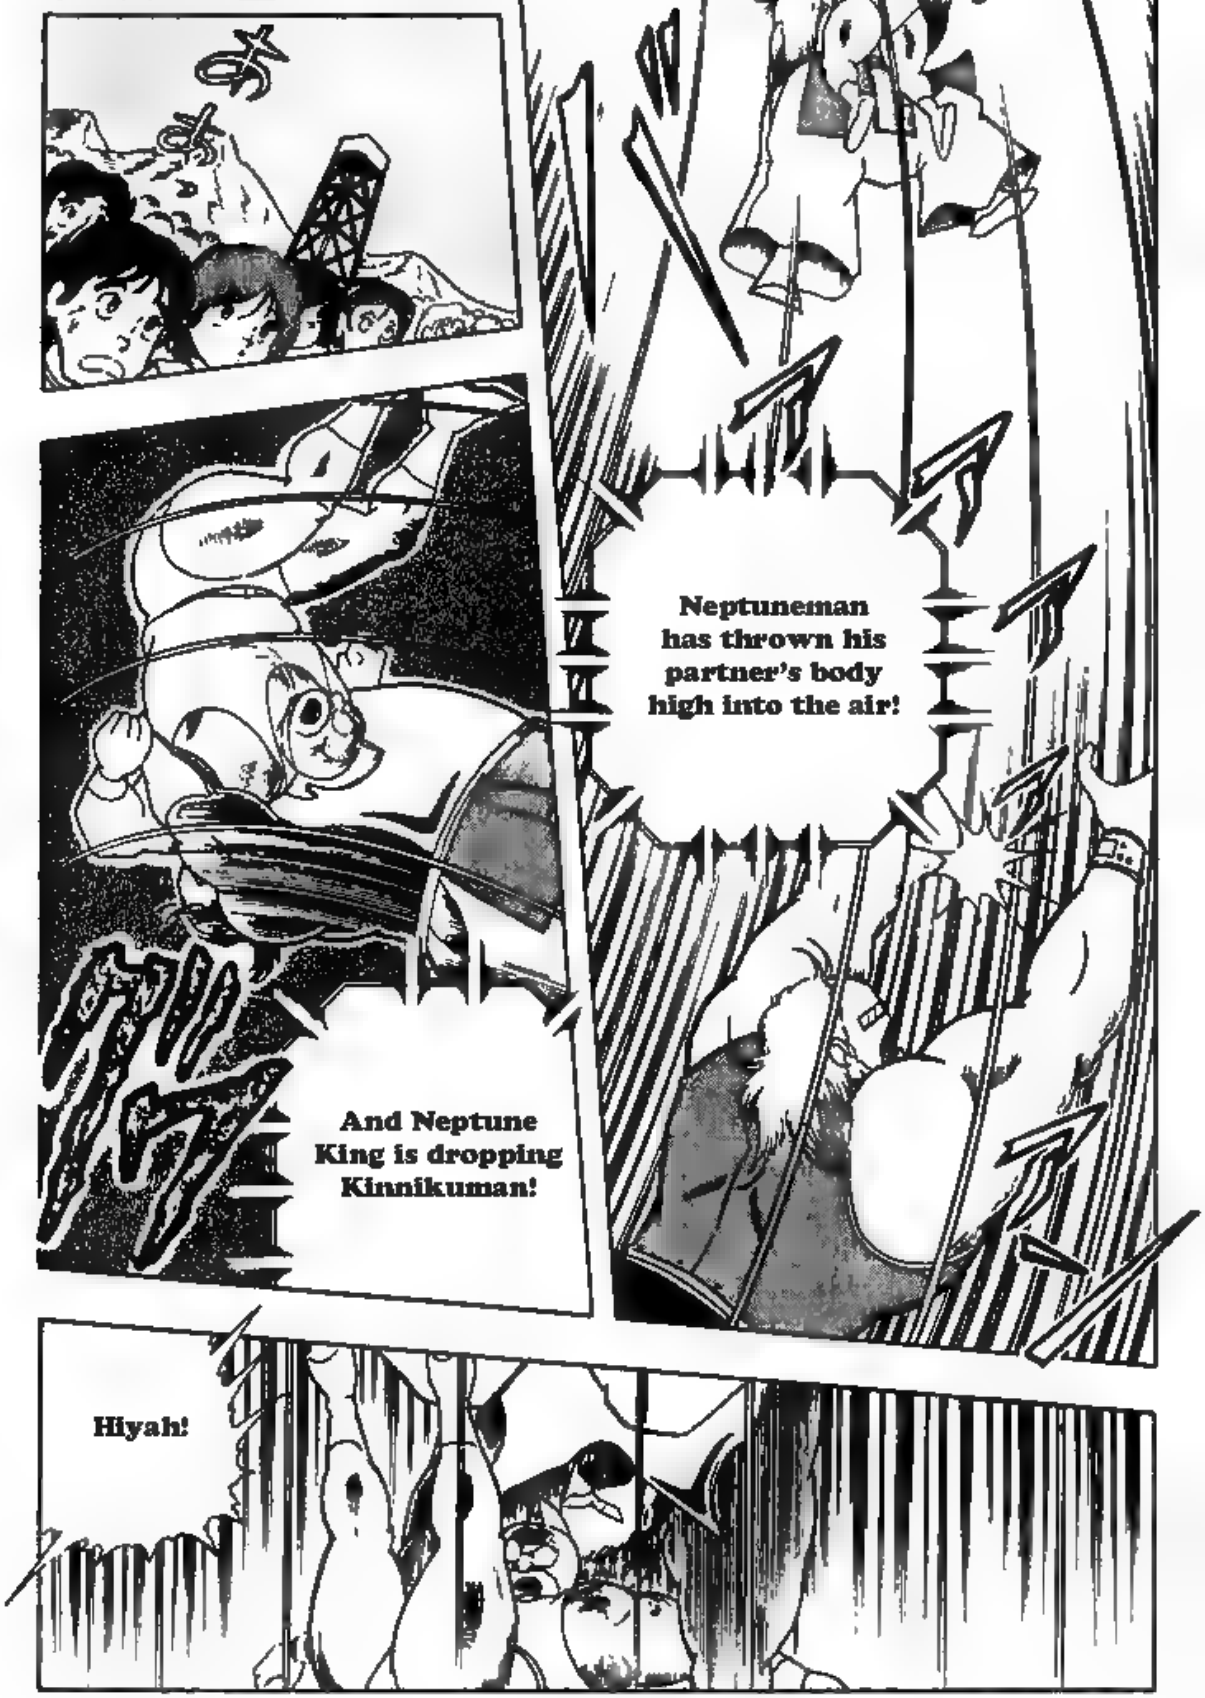
Then descend to Earth!

The New Warsman!
The New Robin Mask!

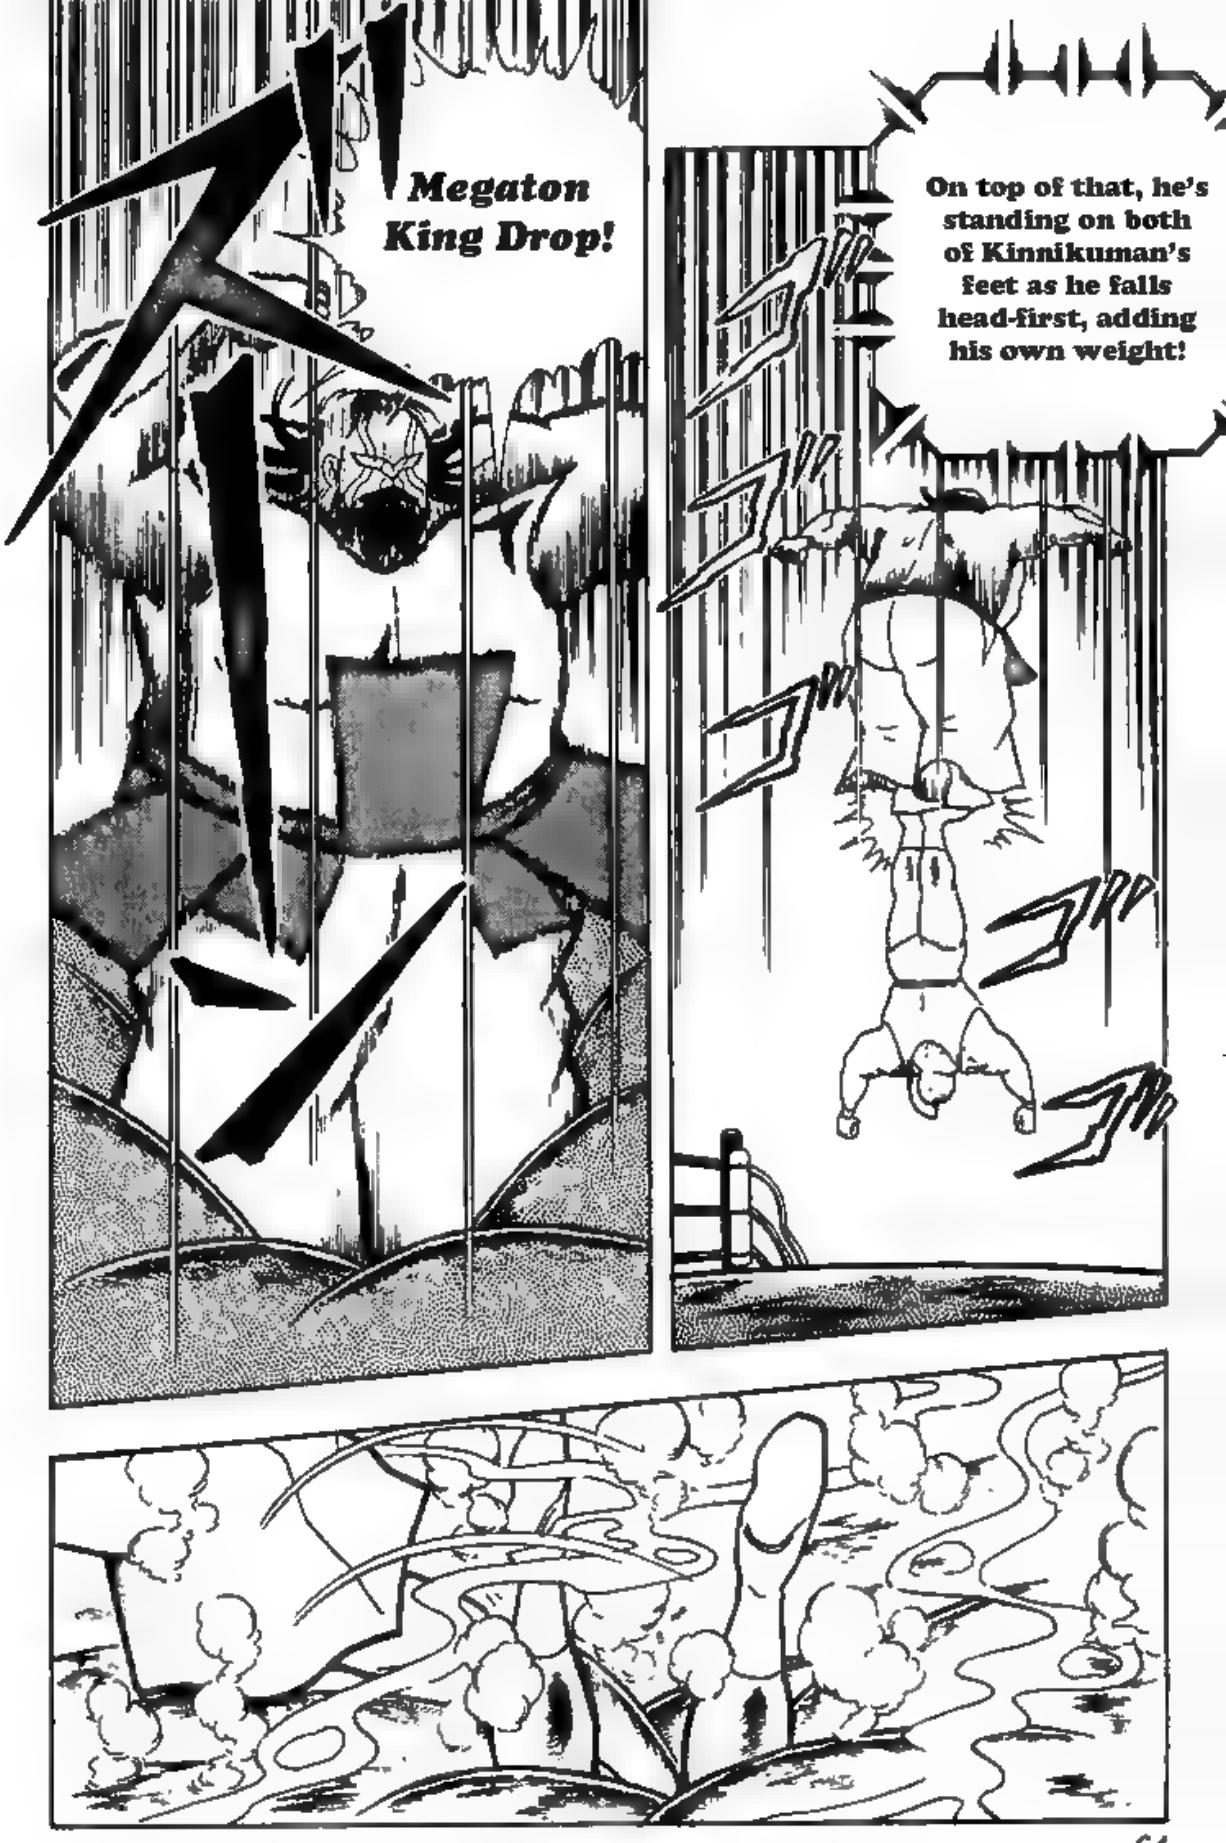
And the New Mongolman!

Wh...what!?
Kinnikuman, I'll be the one wearing the mask we take from you!
Hopefully, but they've been treating the Justice Chojin so cruelly...
Will they start fighting evil for the peace of humanity, unlike now?
What will happen if the Perfect Chojin come to Earth in place of the Justice Chojin?
Now it's revealed: The Perfect Chojin's terrifying plan!
The world will become hell!
I'll... do my best to stay alive...
No! No matter how clumsy and stupid he is, I want Kinnikuman to protect Earth!
Gururo, come on! Show your support for us!

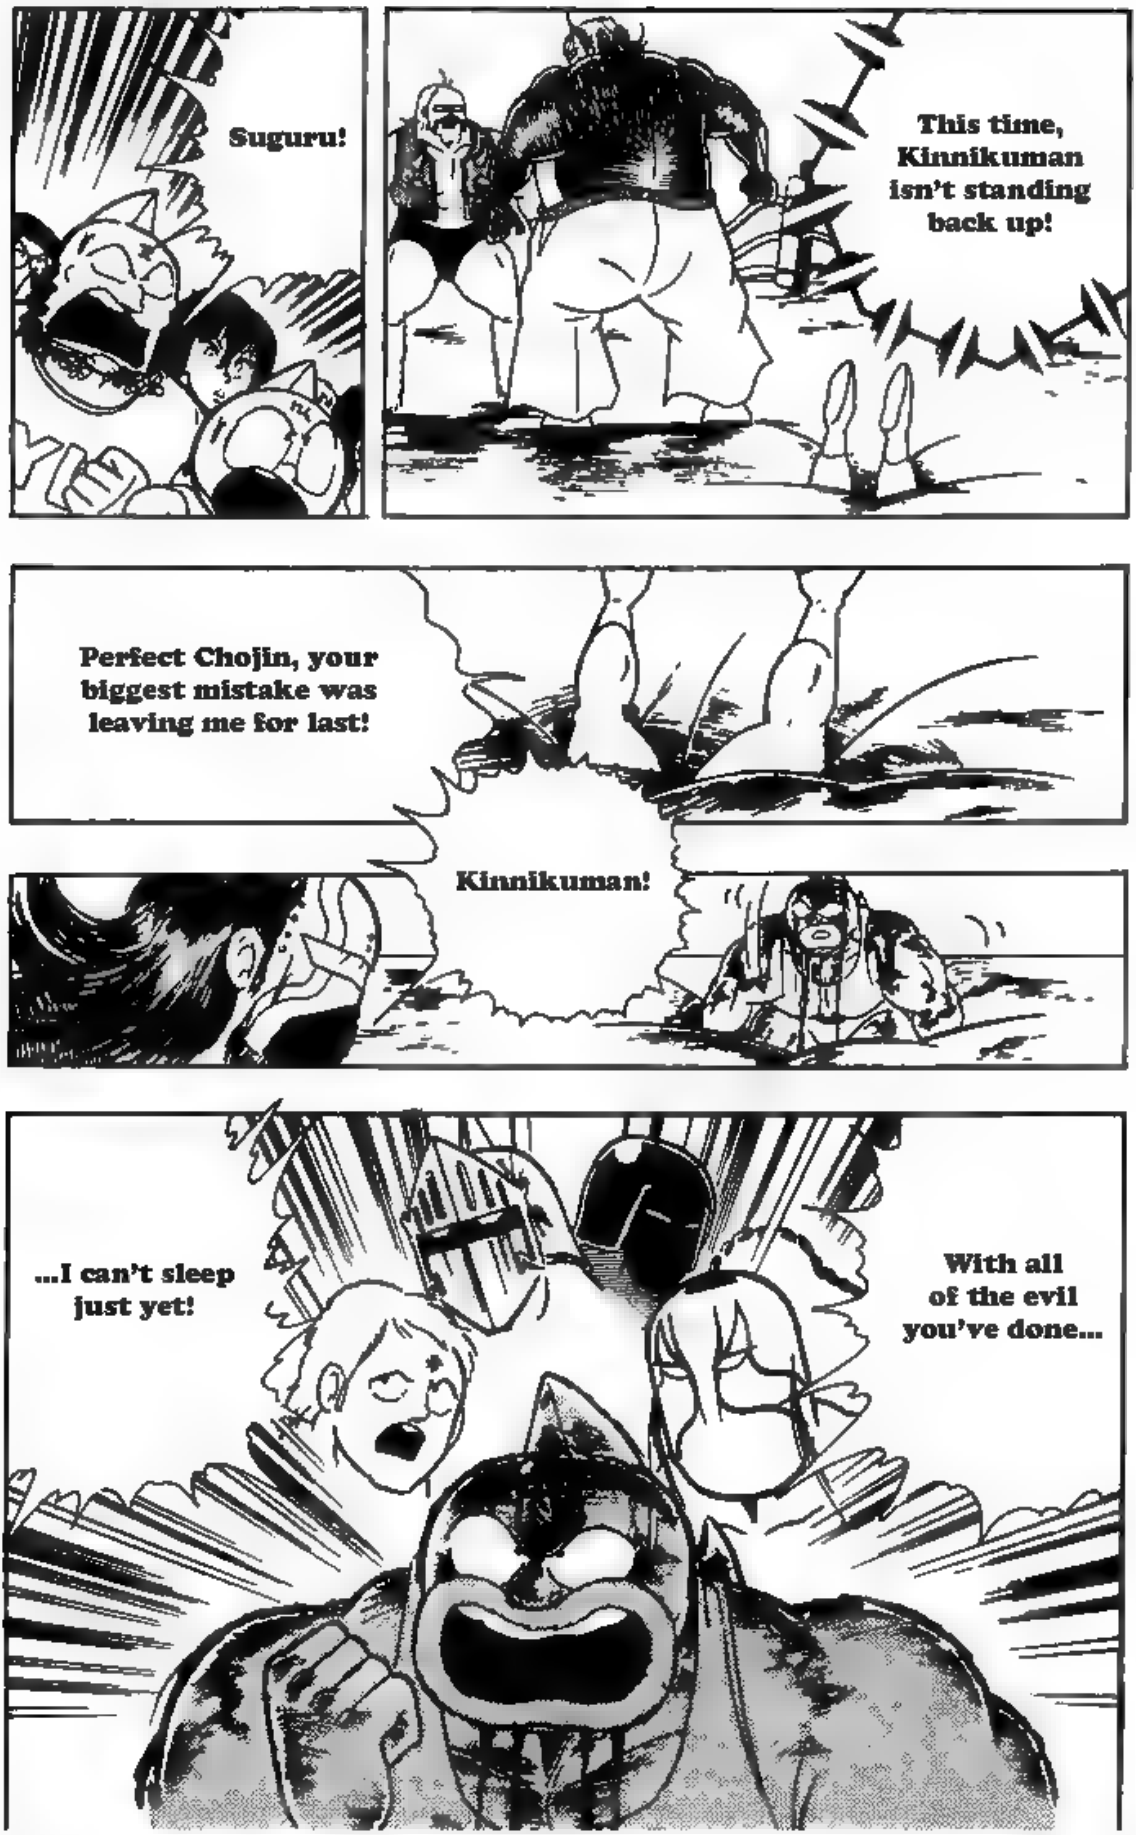
Guh!
You two can't be allowed to do that!
Kinnikuman has escaped from the evil of the Missionaries!
I'm finally angry!
Right!
Neptune-man!
I can't forgive you any-more!



Neptuneman has thrown his partner's body high into the air!
And Neptune King is dropping Kinnikuman!
Hiyah!



Megaton King Drop!
On top of that, he's standing on both of Kinnikuman's feet as he falls head-first, adding his own weight!



Suguru!
This time, Kinnikuman isn't standing back up!
Perfect Chojin, your biggest mistake was leaving me for last!
Kinnikuman!
...I can't sleep just yet!
With all of the evil you've done...

Fighting Magnetic with Magnetism!

A mysterious power boils within me when I think about Buffaloman, Mongolman, Terryman, and Warsman!
How!? You body just keeps getting more and more injured, yet you keep getting up time after time! How is that possible!?
I'm not sure myself, but...
You haven't realized the problem with your body!
Gahahaha, splended! I'd like to praise your Friendship Power, but...
You're making the same mistake that he did.
Earlier, Mongolman surrendered to us without realizing that problem, either...
A problem with my body...!?

You're both inferior Chojin!
The pieces that are scattered around the ring are clinging to Kinnikuman's body!
Owa!
The metal parts in the ring are...
What!?
No, they're not just clinging, it looks like they're being pulled onto his body!
My body is magnetic!?
Kinnikuman, the magnetism we've been emitting over the course of this match has been absobed by your body!

Do you remember? The reason we were finally able to take Mongolman's mask was because we could control his body with magnetism!

Jsut like Mongolman, I'm covered in magnetism and won't be able to escape from the attacks that Neptuneman's team uses!

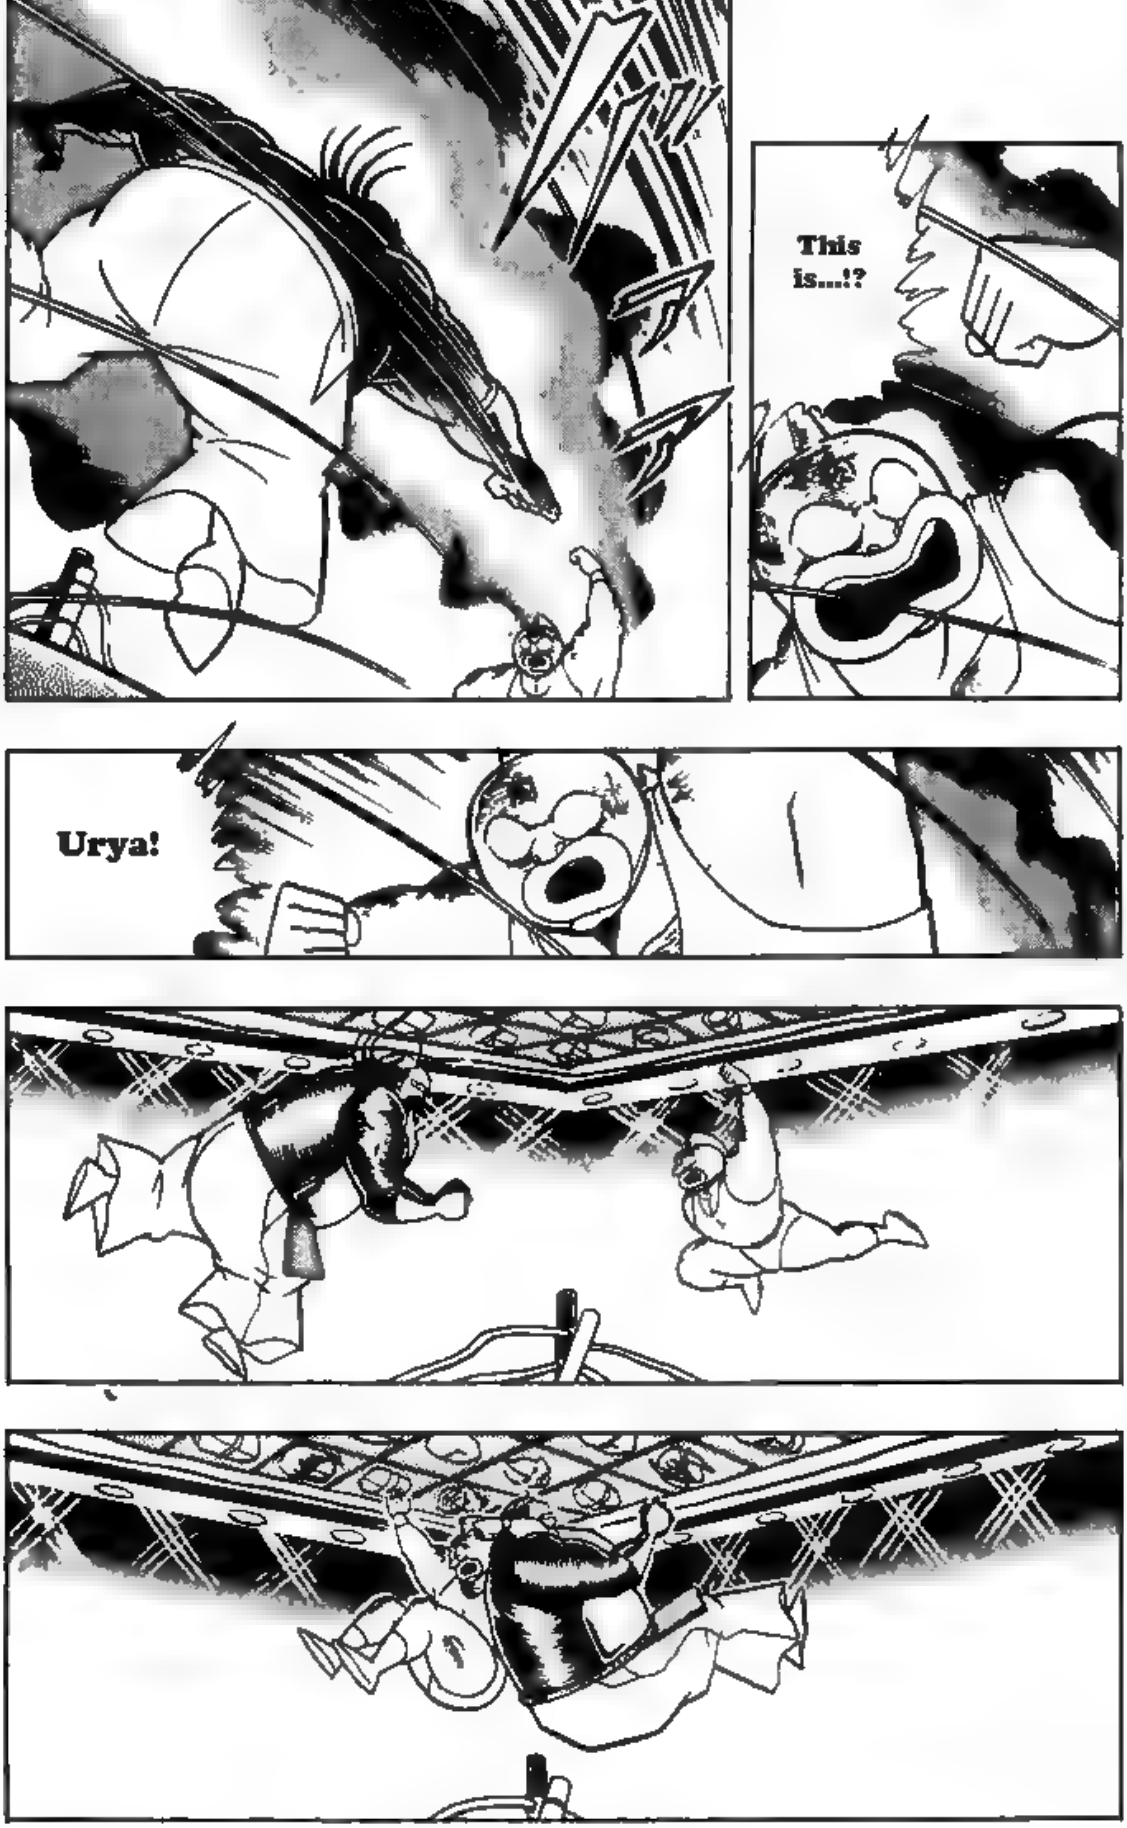
Kinnikuman, you're on the same road to hell as your friend Mongolman!

Magnet Power!

Owa!

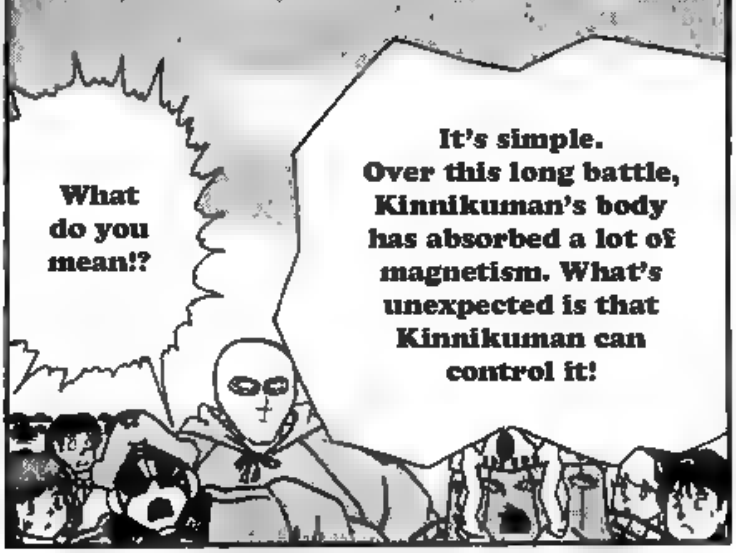
Watch out, Prince!

What!?
Ugh!
King!
Uoh!
Is there something wrong? The magnetism is pulling Neptune King toward Kinnikuman!

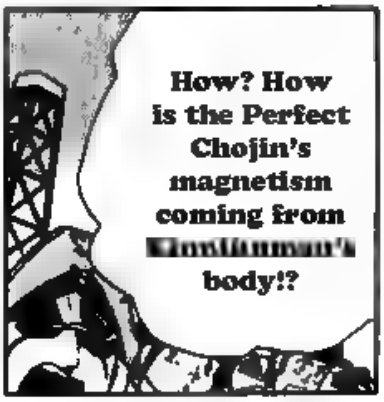


This is...!?
Urya!

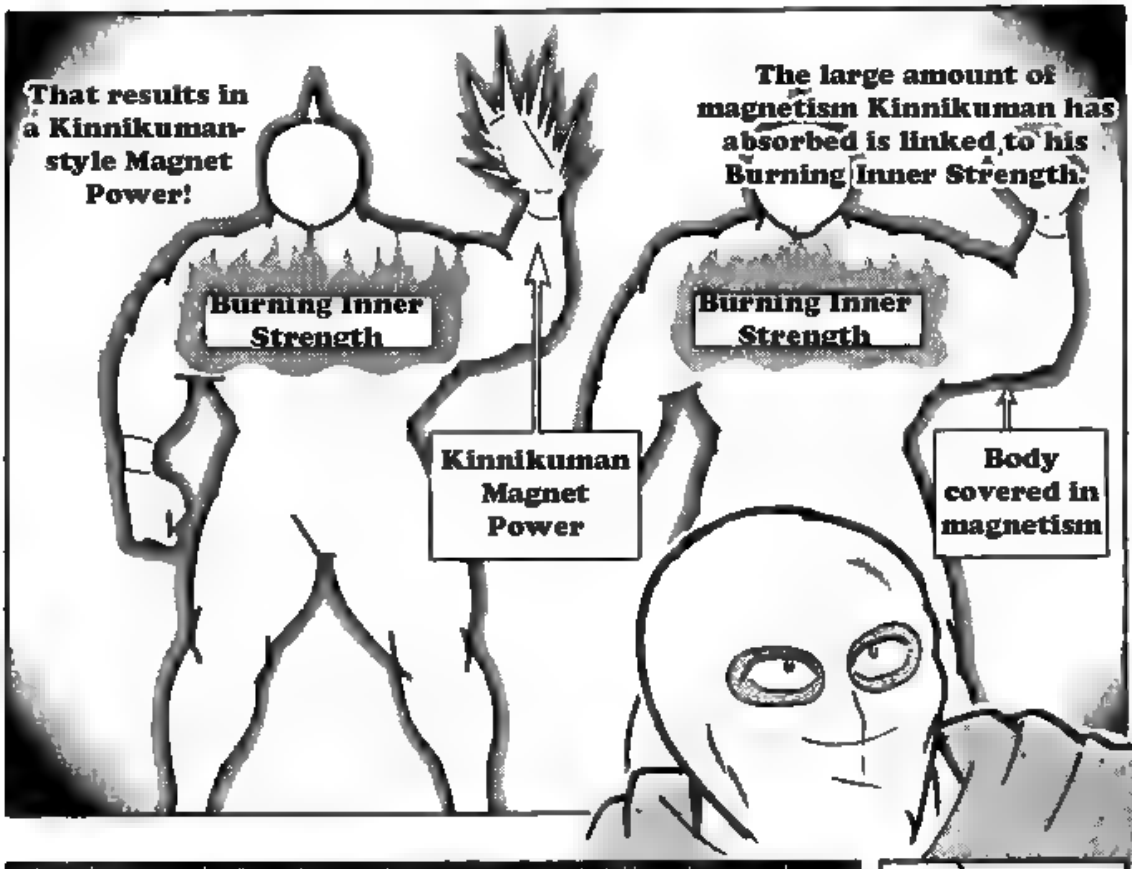
Kinnikuman faces King head-on with a Jumping Neck Breaker!
It can't be! Kinnikman has Magnet Power!



What do you mean!?
It's simple. Over this long battle, Kinnikuman's body has absorbed a lot of magnetism. What's unexpected is that Kinnikuman can control it!



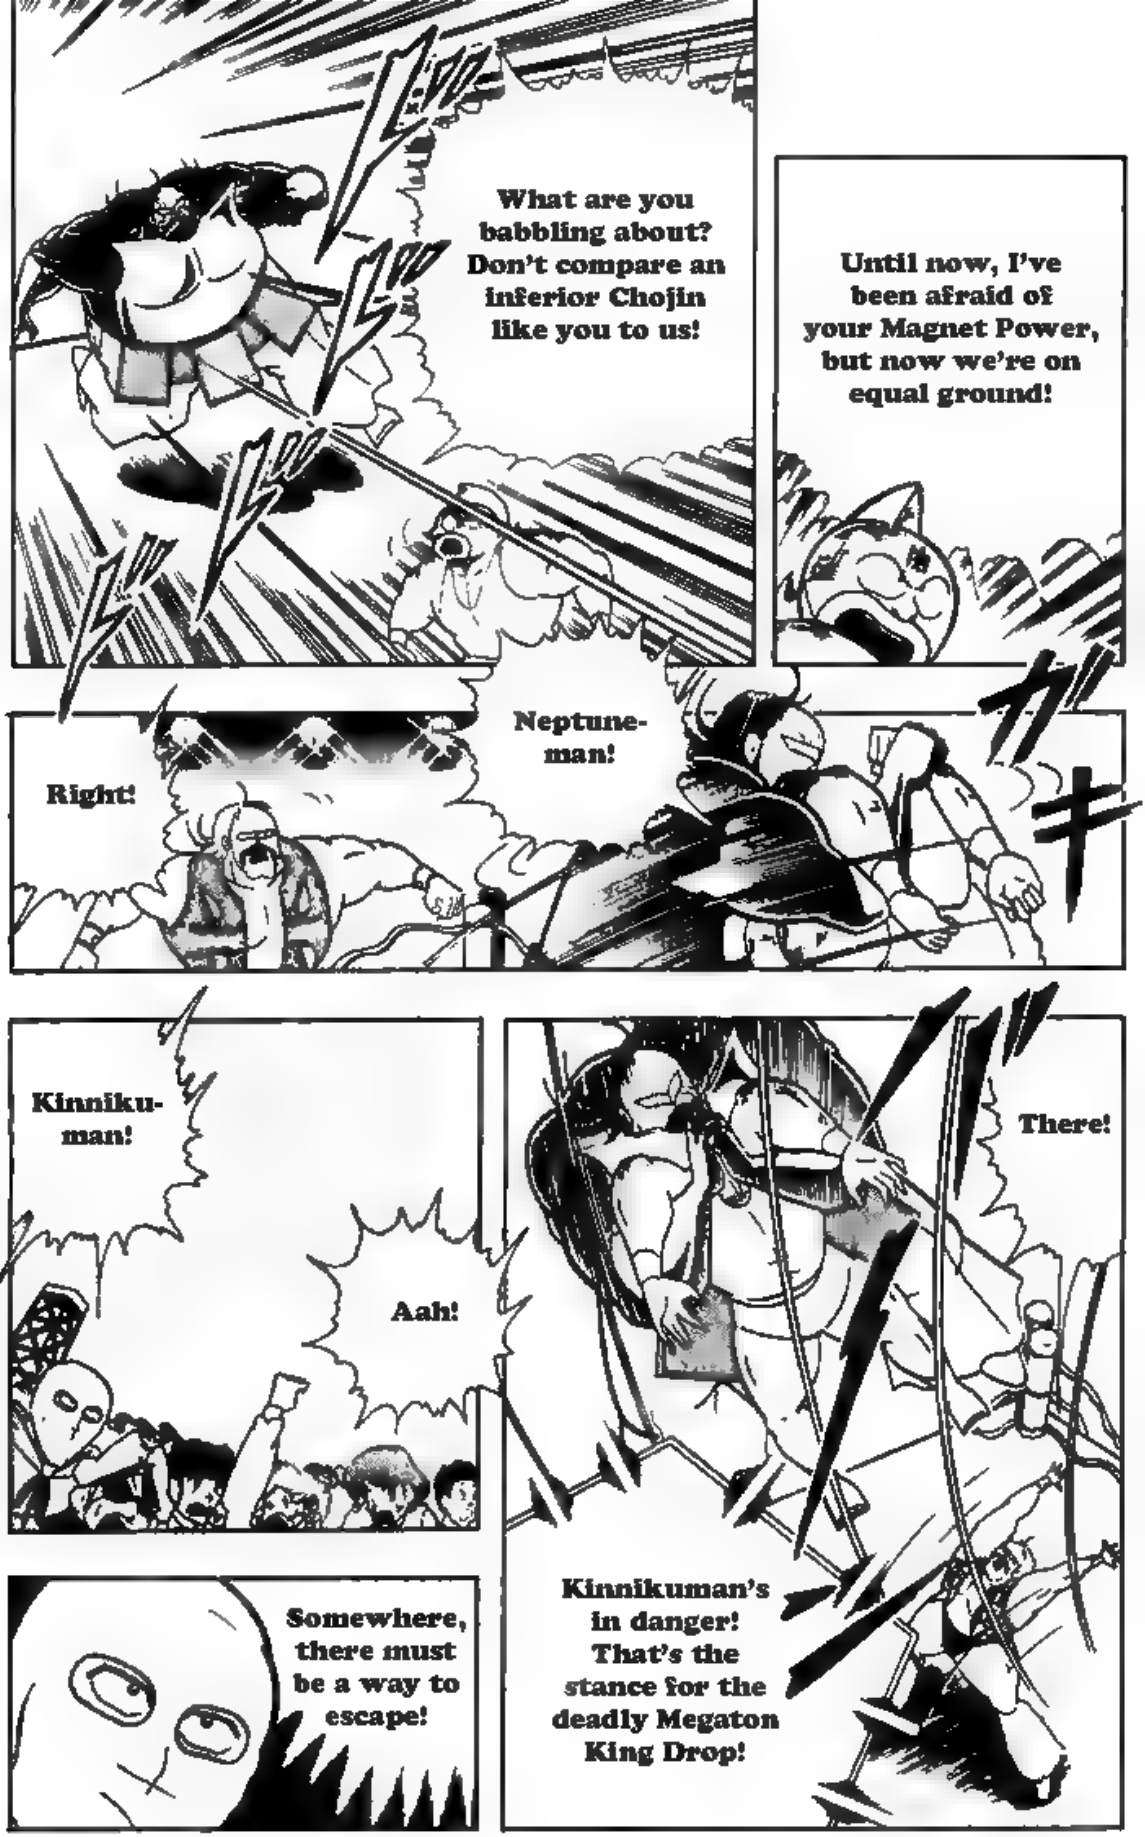
How? How is the Perfect Chojin's magnetism coming from [illegible]'s body!?



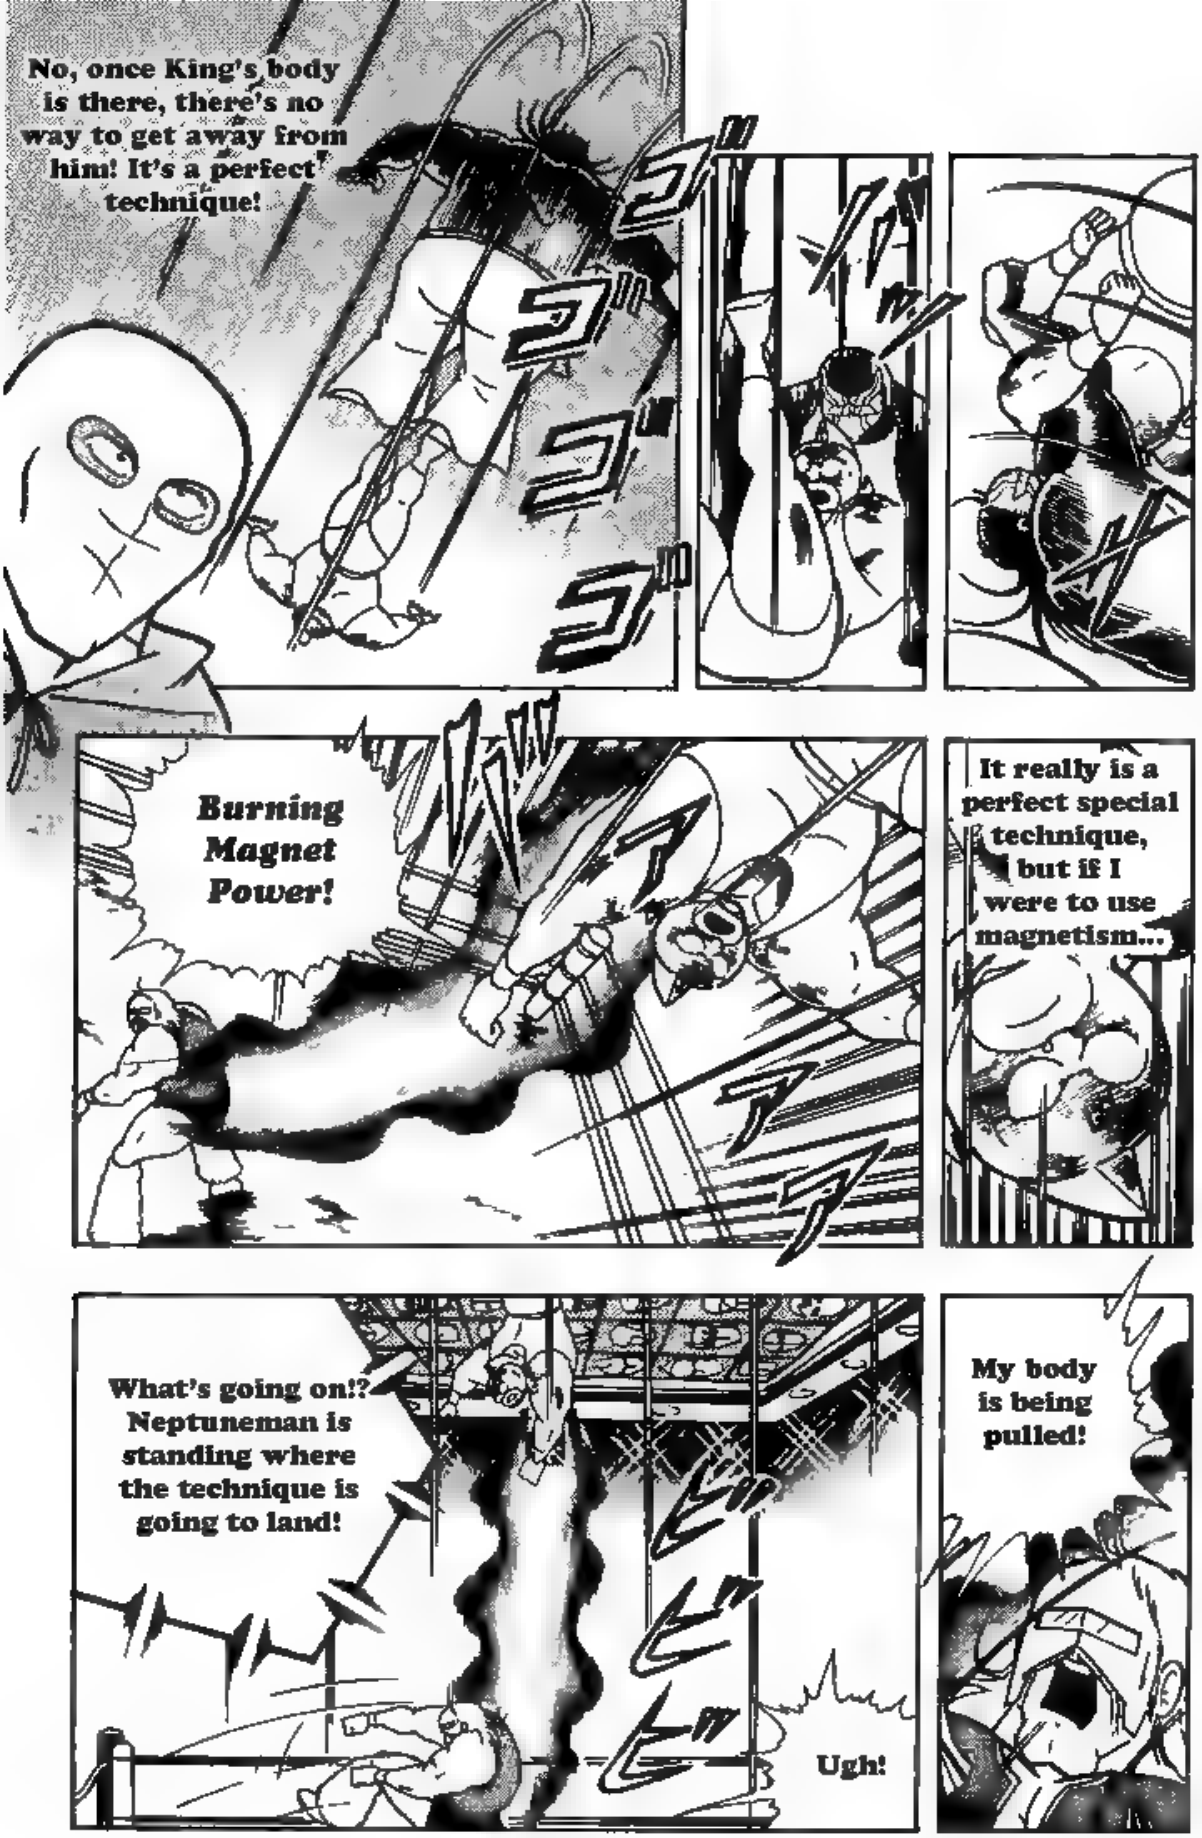
That results in a Kinnikuman-style Magnet Power!
The large amount of magnetism Kinnikuman has absorbed is linked to his Burning Inner Strength.
Burning Inner Strength
Burning Inner Strength
Kinnikuman Magnet Power
Body covered in magnetism

I can use it, too!
Right, the magnetism covering my body isn't just an advantage for the Perfect Chojin!

Now I get it.



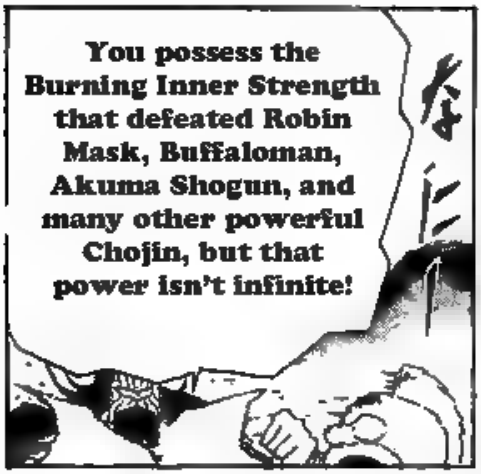
What are you babbling about? Don't compare an inferior Chojin like you to us!
Until now, I've been afraid of your Magnet Power, but now we're on equal ground!
Neptune-man!
Right!
Kinniku-man!
Aah!
There!
Kinnikuman's in danger! That's the stance for the deadly Megaton King Drop!
Somewhere, there must be a way to escape!



No, once King's body is there, there's no way to get away from him! It's a perfect technique!
Burning Magnet Power!
It really is a perfect special technique, but if I were to use magnetism...
What's going on!? Neptuneman is standing where the technique is going to land!
Ugh!
My body is being pulled!

What!?
Megaton King Drop!
Neptuneman's body has become a cushin, stopping Kinnikuman from hitting the canvas!
Neptune-man!
Guh!

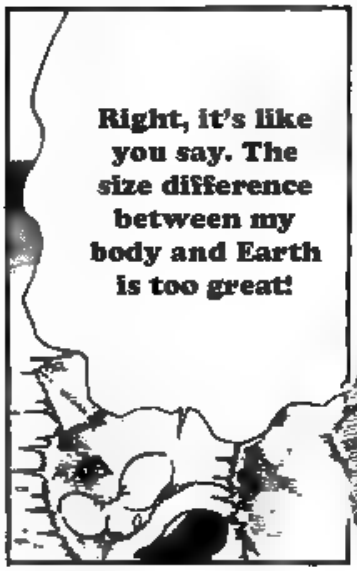
Burning Magnet Power!
Ugh!
With that obstacle out of the way, now it's a 1-on-1 match!
What!? Original Magnet Power!
Neptune King endures! This has become a battle of Magnet Power!
No! Kinnikuman's still at a disadvantage! He's taking too many injuries against a huge opponent!
It's been hard for him against two opponents, but a solo battle is Suguru's specialty!



You possess the Burning Inner Strength that defeated Robin Mask, Buffaloman, Akuma Shogun, and many other powerful Chojin, but that power isn't infinite!

Well, I won't lose!

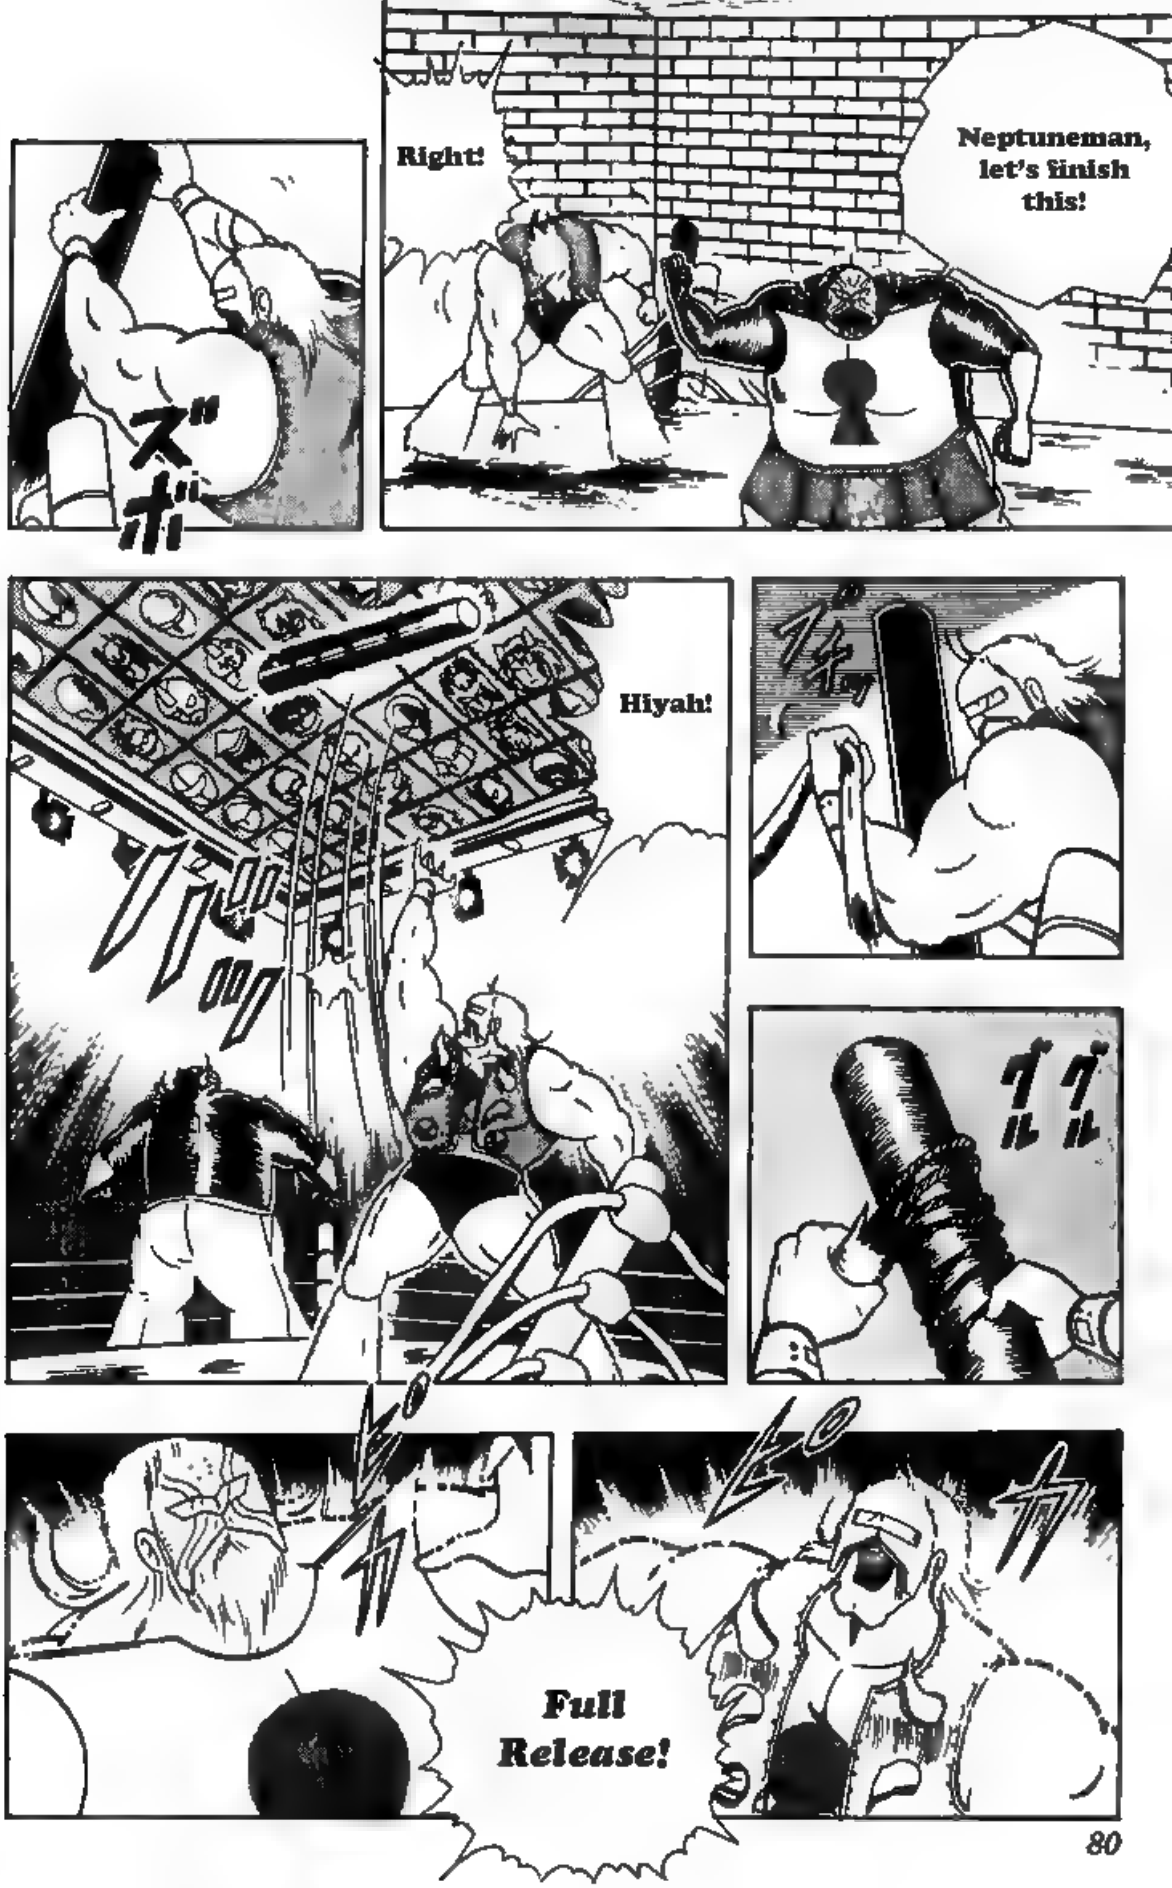
King! This is a battle between your Magnet Power and my Burning Inner Strength! The loser will be whoever runs out first!



Right, it's like you say. The size difference between my body and Earth is too great!

However, the source of my Magnet Power is Earth, which has nearly limitless energy! How could your limited Inner Strength possibly challenge the energy of the Earth!?

The power of Kinnikuman's Magnet Power is running out, while Neptune King's is increasing!
My body is being pulled to Neptune King's Magnet Power...
Heh heh heh... Now you understand that although you're covered in it, the magnetism being emitted from your body is slowly running out!
Quarrel Bomber!
Play-time's over!
Kinnikuman's Burning Inner Strength has been defeated!



Right!
Neptuneman, let's finish this!

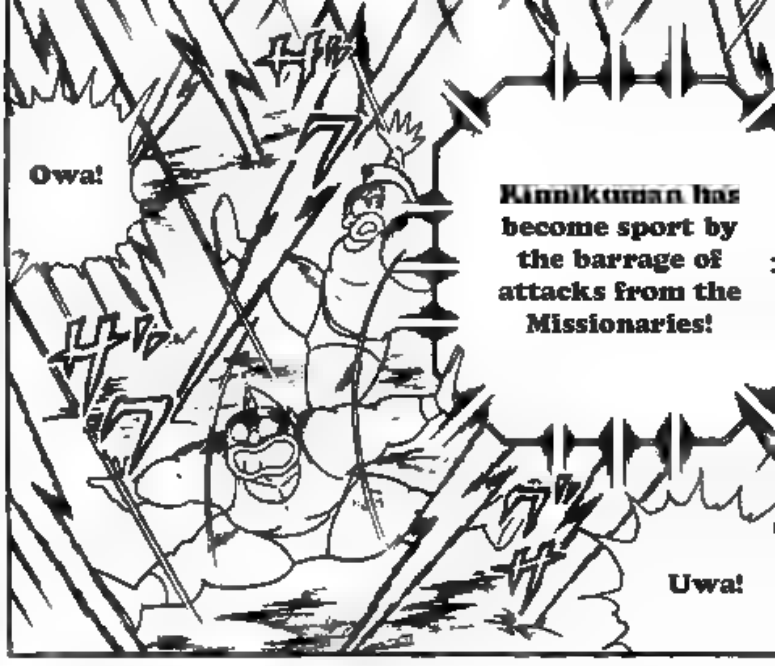
MAYUMI

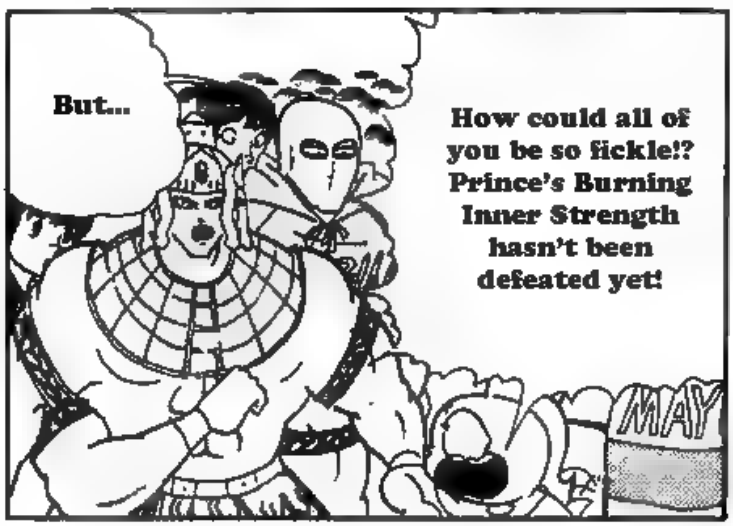


Owa!
Kinnikuman has become sport by the barrage of attacks from the Missionaries!
Uwa!

I always feared that this day would come. Chojin who possess a power greater than the Burning Inner Strength have appeared!

As a devil, I'm usually not impressed, but even I admire the bottomless power of the Perfect Chojin!

The Burning Inner Strength is powered by his friendship with everyone! Your fickle attitude is the reason he's so weak right now!



But...
How could all of you be so fickle!? Prince's Burning Inner Strength hasn't been defeated yet!
MAY

It's like Meat said! We have to believe in Kinnikuman's power more!
Everyone, please believe in the miracle by raising a cheer for the Prince!
If you keep your legs firm, you'll be able to fight for another hour!
Kinnikuman, show more spirit!
Kinnikuman, even though I'm a devil, I'll be cheering for you today!

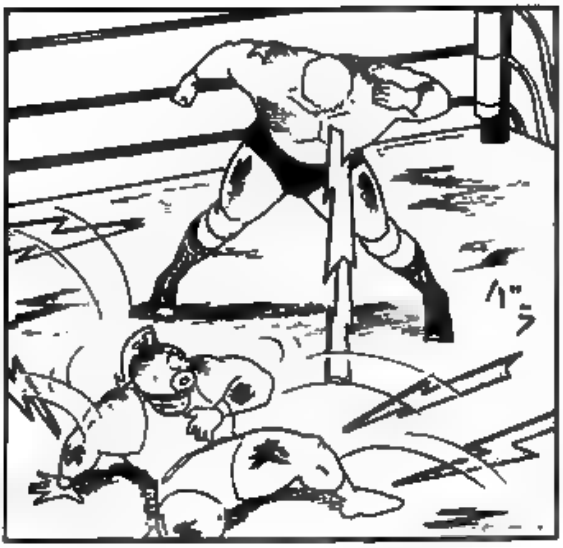
I can't move!

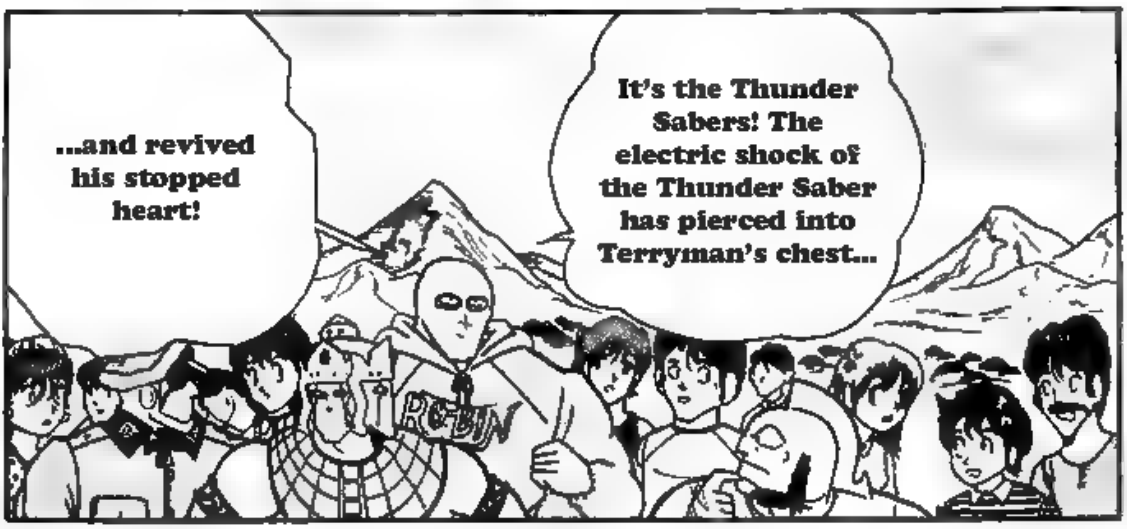
...but with your whole body pinned down, it won't happen this time!
Gururo... every time you've been in a pinch, you've been saved by your Burning Inner Strength...
Calm down, Meat!
That idiot! Even if Prince's whole body is pinned down, the Burning Inner Strength will always create a miracle!

But the only people in the arena are King and Neptuneman in the air, and Kinnikuman pinned to the ground. The other hand is...
A hand!
Kinnikuman, take this Deadly Cross into your chest!
Neptune King is sending down a Deadly Cross at Kinnikuman, who can't move!
Kinnikuman, it's time to repay your debts!
Don't worry, even when you die, 1000 Perfect Chojin, including me, will protect this Earth!

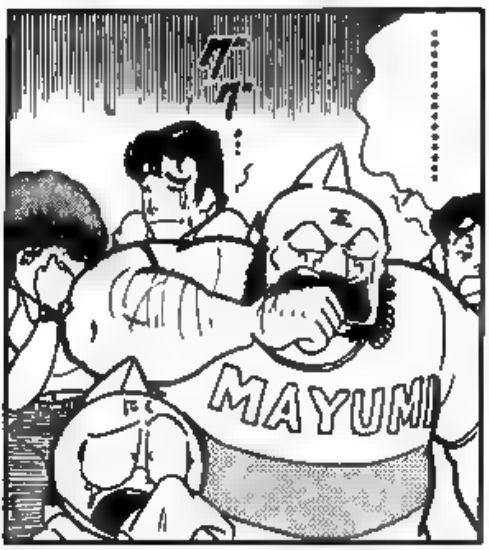
Kinnikuman's Burning Inner Strength has created another miracle
But that's...
Terryman!
Terryman, who should be dead, is up once again!
It is Terry!

You should be dead Terry, so why...?



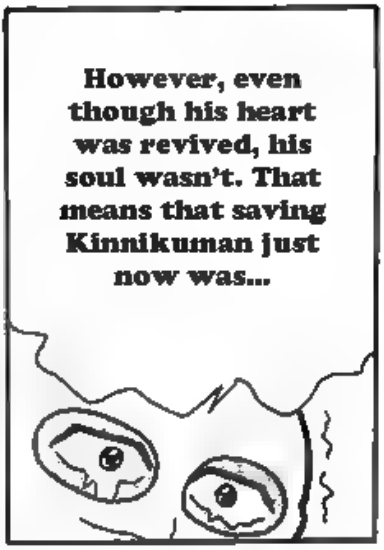


...and revived his stopped heart!
It's the Thunder Sabers! The electric shock of the Thunder Saber has pierced into Terryman's chest...
RUBIN



MAYUMI

Friendship! It was just friendship!



However, even though his heart was revived, his soul wasn't. That means that saving Kinnikuman just now was...

...having a heart that believes gives us perfect intentions!

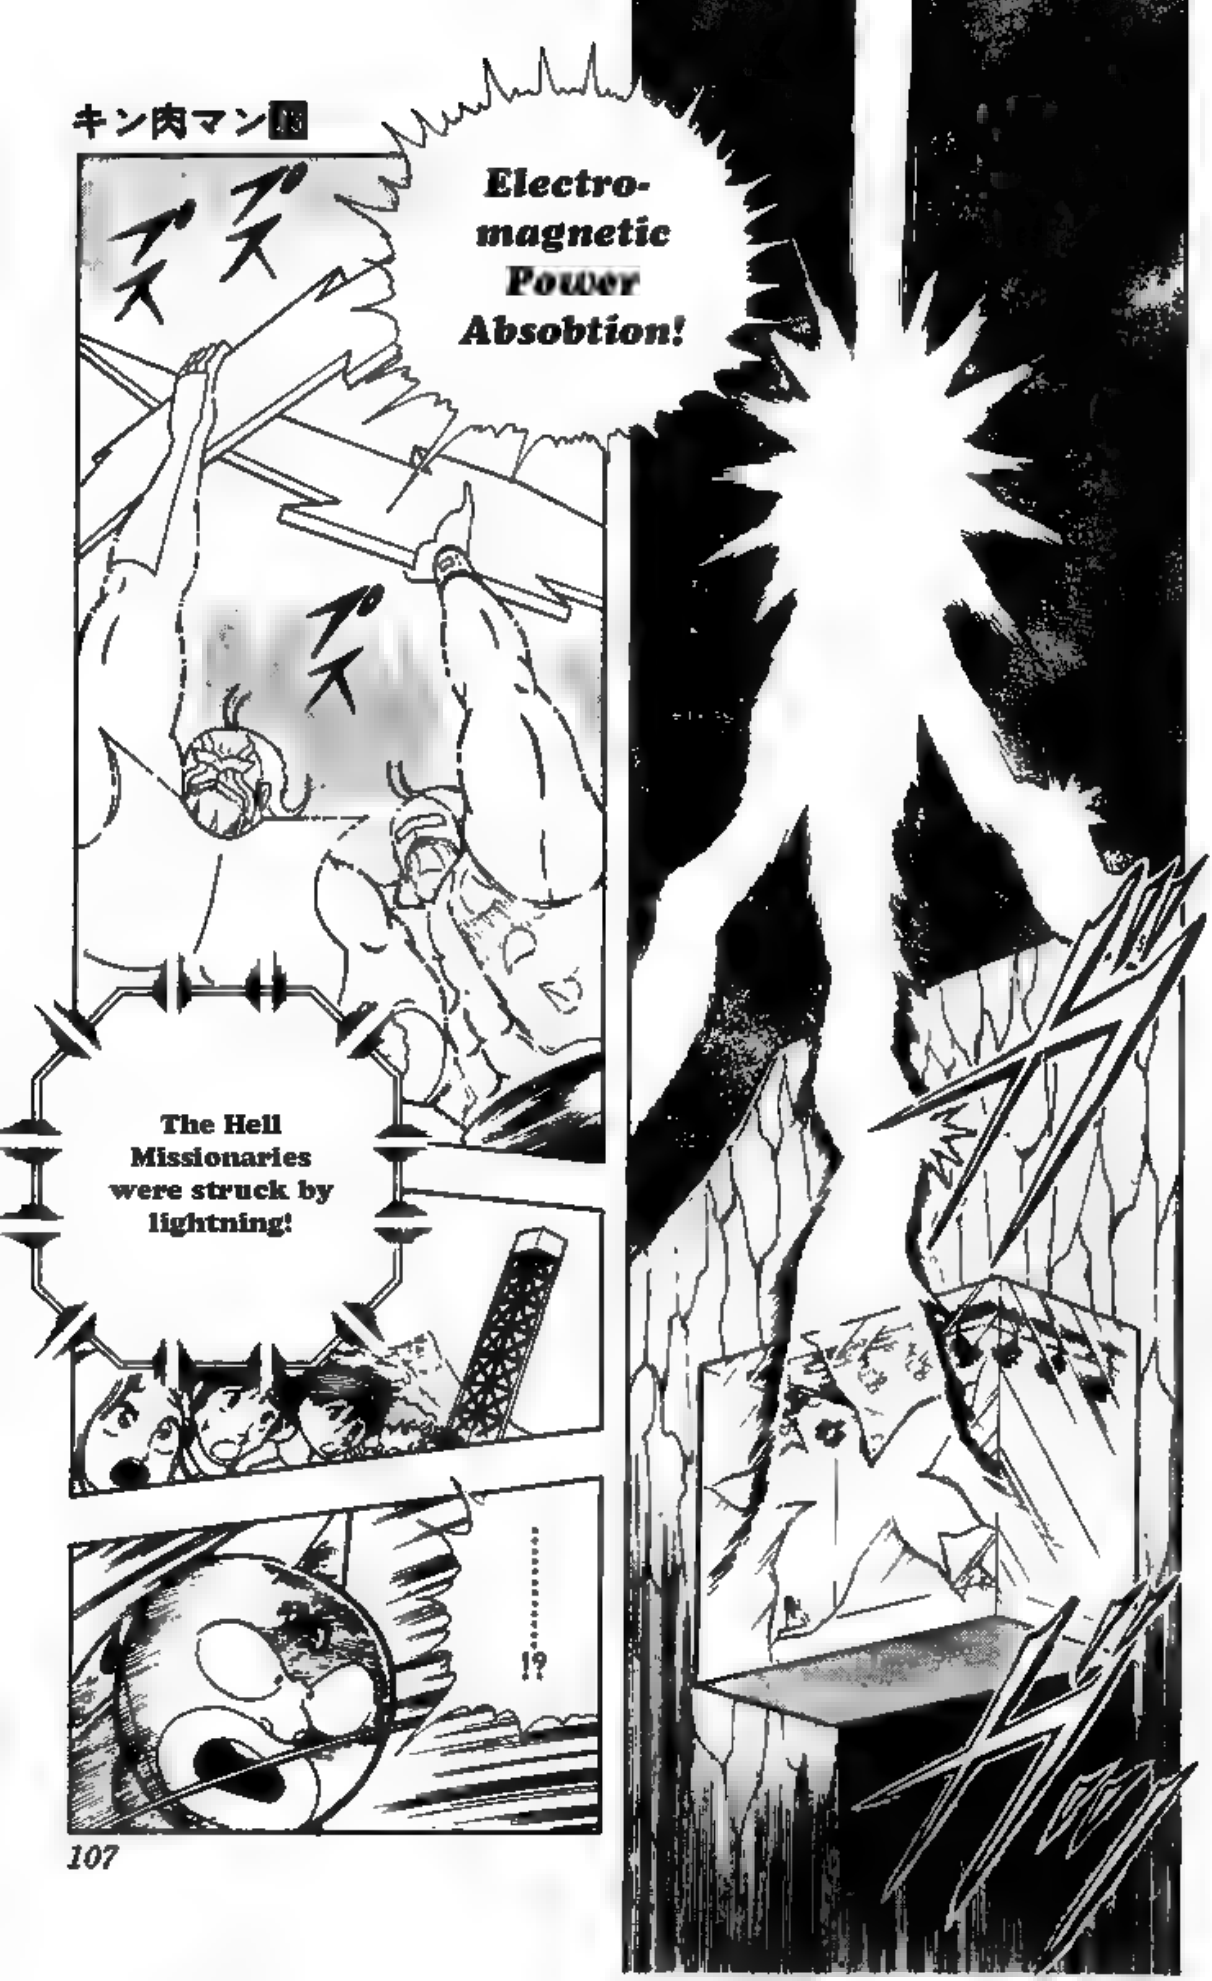
Dream Chojin Tag Arc 61

Three Sentences of Hell!

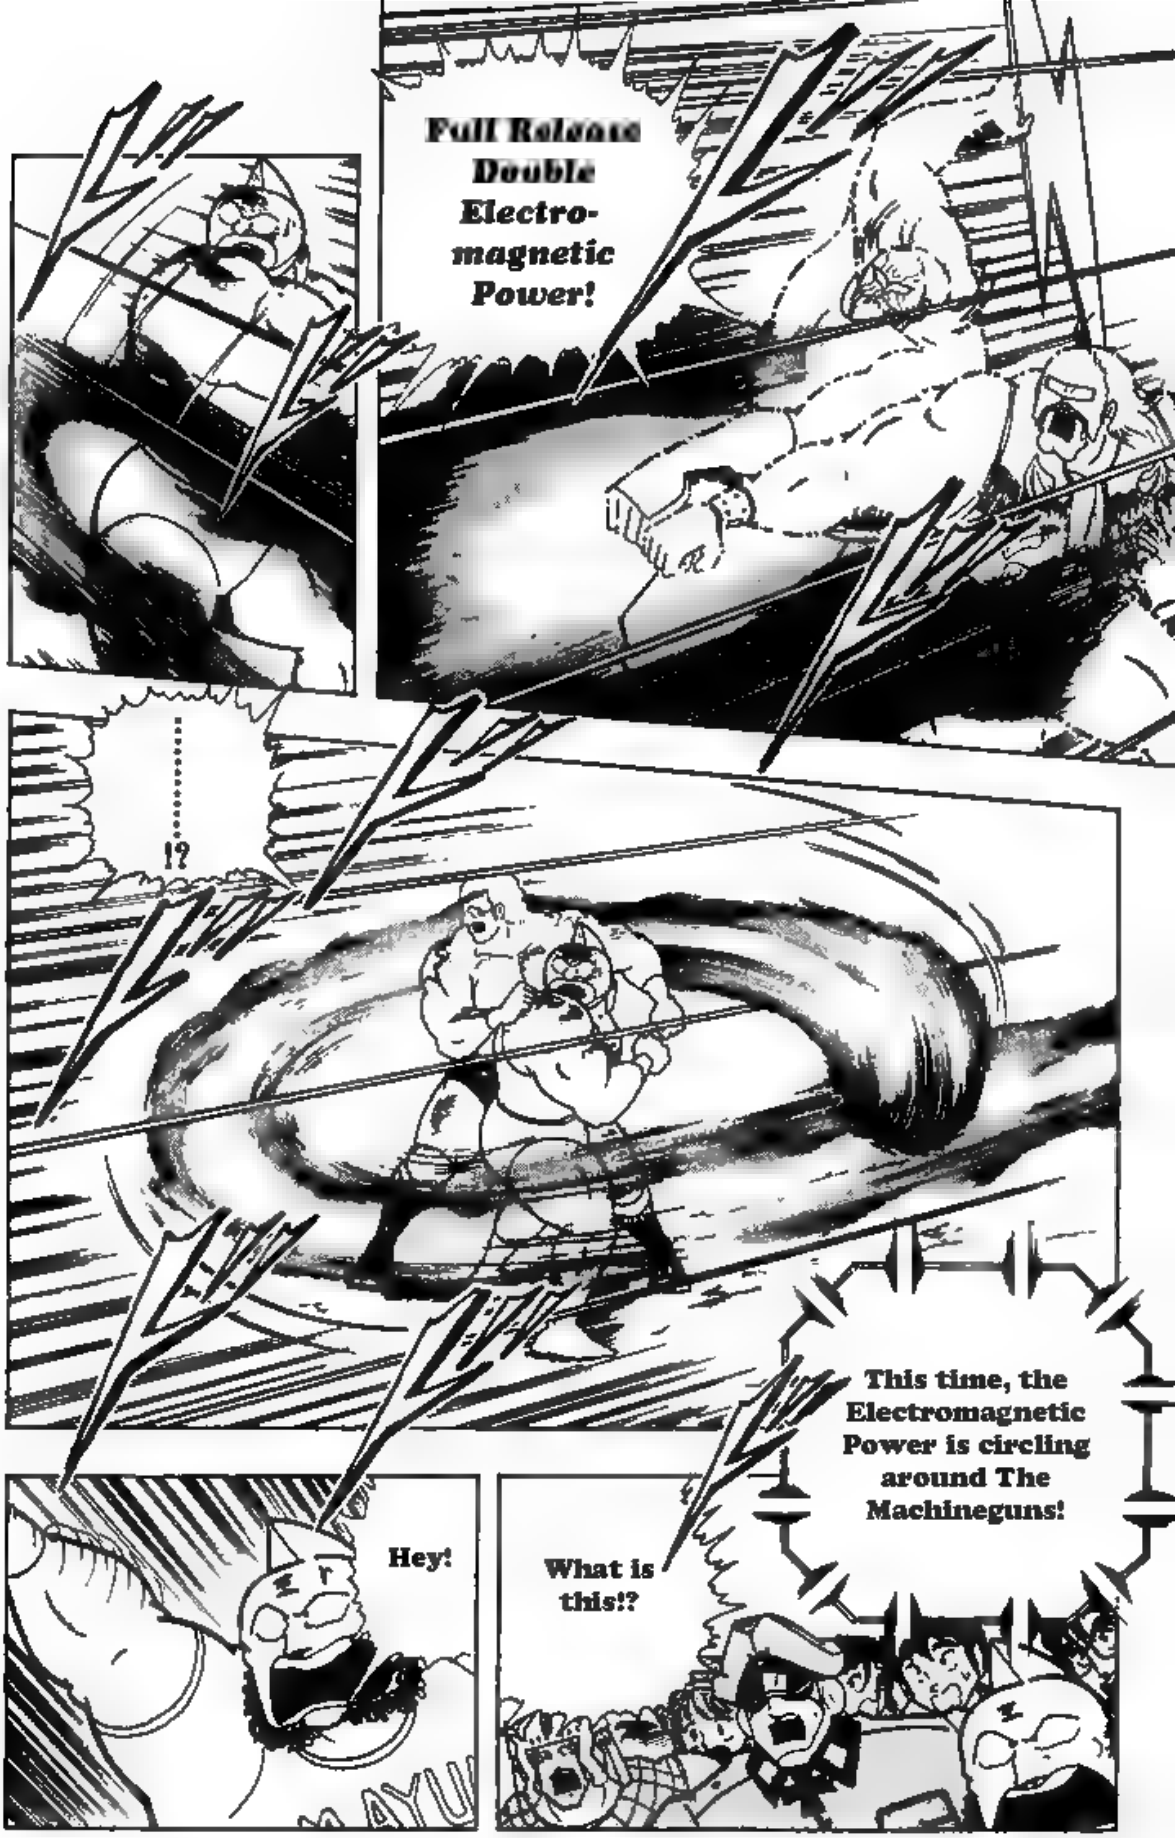
A Team Kinniku Release

Ugh!
Neptuneman, what's going on? We've released all of our Magnet Power, but his body still isn't being affected!
I don't know!
The Double Magnet Power, which is taking all of the Missionaries' effort, is being shrugged off by The Machineguns!

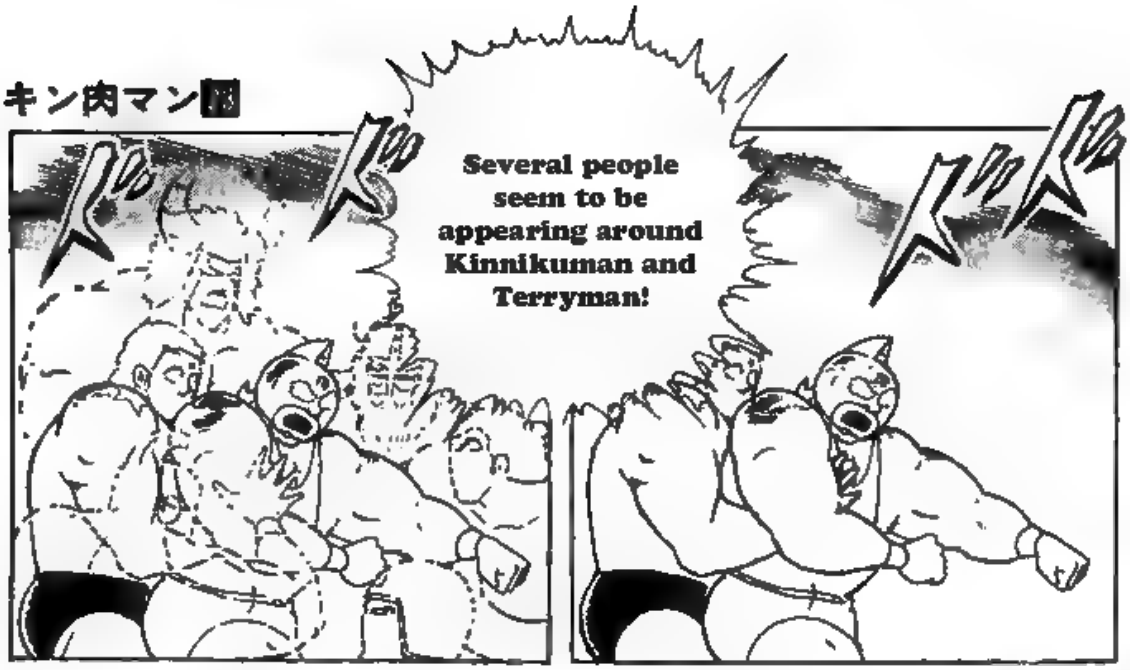
I'm saved thanks to all of you!
I'm sure that The Machineguns have some other form of power!
I'm pretty sure that just Kinnikman and Terryman can't defend against our Magnet Power!
Another form of power...?
What do we do?
The ones who are giving them this power!
We can't see them...
We'll use Electromagnetic Power!



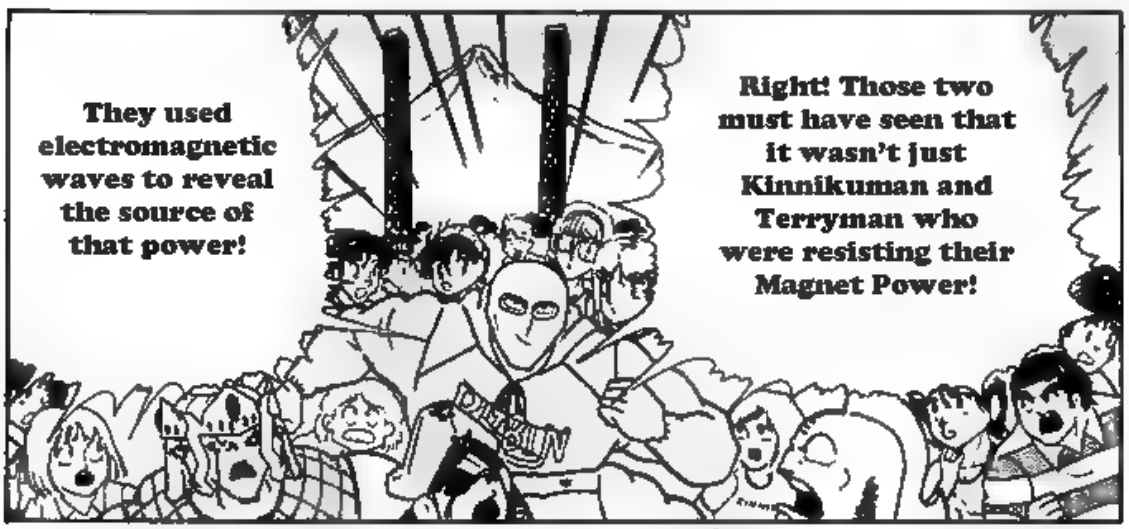
Electro-magnetic Power Absobtion!
The Hell Missionaries were struck by lightning!
!?



Full Release Double Electro-magnetic Power!
!?
This time, the Electromagnetic Power is circling around The Machineguns!
Hey!
What is this!?



Several people seem to be appearing around Kinnikuman and Terryman!

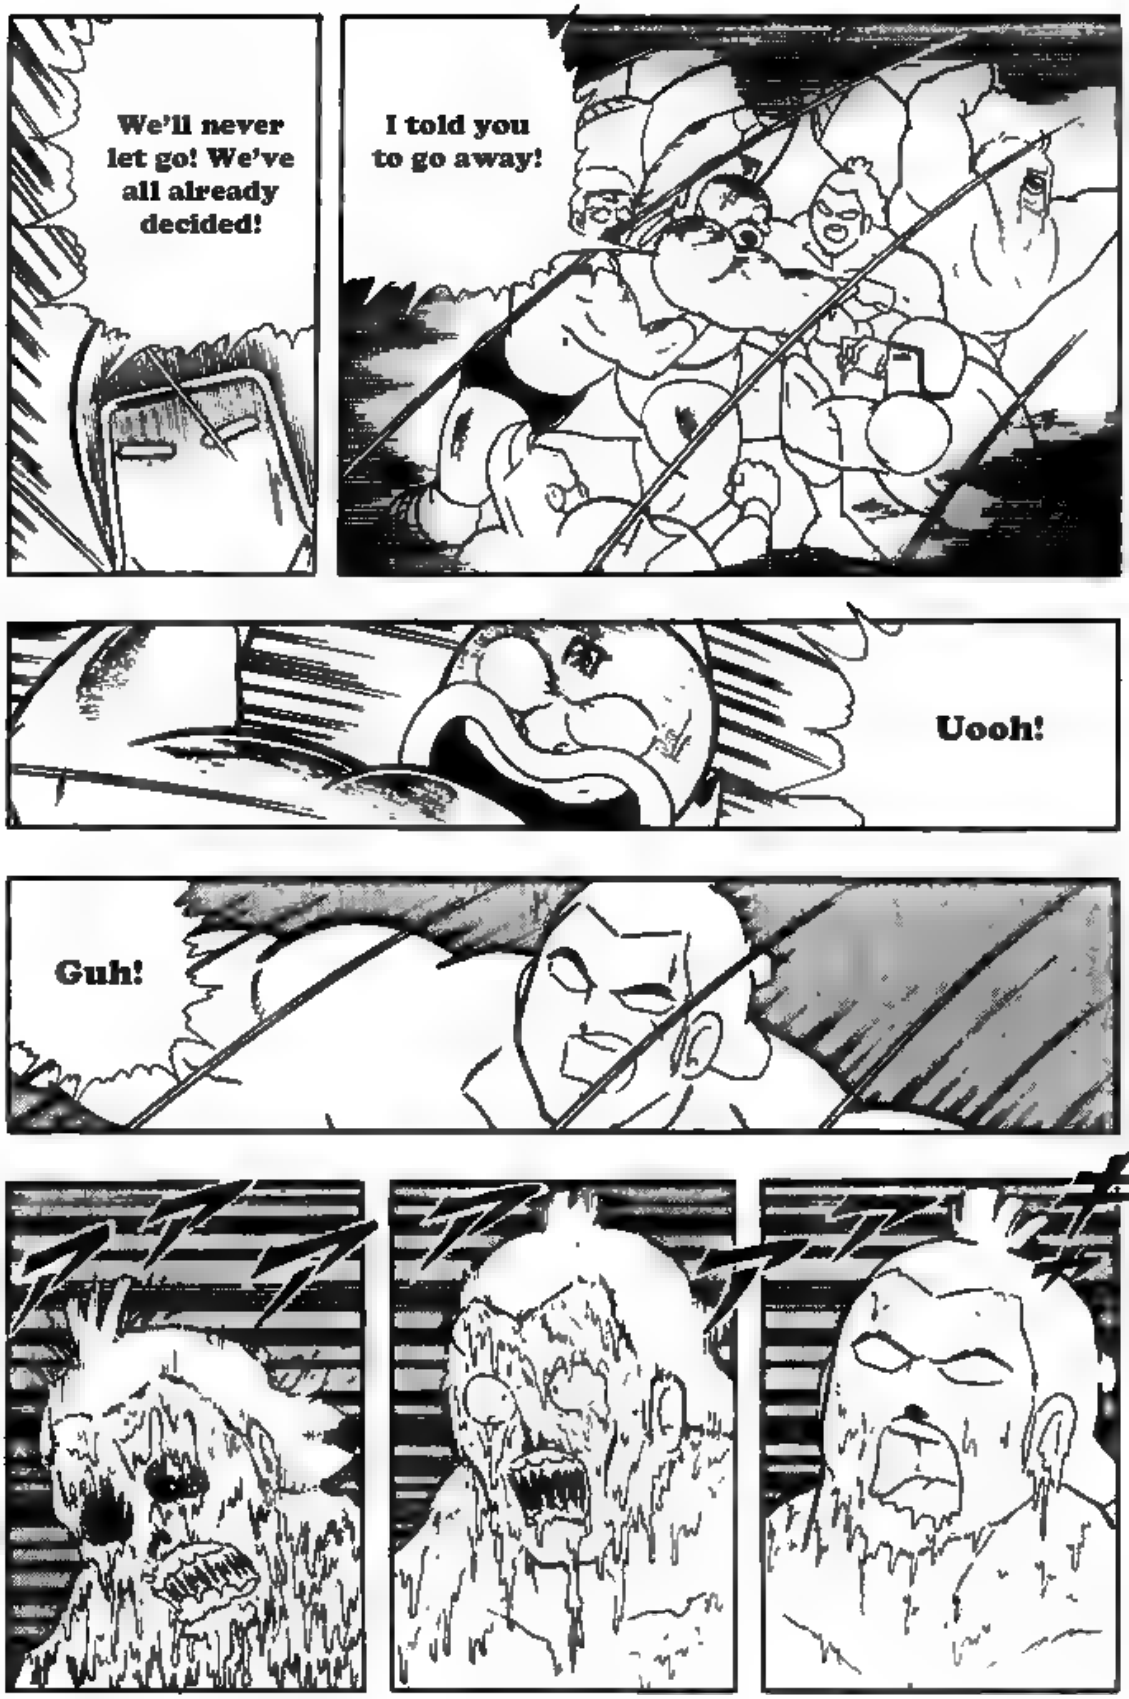


They used electromagnetic waves to reveal the source of that power!
Right! Those two must have seen that it wasn't just Kinnikuman and Terryman who were resisting their Magnet Power!

What!? Wolfman, Warsman, Buffaloman, Kamehame and Doctor Bombe!? Those are all Chojin who are dead!

He sees them...
Gururo... just as I thought. They were the ones assisting Kinnikuman!
If you weren't borrowing the power of your dead allies, you wouldn't be able to oppose us!
Kinnikuman, you're still a worthless Chojin!
You're just a novice who can't do anything without them gathering around you like that!
No matter how much you talk about Frinedship Power, all of you are ultimately just weak!
What!?

Even when I'm in a tag team with Neptuneman, we don't have an ounce of trust between us!
Perfect Chojin always rely on our own power! We're alone when we fight, and alone when we die!
Kinnikuman!
You're wrong! I'm not a novice!
Go away! All of you leave me alone!
Calm down, Kinnikuman! This is what they want you to do!
I'm going to fight them alone!
Gururo... that's right, Kinnikuman! This friendship is the reason that you'll never become a first-class Chojin! Now rid yourself ot these inferior Chojin!



We'll never let go! We've all already decided!
I told you to go away!
Uooh!
Guh!

Wolfman!
Wolfman was already a soul from the first time he died, and now he's died again! Magnet Power is terrifying!

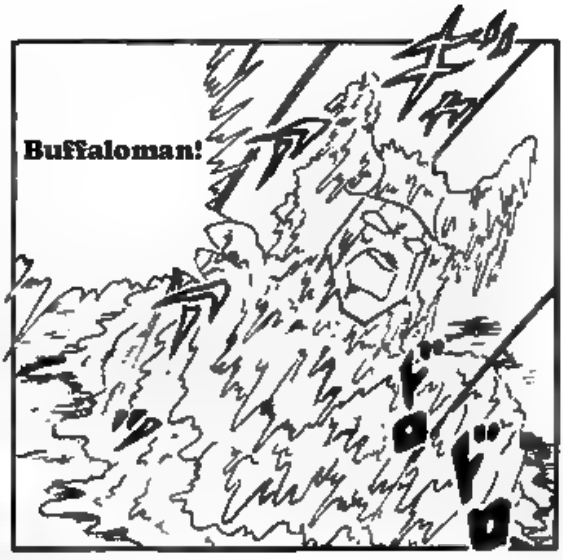
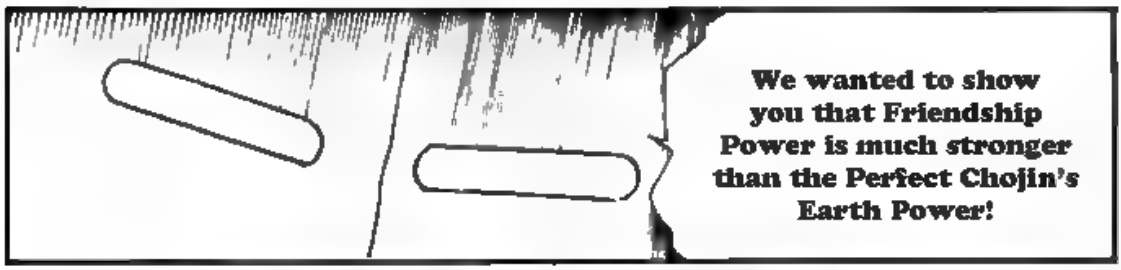
ドドドド

Ugh...
Why!? Why are you all doing this for me!?

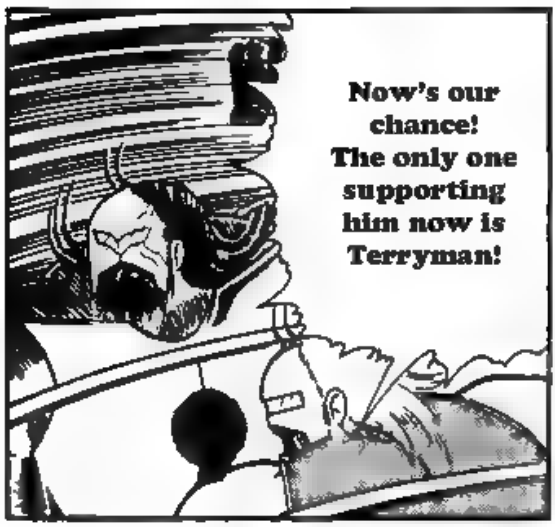


Buffaloman!



We wanted to show you that Friendship Power is much stronger than the Perfect Chojin's Earth Power!

Guwaaah!



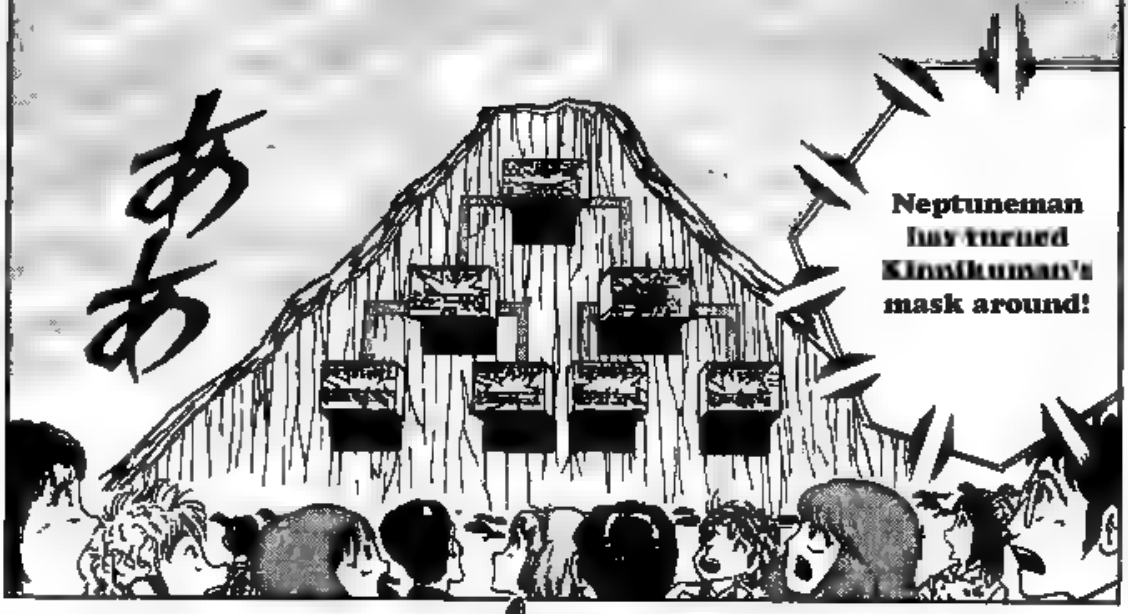
Now's our chance! The only one supporting him now is Terryman!

Warsman!

Guh!
Double Magnet Power!
Owa!
King, leave him to me!
The Hell Missionaries have easily pulled Kinnikuman to them!
Your life is the only thing you have to offer them!
It's my fault, everyone! Should I repay you with my life!?

Three Sentences of Death: Number 1!
Neptuneman has put Kinnikuman into a Sleeper Hold and a side suplex!

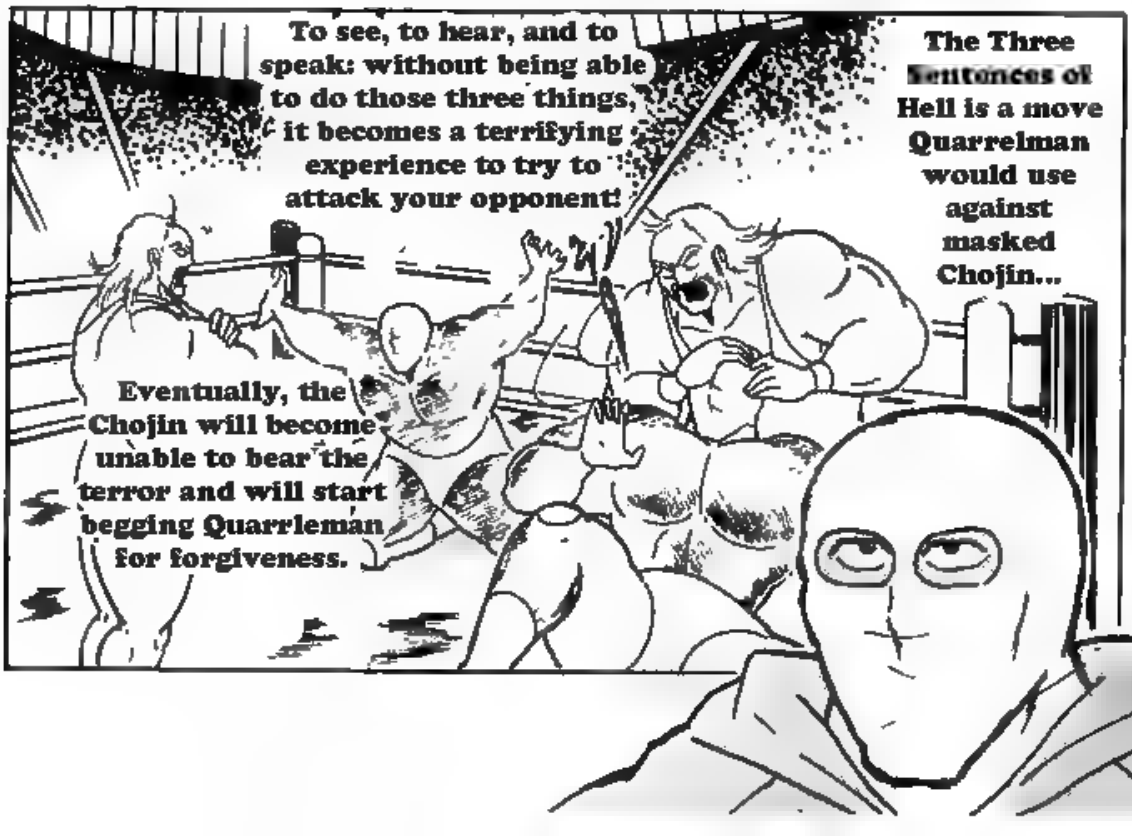
Ugh...
Geh!
I can't hear my voice...
Terry, please wake up!
Heh heh heh, what do you think? Now you can't even ask Terryman for help!
Heh heh heh!
We still have two Sentences of Hell left!



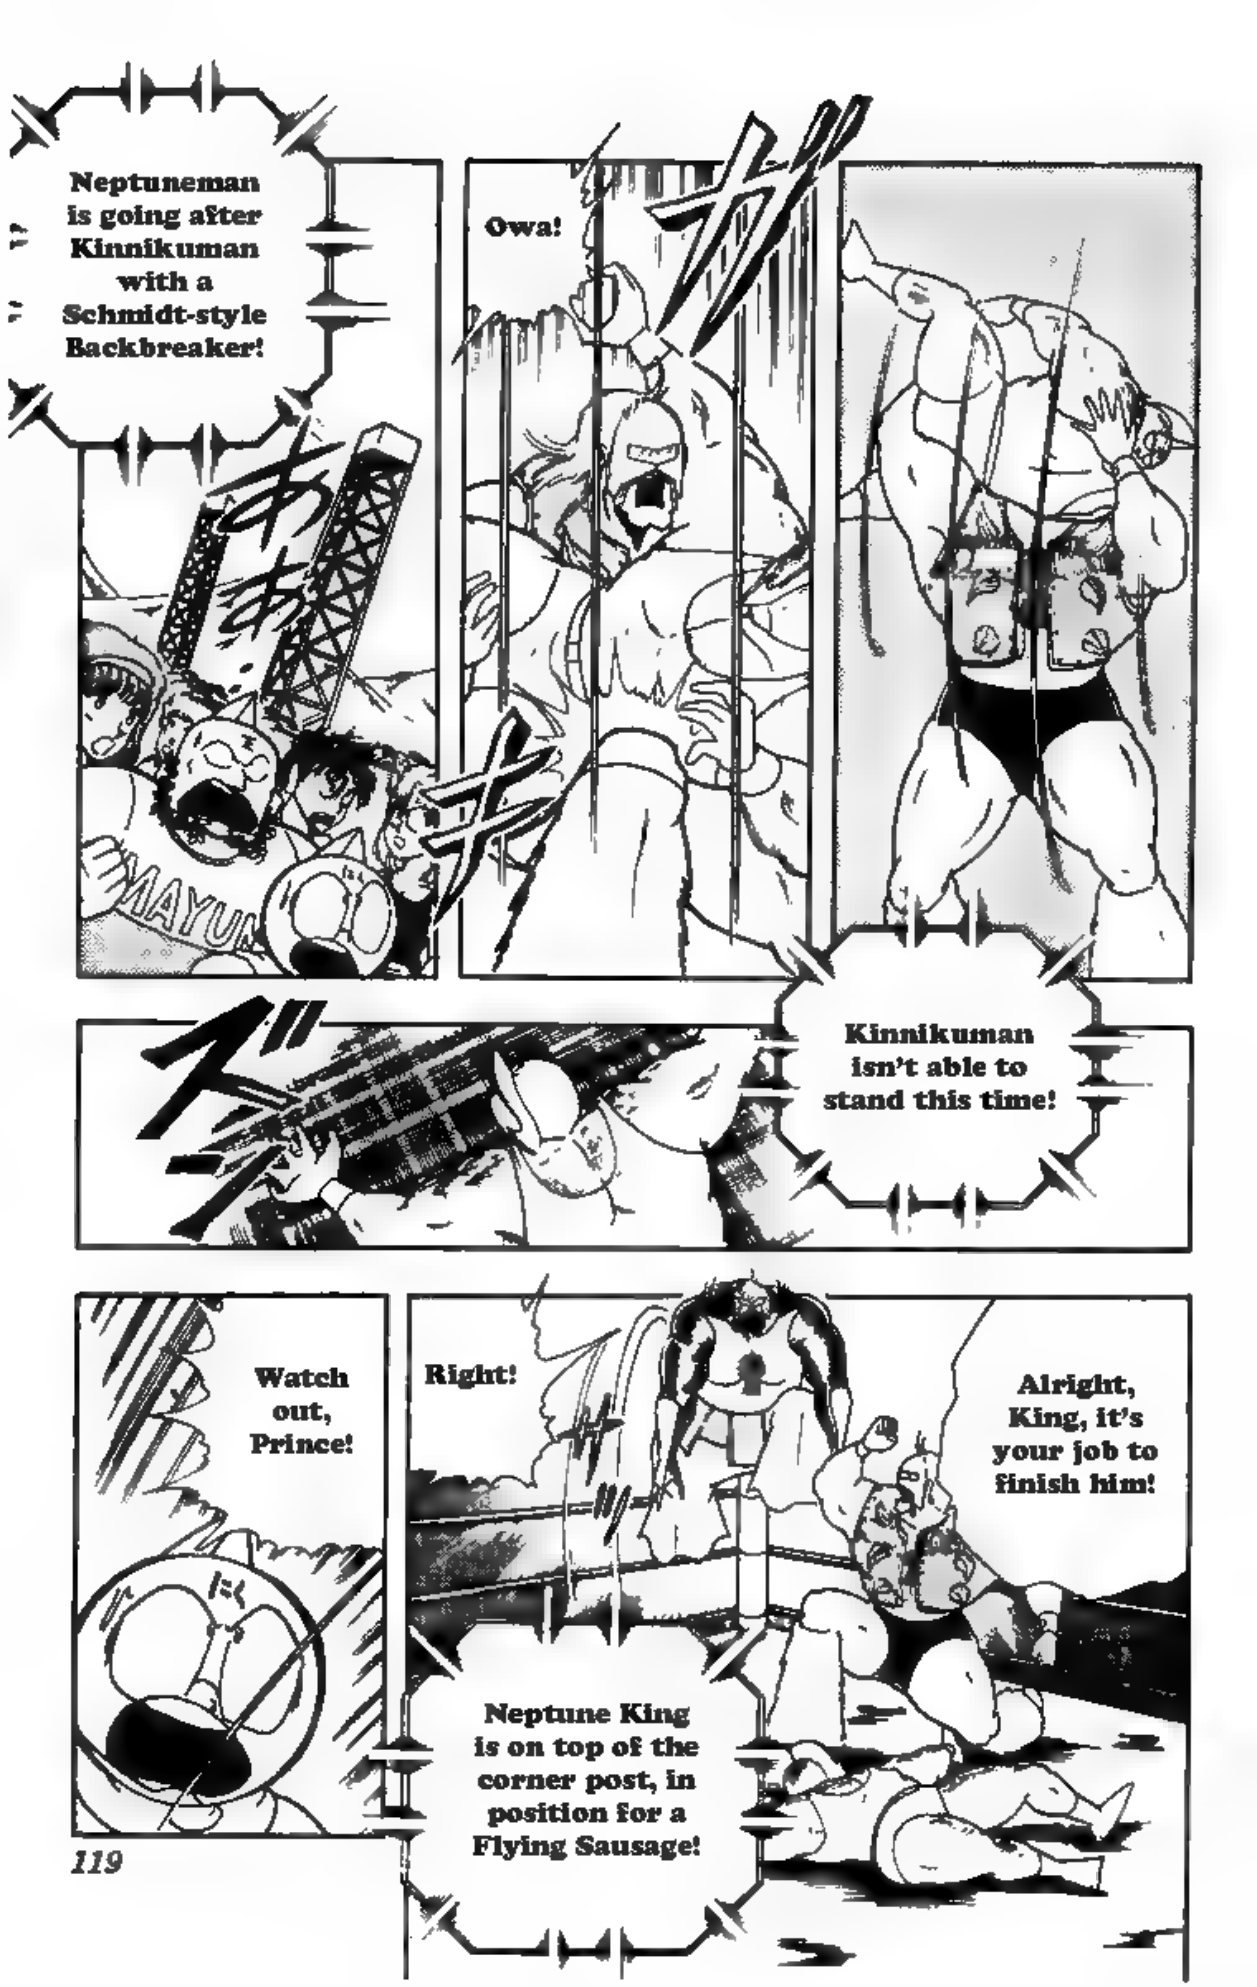
Neptuneman has turned Kinnikuman's mask around!

Even if I call for help, my voice won't work...
Now, I can't see or hear, either...

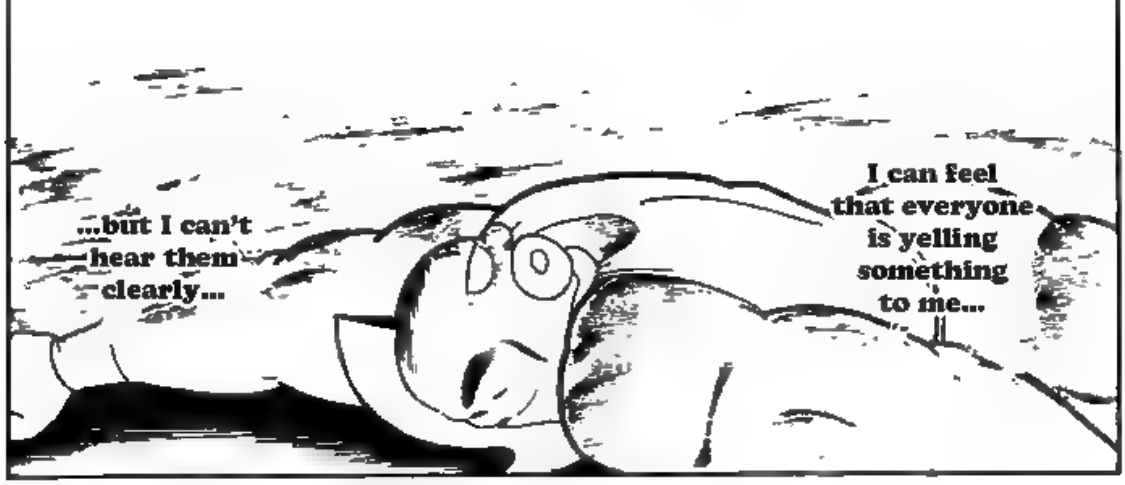
Now do you understand the Three Sentences?



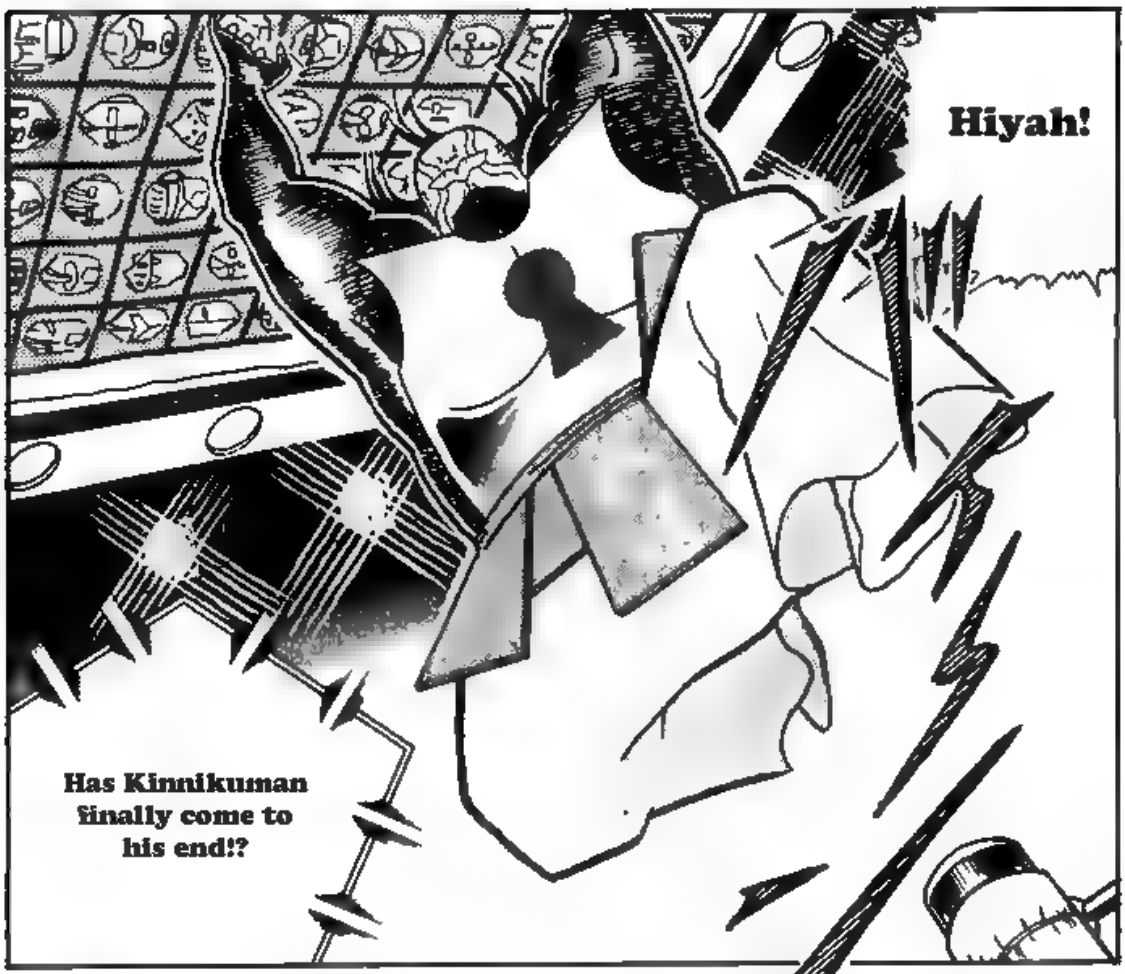
To see, to hear, and to speak: without being able to do those three things, it becomes a terrifying experience to try to attack your opponent!
The Three Sentences of Hell is a move Quarrelman would use against masked Chojin...
Eventually, the Chojin will become unable to bear the terror and will start begging Quarrleman for forgiveness.



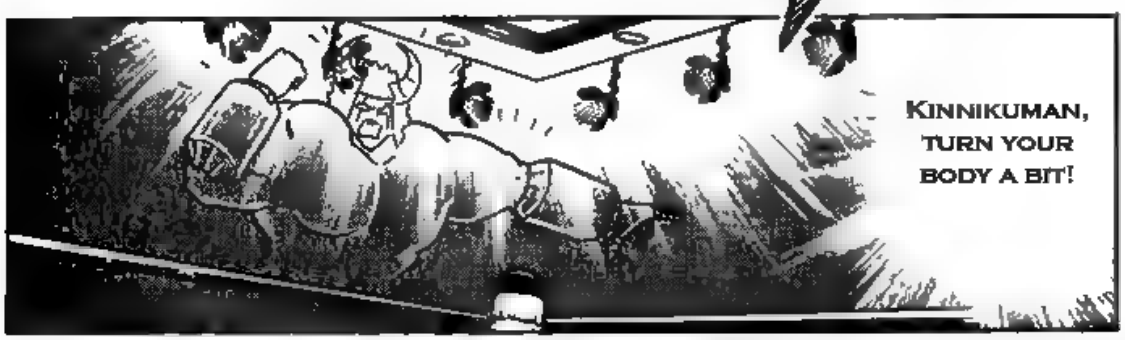
Neptuneman is going after Kinnikuman with a Schmidt-style Backbreaker!
Owa!
Kinnikuman isn't able to stand this time!
Watch out, Prince!
Right!
Alright, King, it's your job to finish him!
Neptune King is on top of the corner post, in position for a Flying Sausage!



...but I can't hear them clearly...
I can feel that everyone is yelling something to me...



Hiyah!
Has Kinnikuman finally come to his end!?



KINNIKUMAN, TURN YOUR BODY A BIT!

Ha.
You fools! You should have all melted from the Magnet Power earlier!
Kinnikuman has barely dodged it!
They'll always be there when Kinnikuman needs to see them!
The souls of dead allies are always alive in Kinnikuman's heart!
Do you really think you can burn souls of Justice Chojin with Magnet Power?

A bunch of novices who can't stand alone...
We Justice Chojin may be weak...
But you two claim that you're perfect, but you're also inferior Chojin who can't do anything without the power of the Earth!
A mark of some kind has appeared on the chest of King and Neptuneman!
Ugugu!

Dream Chojin Tag Arc 62
Secret of the Keyhole!
Guh!?
What are those marks on King and Neptuneman's chests!?

Is there something wrong? The normally [illegible] seem to be shaken for the first time!
Guooo!
ザワ

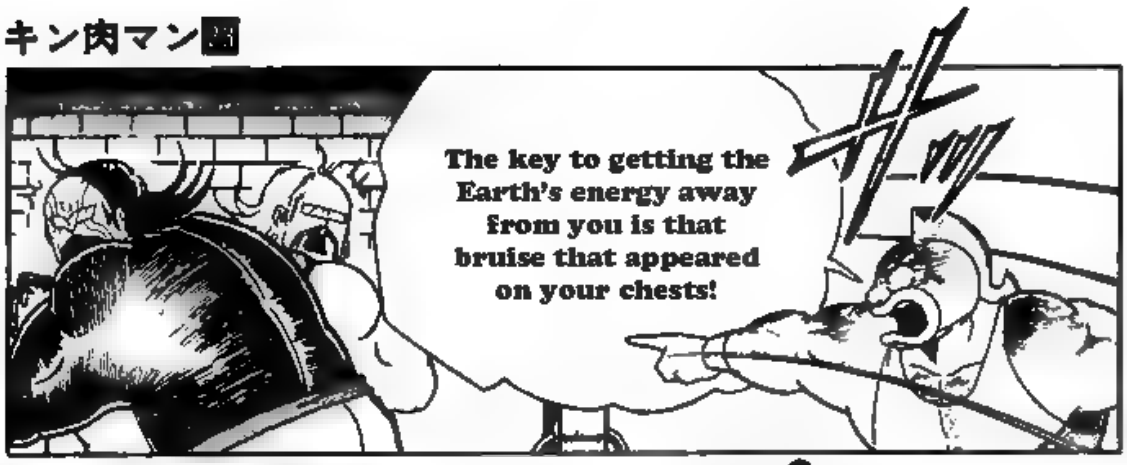
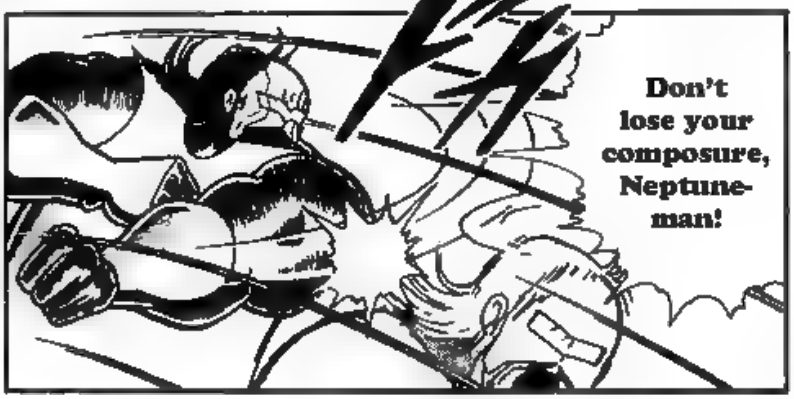
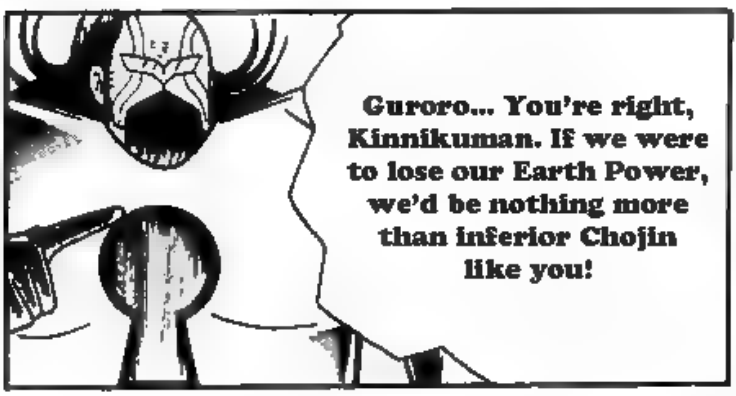
It looks like saying that you were inferior Chojin who couldn't do anything without relying on the Earth's Power was a bulls-eye!
No, the Apollo Window has appeared clearly! Hide it, Neptuneman!



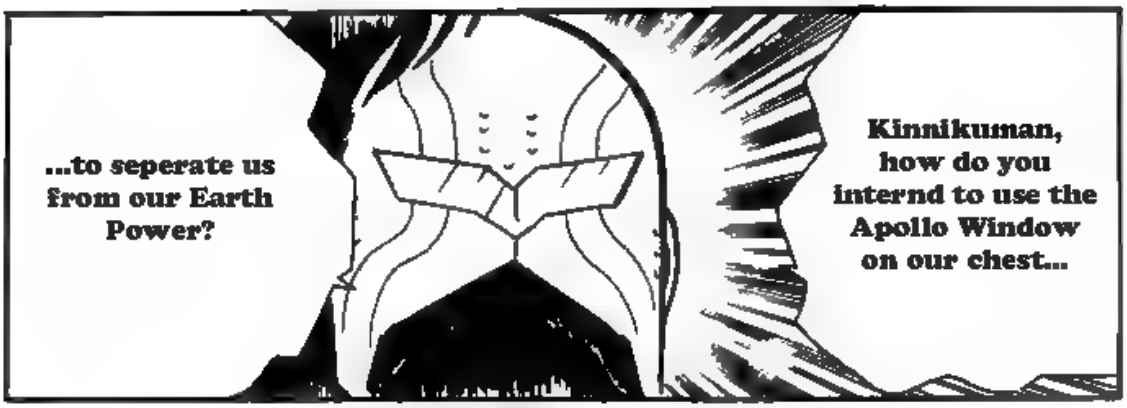
The key to getting the Earth's energy away from you is that bruise that appeared on your chests!



Don't lose your composure, Neptune-man!



Gururo... You're right, Kinnikuman. If we were to lose our Earth Power, we'd be nothing more than inferior Chojin like you!



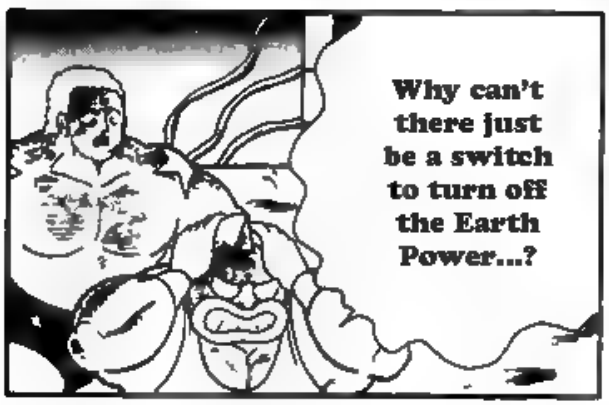
...to seperate us from our Earth Power?
Kinnikuman, how do you internd to use the Apollo Window on our chest...

...if you can't come up with an answer, then we Perfect Chojin will win!
If you could figure out an answer, then maybe you'd be able to defeat us, but...
By... Um...
Then we'll rule the world along with our army of allies!

...but it favors the Missionaries, since they already have Earth on their side!

This is a risky situation for both the Hell Missionaries and The Machineguns!

The truth will also be revealed about the change Neptuneman underwent as a Perfect Chojin!
No, that's not right... This will really help The Machineguns!

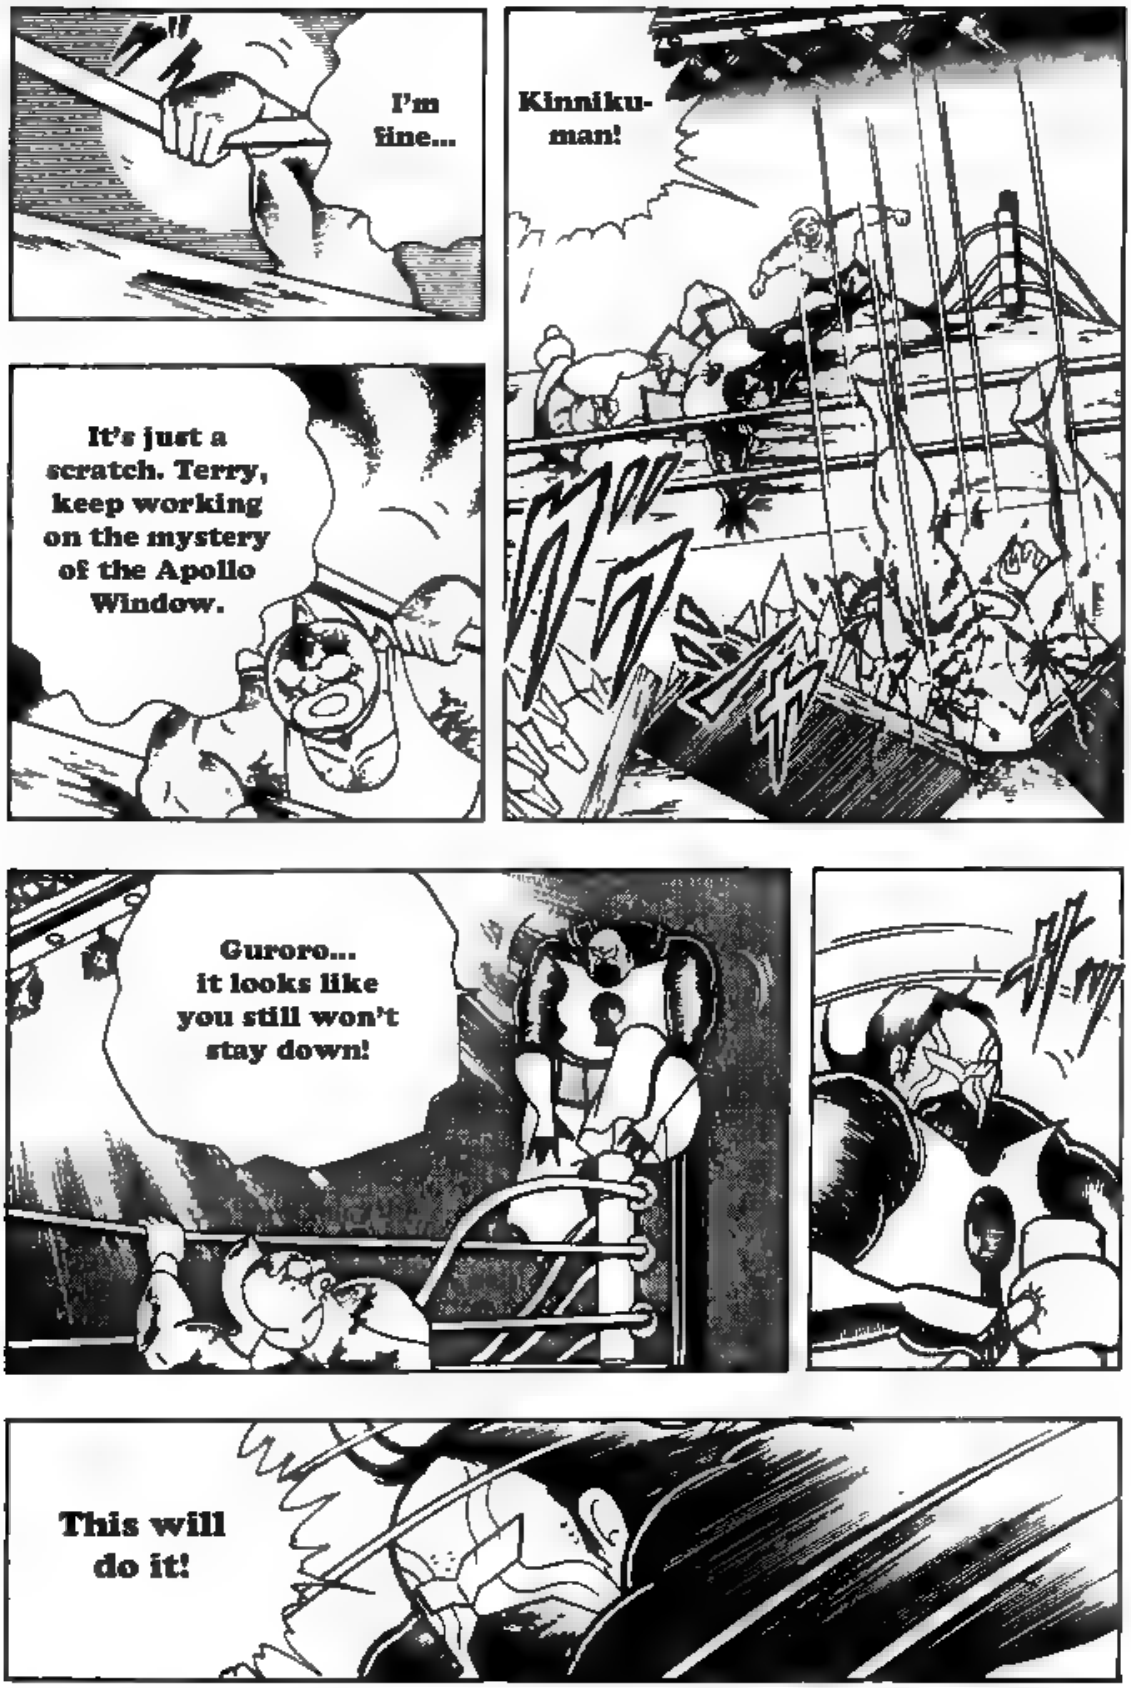


Why can't there just be a switch to turn off the Earth Power...?

Yeah, I saw something that looked like that when I died on the sword boards earlier.
Really, Terry-man?
The Apollo Window... I've seen a key-shaped hole like that somewhere before...
King, does that mean Terryman knows how to stop our Magnet Power!?
Ugh!
Remember where it was Terryman, before the world is controlled by the Perfect Chojin!
Terryman, give us your life!
The Missionaries have changed their target from killing Kinnikuman to killing Terryman!

おお
I won't let you touch Terryman!
Hiyah!

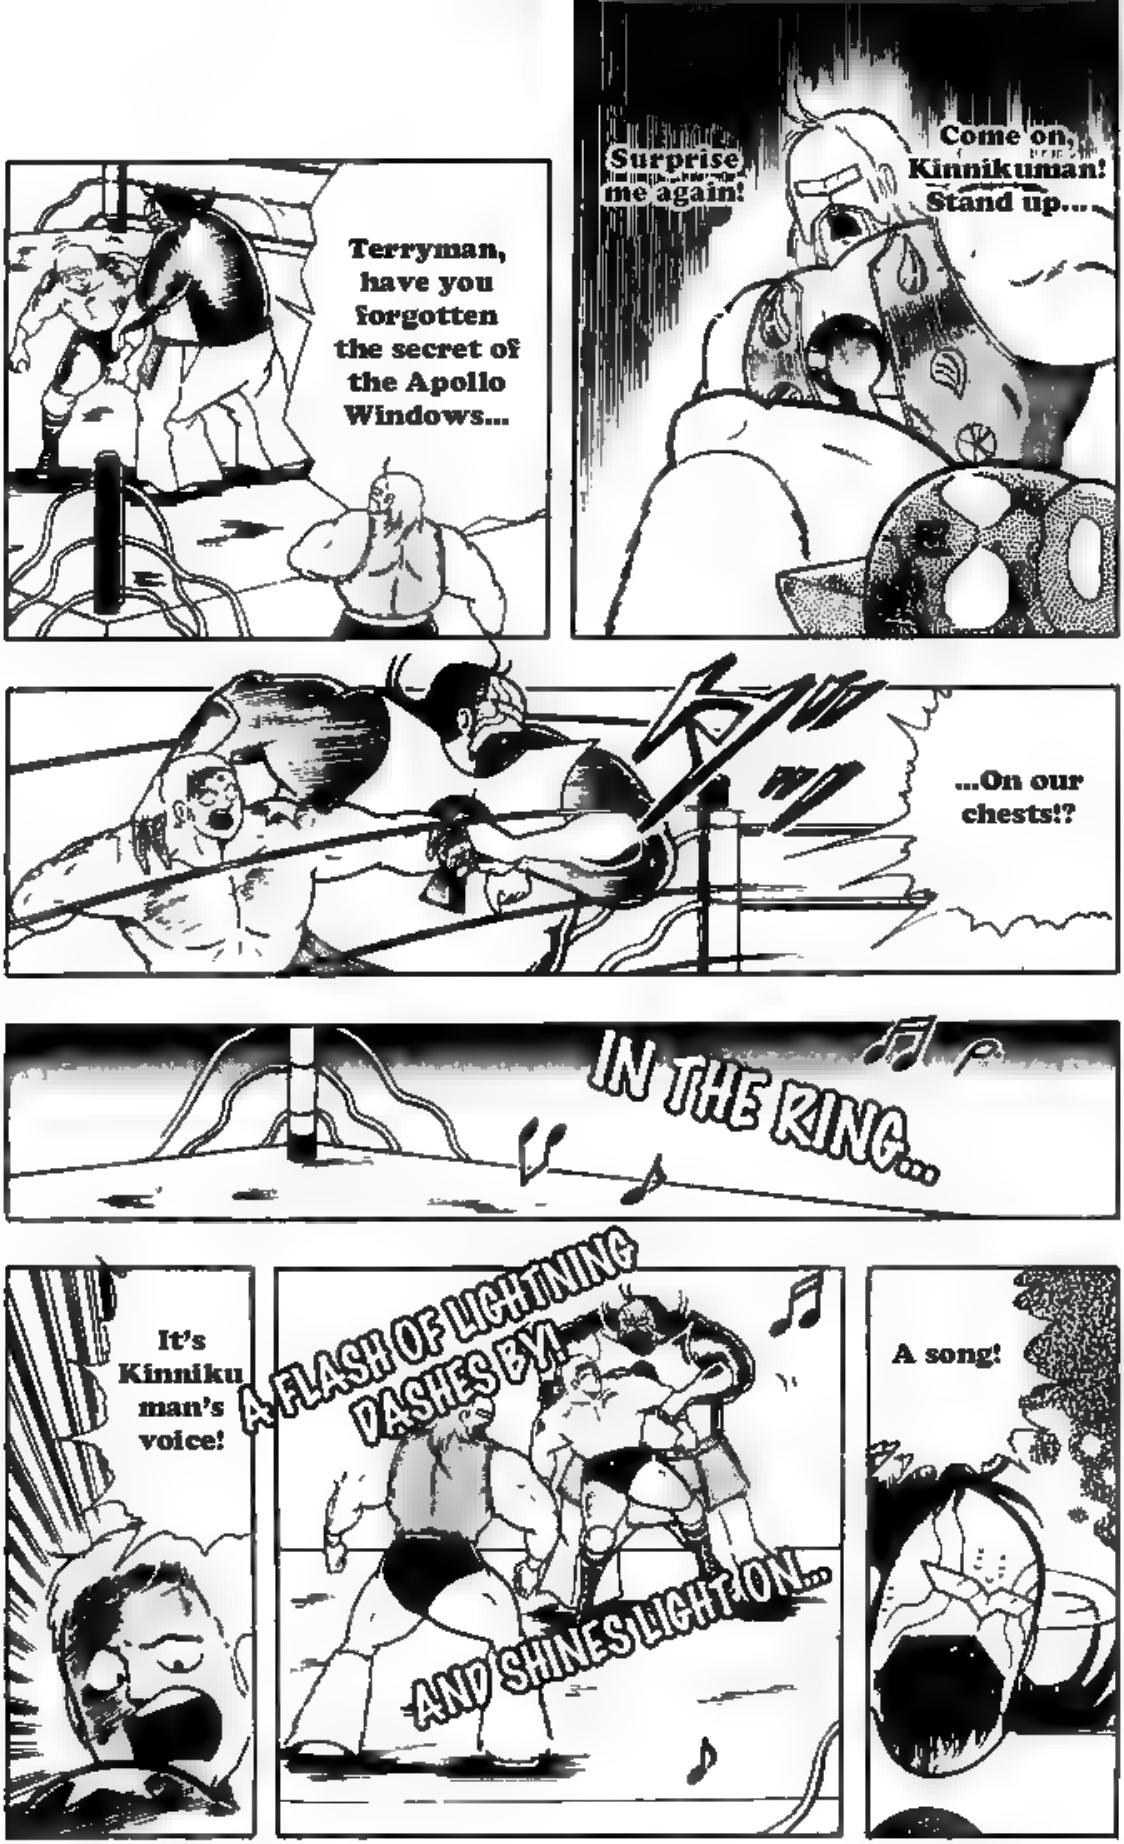
However, Kinnikuman has caught both of the huge bodies of the Missionaries and thrown them down!
It's impossible for...
Watch out, the sword boards are below!
...an inferior Chojin like you to throw our high-class bodies!



I'm fine...
Kinniku-man!
It's just a scratch. Terry, keep working on the mystery of the Apollo Window.
Gururo... it looks like you still won't stay down!
This will do it!

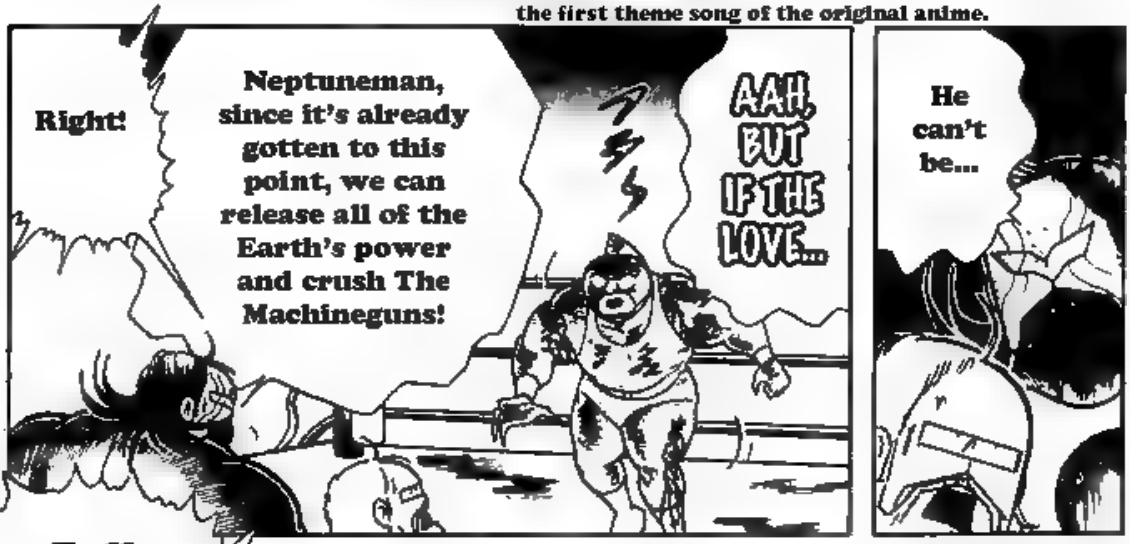
Neptune King has caught Kinnikuman outside the ring with a Sunset Flip!
Your life will set like the sun!
He's still laughing!
Don't worry about me, just keep thinking!
Kinniku-man!
R... Right!
What are you doing? Aren't you going to attack, Neptune-man!?
This thing called "trust" can make people this strong...? This Kinnikuman, who we've been calling inferior, is taunting him just by being on equal ground with us, who are supposed to be perfect!

ガクッ
Guh!
Kinniku-man!
A second Sunset Flip seems to have taken Kinnikuman's life! He isn't standing!
Gururo... Kinnikuman's body has been skewered by the sword boards... He won't be getting up.
You've driven the Perfect Chojin this far, dying isn't an option!
Stand up, Suguru!

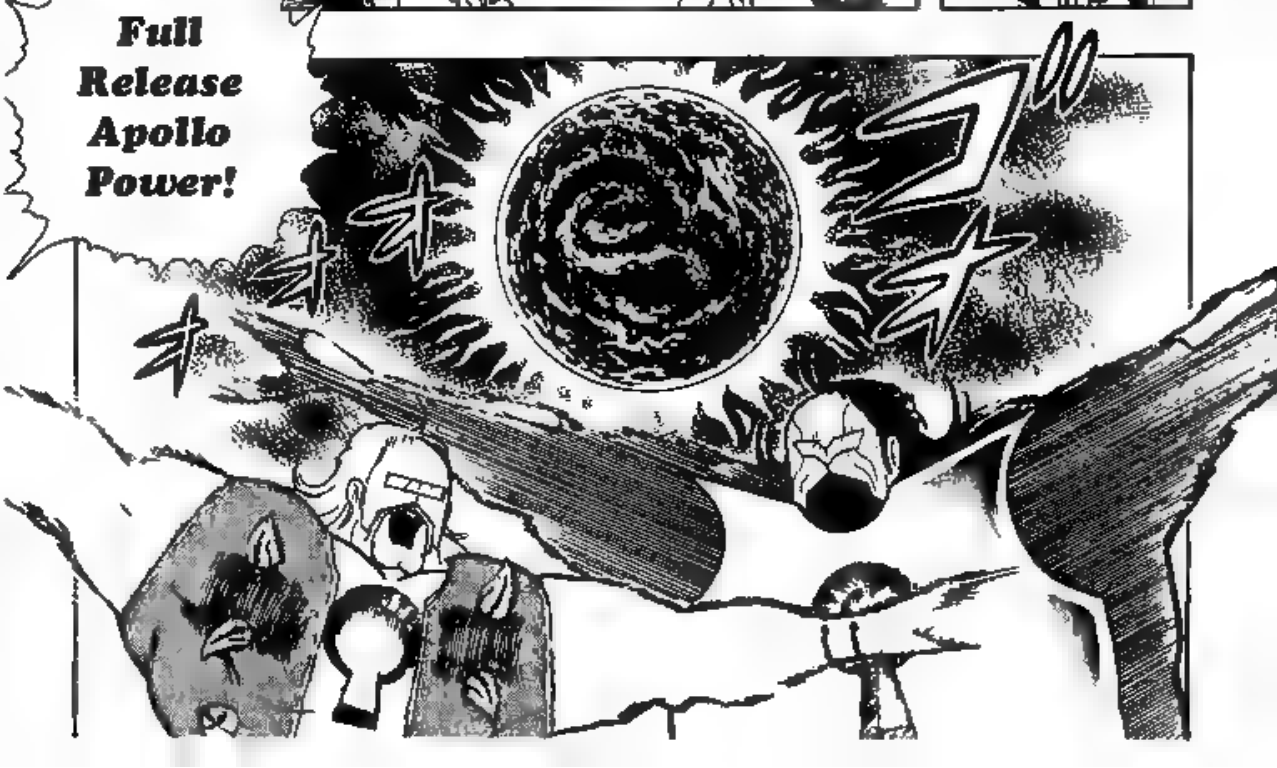


Terryman, have you forgotten the secret of the Apollo Windows...
Surprise me again!
Come on, Kinnikuman! Stand up...
...On our chests!?
IN THE RING...
It's Kinniku man's voice!
A FLASH OF LIGHTNING DASHES BY!
AND SHINES LIGHT ON...
A song!

Note: The song Kinnikuman is singing is "Kinnikuman, Go Fight!", the first theme song of the original anime.

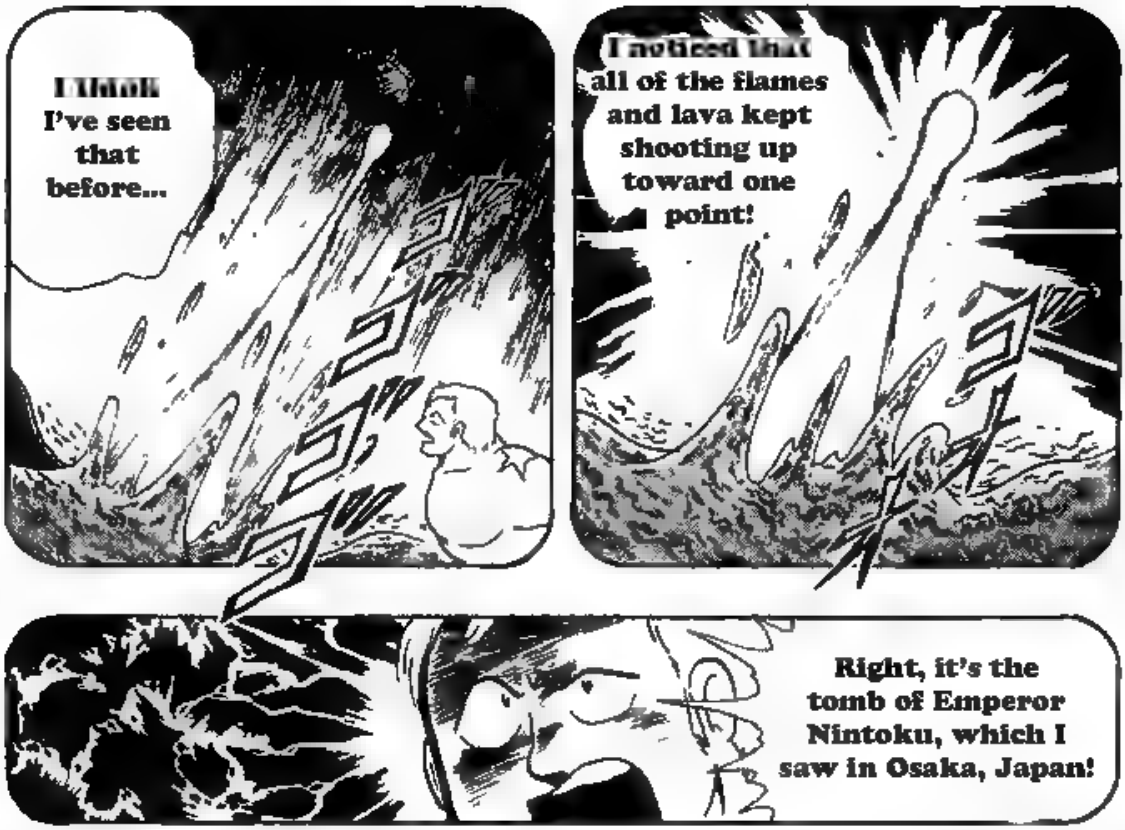


Right!
Neptuneman, since it's already gotten to this point, we can release all of the Earth's power and crush The Machineguns!
AAH, BUT IF THE LOVE...
He can't be...



Uwa!
You can't sing that awful song, now!
Uwa!
Gururo... well, ladies and gentlemen of the crowd, what do you think of the coffin we made for Kinnikuman?
Owa!
The sword boards, controlled by Magnet Power, have stabbed into Kinnikuman's body!

Be thankful, Kinnikuman. I praise your achievments as a wrestler, so I built your tomb in the ring!
Tomb!?
あ
I decended to the world of the dead.
ブ
My soul was not revived, so it was expelled from Earth!
Right, the moment my body was brought back to life by the Thunder Saber...
No, it seems more like an energy factory!
Is this place hell!?
It was an unbelievable place filled with flames and lava!



I think I've seen that before...
I noticed that all of the flames and lava kept shooting up toward one point!
Right, it's the tomb of Emperor Nintoku, which I saw in Osaka, Japan!

That's right, what I saw in the world of the dead was similar to the Apollo Window on your chests!

What is he saying? The bruises on our chest are the same shape as that tomb!?

That solves the riddle. The Tomb of Emperor Nintoku is what is known as an "Ancient Imperial Grave". Ancient Imperial Graves are often found in western Japan and were said to be the tombs of the high-class.
However, neither of those are my thoery. I believe that they're actually Keyholes used to lock or unlock the Earth's energy!
But some people claim that these tombs are a code set up for aliens!
The Ancient Imperial Graves are the Earth's keyholes!?
EEH!?

The full Japanese name of "Ancient Imperial Grave" is "Zenbou Kouenfun", generally used between the 3rd and 7th centuries in a specific shape akin to the "keyhole" seen here. The one for Emperor Nintoku, mentioned prior, is the largest tomb in the country...and possibly the world!

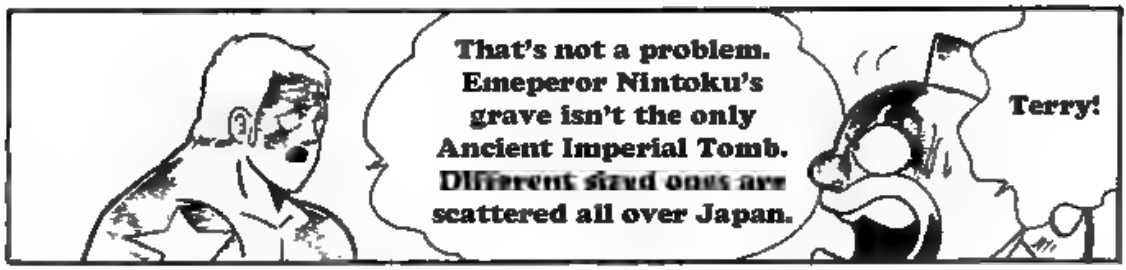
Dream Chojin Tag Arc 63

Search for the Keyhole!

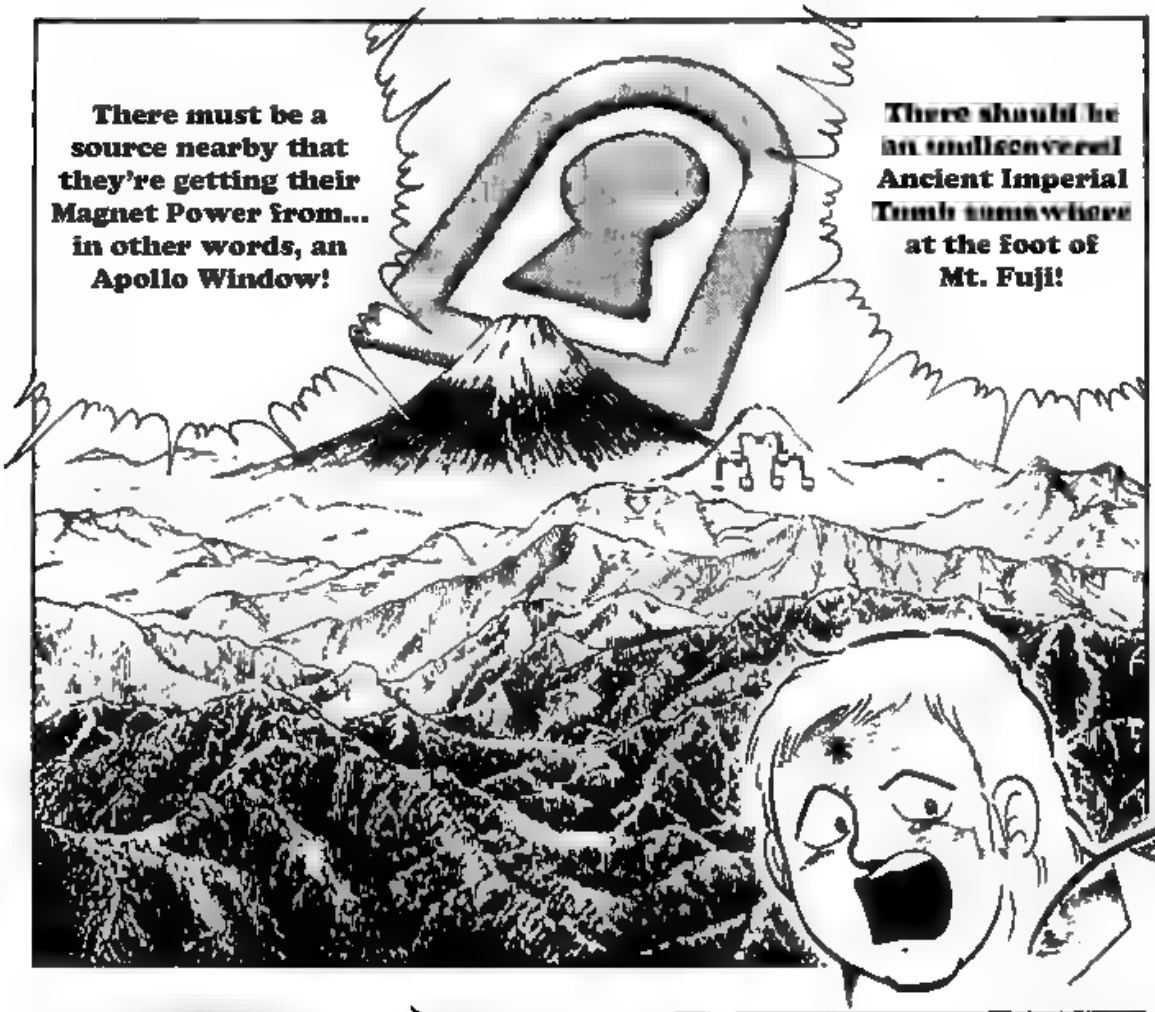
Kinnikuman, who we thought was dead, has repelled the sword boards with his swelling muscles, making a miraculous suvival!

Kinnikuman!
Geeeeh!
You did a great job of solving the riddle of the Apollo Windows on their chest, Terryman!
See, this is the Burning Inner Strength!
See, this is Friendship Power!
Aah!

ガタ ガタ
Don't get distracted, Neptuneman! That was nothing more than a guess!
The Ancient Imperial Tomb is the switch that can stop the Earth's energy...
That's right! They won't be able to leave the ring during the match due to the Ring Out rule!
So then, how do you intend to hit a switch that's at Emperor Nintoku's tomb in Sakai near Osaka, when you're here at the foot of Mt. Fuji?

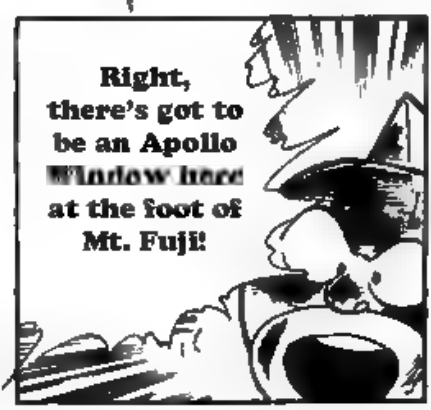


That's not a problem. Emeperor Nintoku's grave isn't the only Ancient Imperial Tomb. Different sized ones are scattered all over Japan.
Terry!

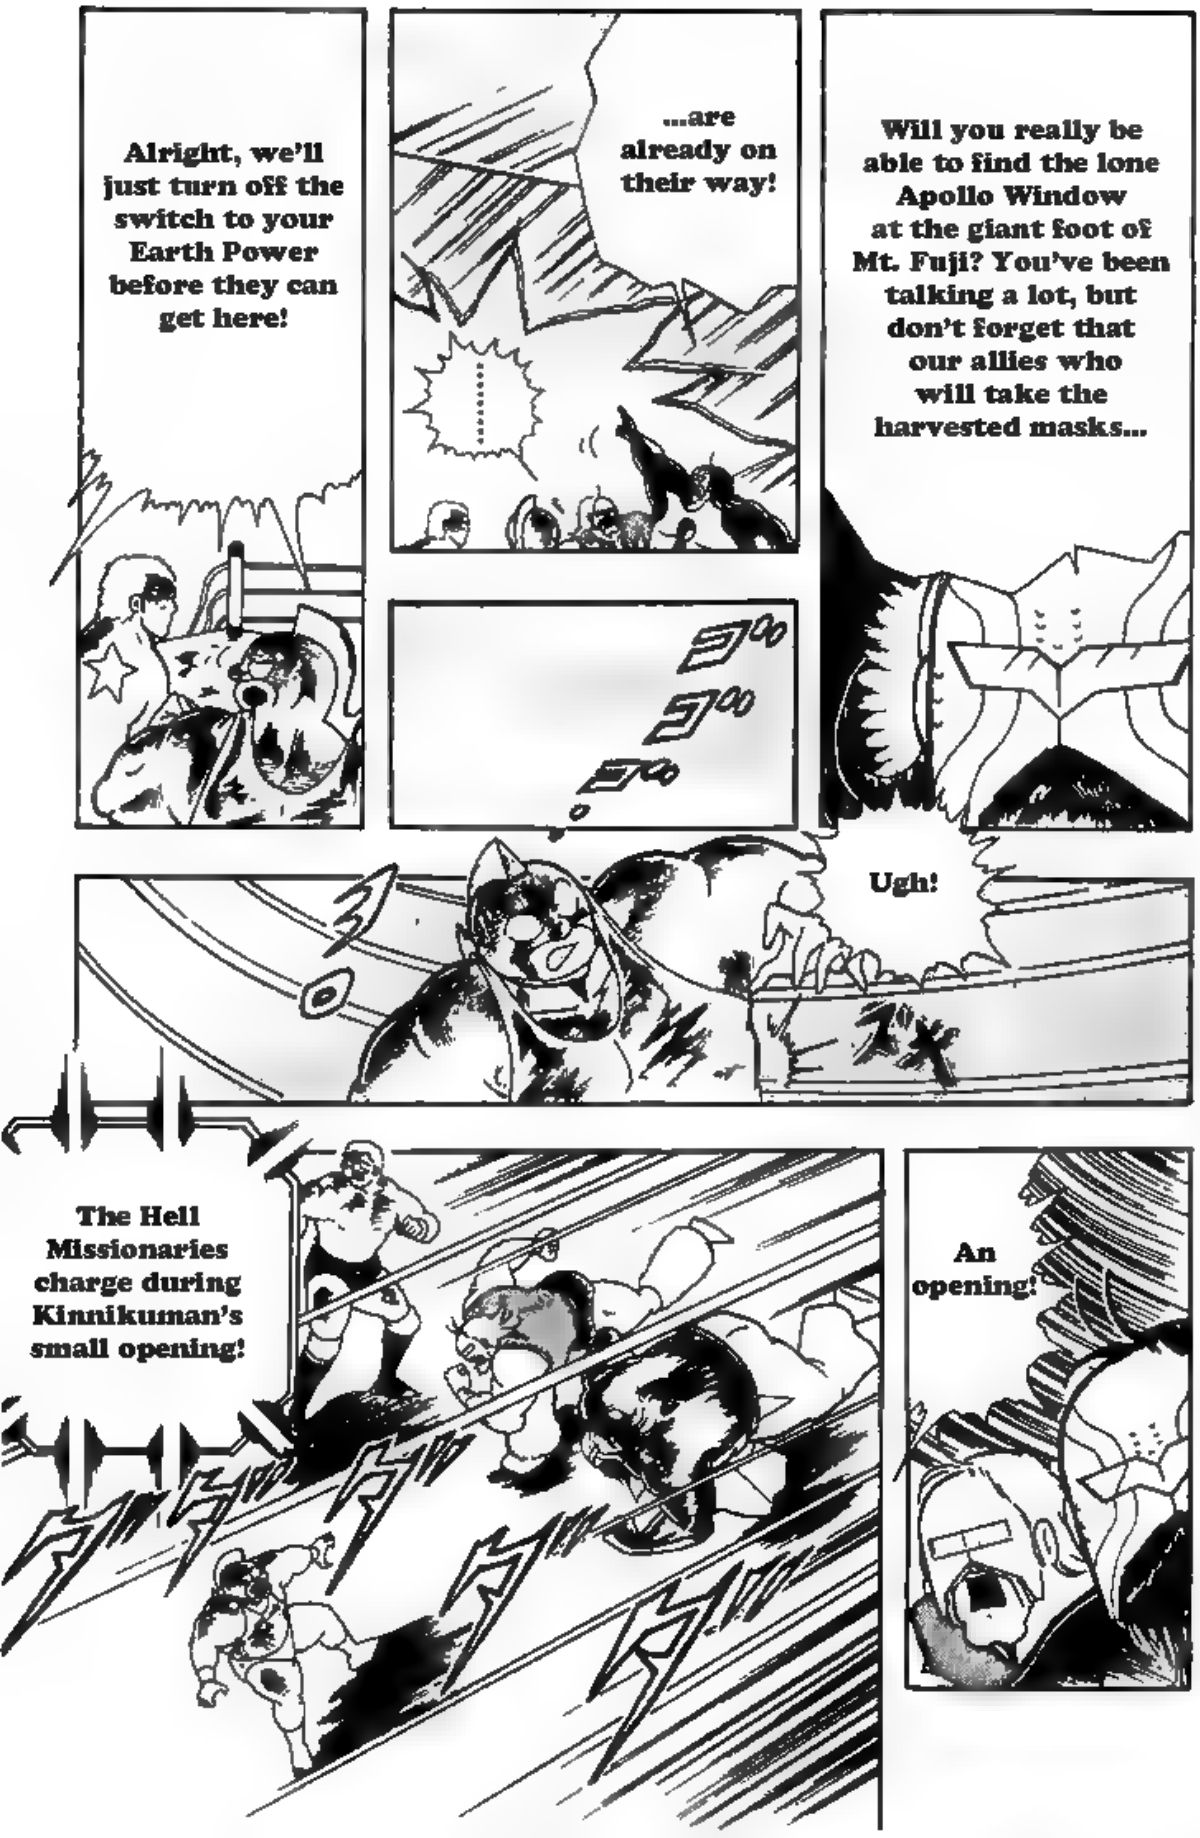


There must be a source nearby that they're getting their Magnet Power from... in other words, an Apollo Window!
There should be an undiscovered Ancient Imperial Tomb somewhere at the foot of Mt. Fuji!

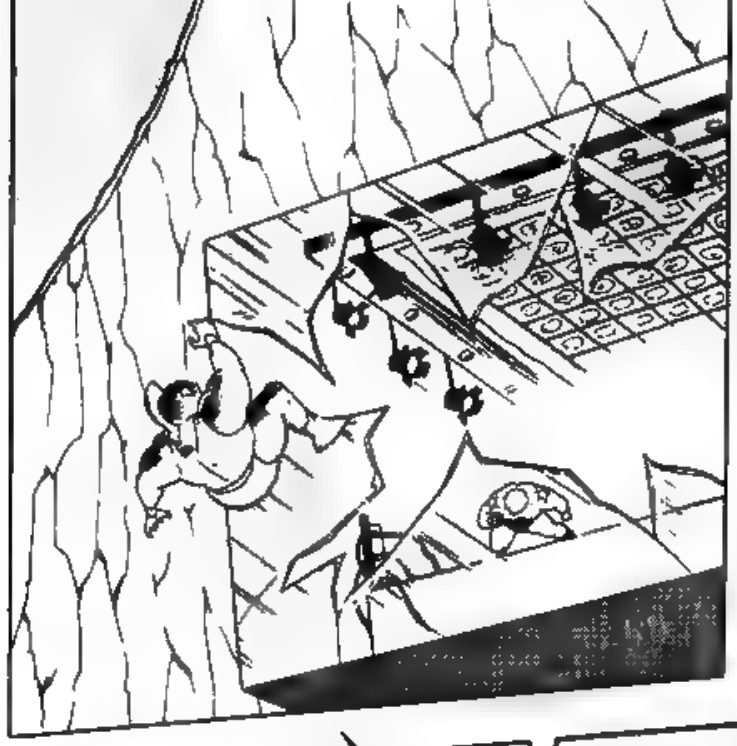
Alright, Terryman, leave it to me! You can't come with me to search for the Apollo Window!



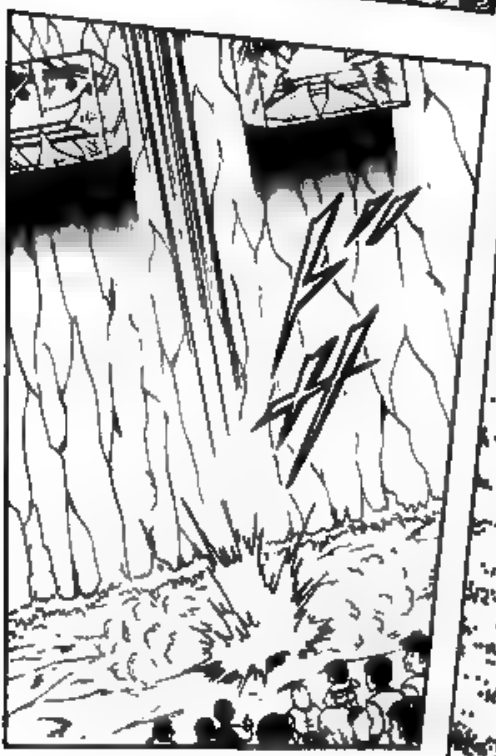
Right, there's got to be an Apollo Window here at the foot of Mt. Fuji!



Alright, we'll just turn off the switch to your Earth Power before they can get here!
...are already on their way!
Will you really be able to find the lone Apollo Window at the giant foot of Mt. Fuji? You've been talking a lot, but don't forget that our allies who will take the harvested masks...
ゴゴゴ
Ugh!
The Hell Missionaries charge during Kinnikuman's small opening!
An opening!



Aah!



Kinnikuman, who had become a wall, was knocked from the mountain by Terryman!

What are you doing, Terryman!? Have you betrayed me to the Perfect Chojin during the 11th hour!?
Are you alright!
Kinnikuman!
!
You got hurt being my wall earlier, so this time I'll be your wall!
You...
Terryman!
Kinnikuman, don't worry about me, just look for the Apollo Window!

Don't go bringing up the rules now, you dirty fighters!
If Kinnikuman doesn't get back into the ring within the 20-count, then you'll both lose!
Planned to save Kinnikuman, but you're only violating the rules!
ズ

ズ
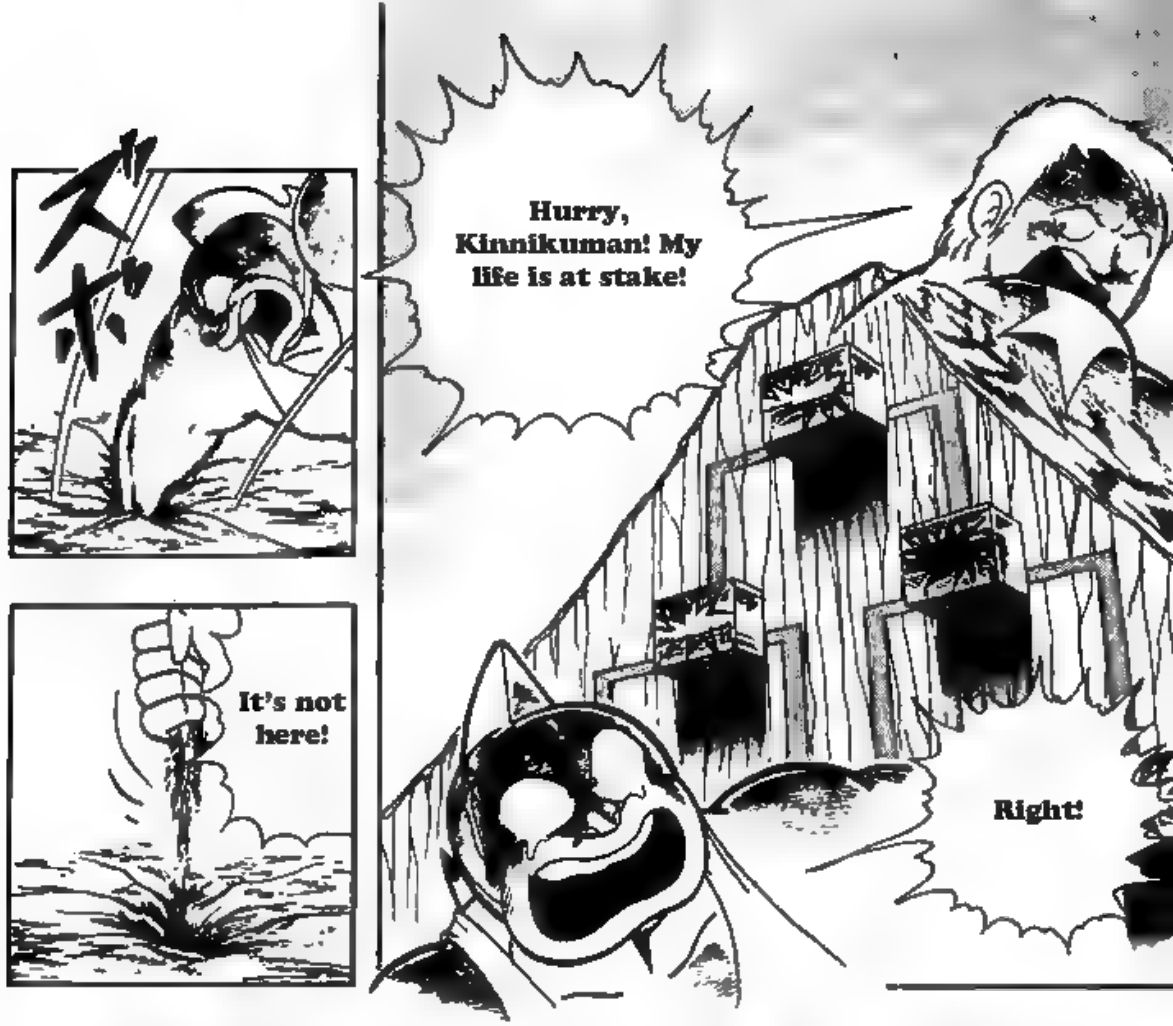
Until earlier, that was Kinnikuman, but...
The only one who the Ring Out rule applies to is the current leader!
Che!
When I tackled him earlier, I tagged him, transferring that position to me!
Kinnikuman, who isn't the leader, is free to be outside of the ring!

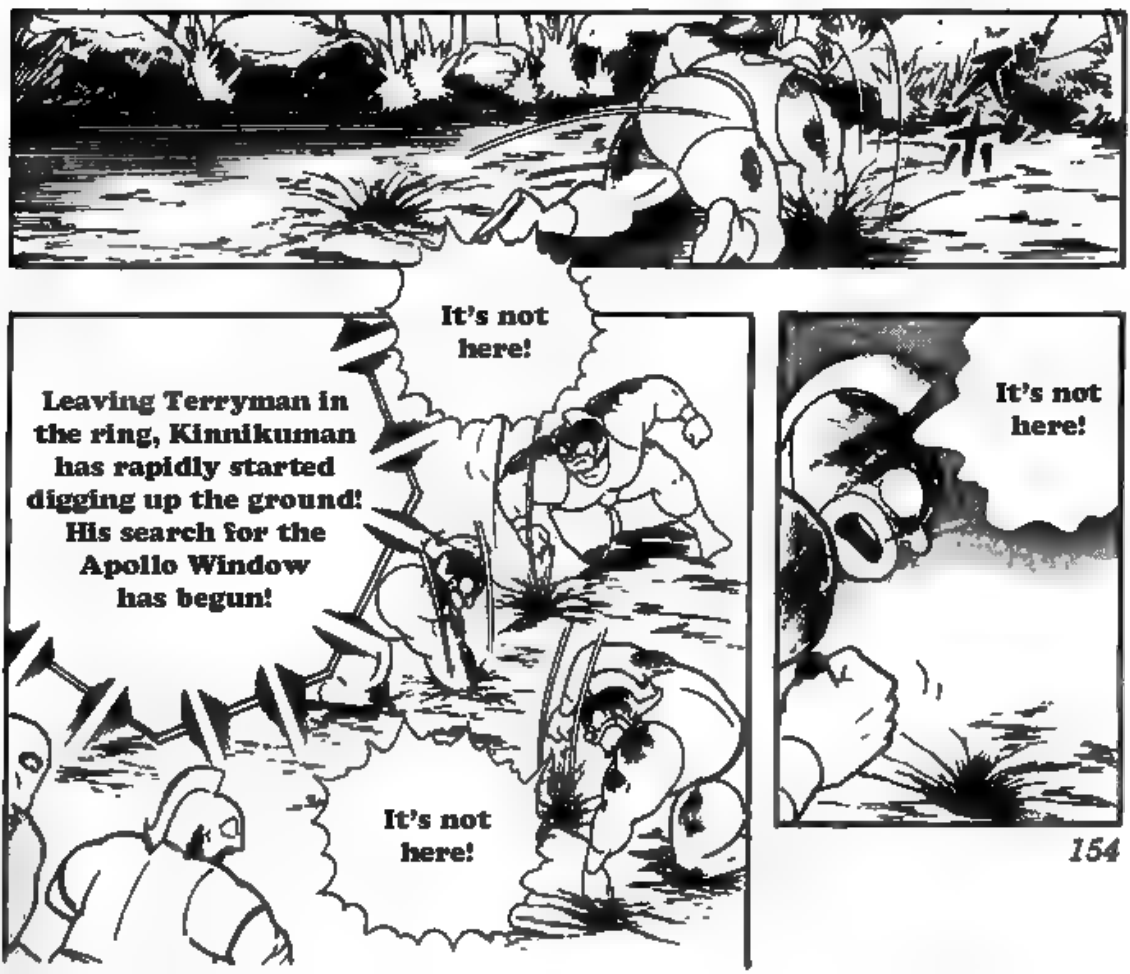
Texas Condor...
...KICK!

Take this:
Magnet Power!
Guh!
Uwaa!
Aah, Master Kame-hame!
Hold on, Kinnikuman. I won't forgive you if you go any further.
Terry-man!

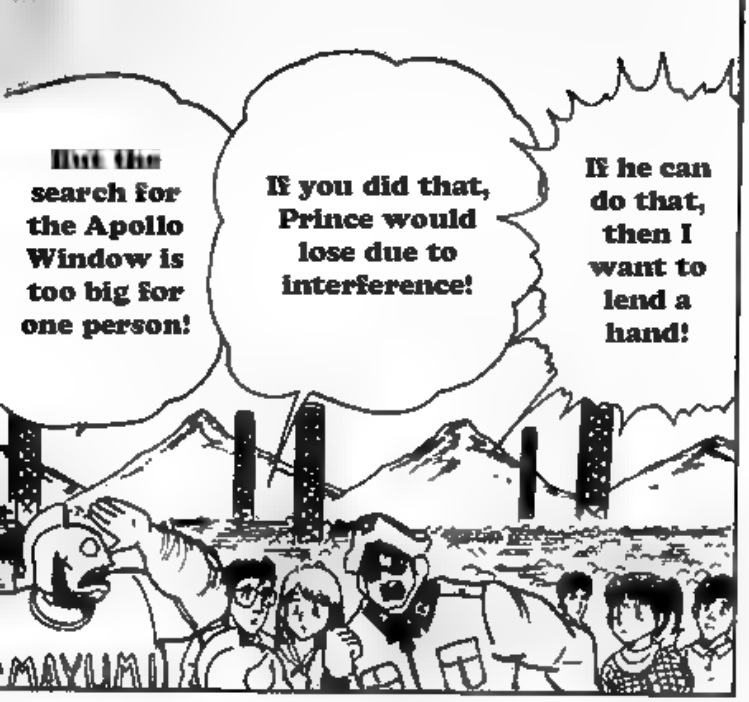
In reality, if you're worried about Terryman, it's best if you find the Apollo Window quickly to stop their magnetic storm!
But...
Do you want Terryman's act to be for nothing? If you return to the ring now, you'll both be annihilated.
Guroro... No matter how much you resist, it's hopeless Terryman!
Terryman is tying his body to the iron post to endure!
There!
Uwa!
What!?



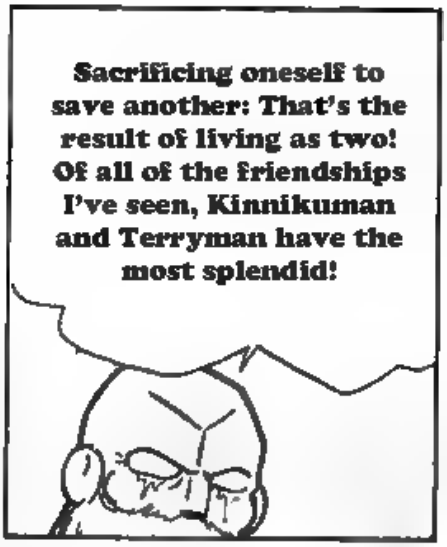
ズボ
Hurry, Kinnikuman! My life is at stake!
It's not here!
Right!



Leaving Terryman in the ring, Kinnikuman has rapidly started digging up the ground! His search for the Apollo Window has begun!
It's not here!
It's not here!
It's not here!

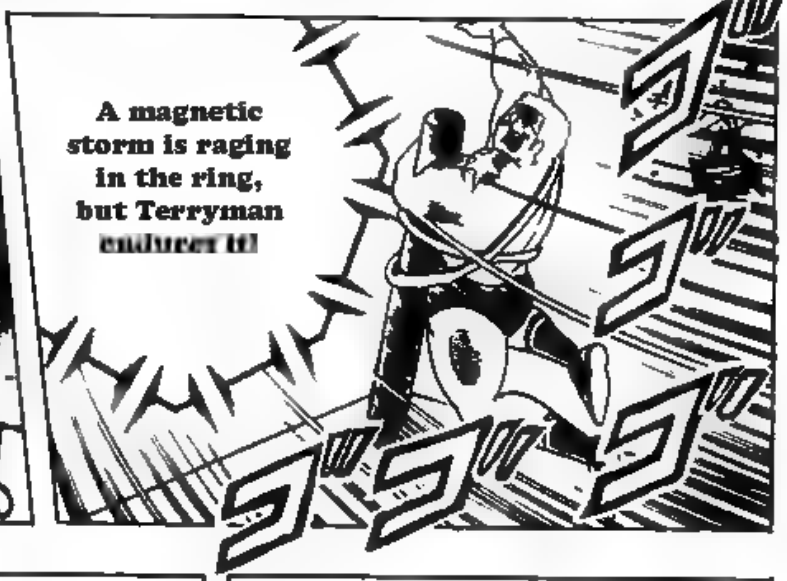


But the search for the Apollo Window is too big for one person!
If you did that, Prince would lose due to interference!
If he can do that, then I want to lend a hand!
MAYUMI

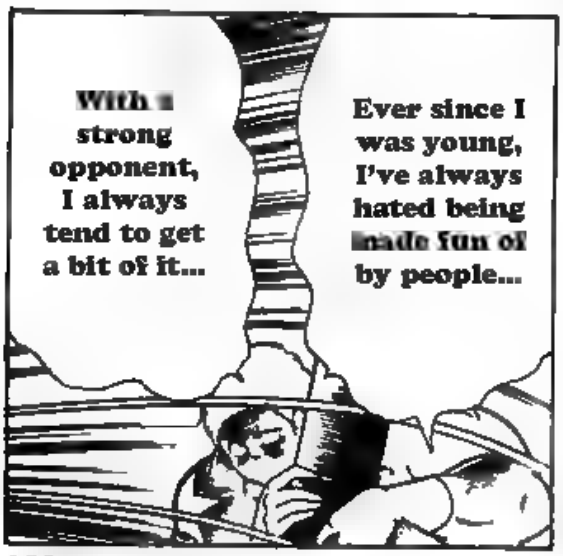


Sacrificing oneself to save another: That's the result of living as two! Of all of the friendships I've seen, Kinnikuman and Terryman have the most splendid!

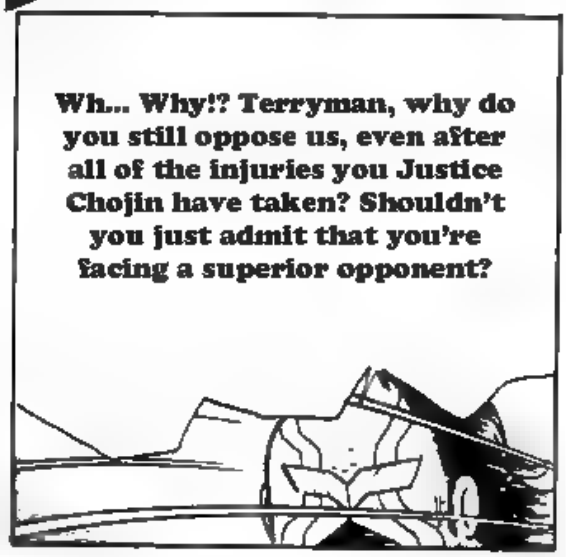
Guh!



A magnetic storm is raging in the ring, but Terryman endures it!



With a strong opponent, I always tend to get a bit of it...
Ever since I was young, I've always hated being made fun of by people...

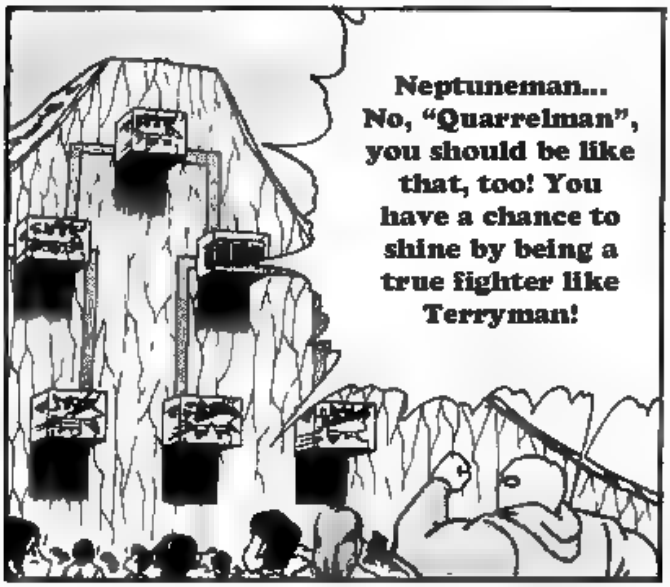


Wh... Why!? Terryman, why do you still oppose us, even after all of the injuries you Justice Chojin have taken? Shouldn't you just admit that you're facing a superior opponent?

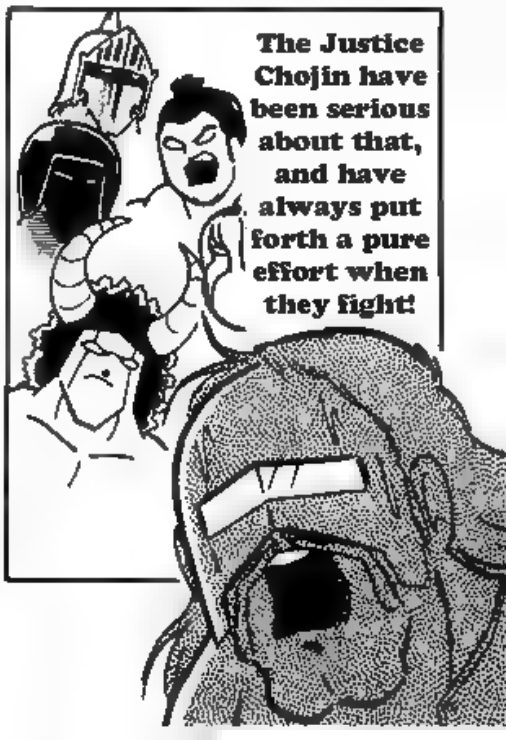
...don't have any worth in your lives!

Guys like you who do nothing but make fun of us...

"Worth in our lives"!?

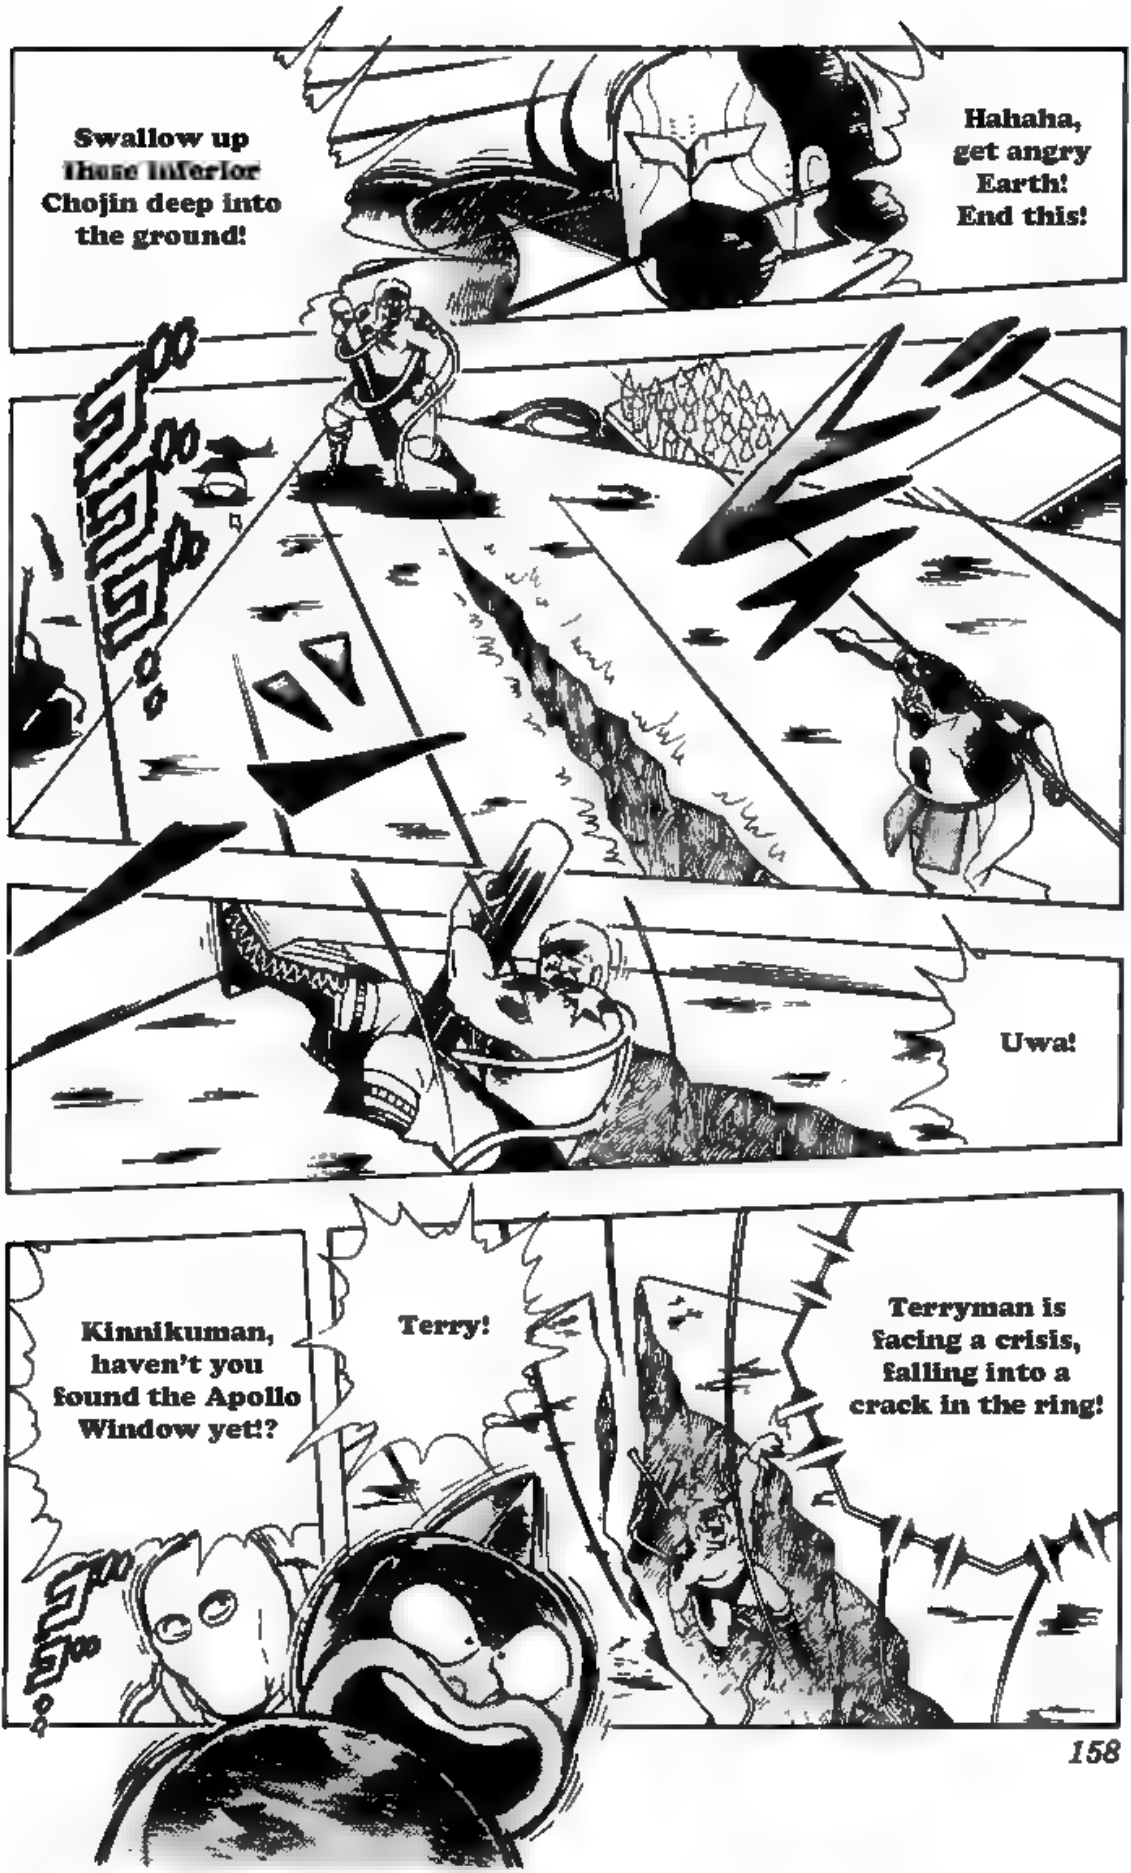


Neptuneman... No, "Quarrelman", you should be like that, too! You have a chance to shine by being a true fighter like Terryman!

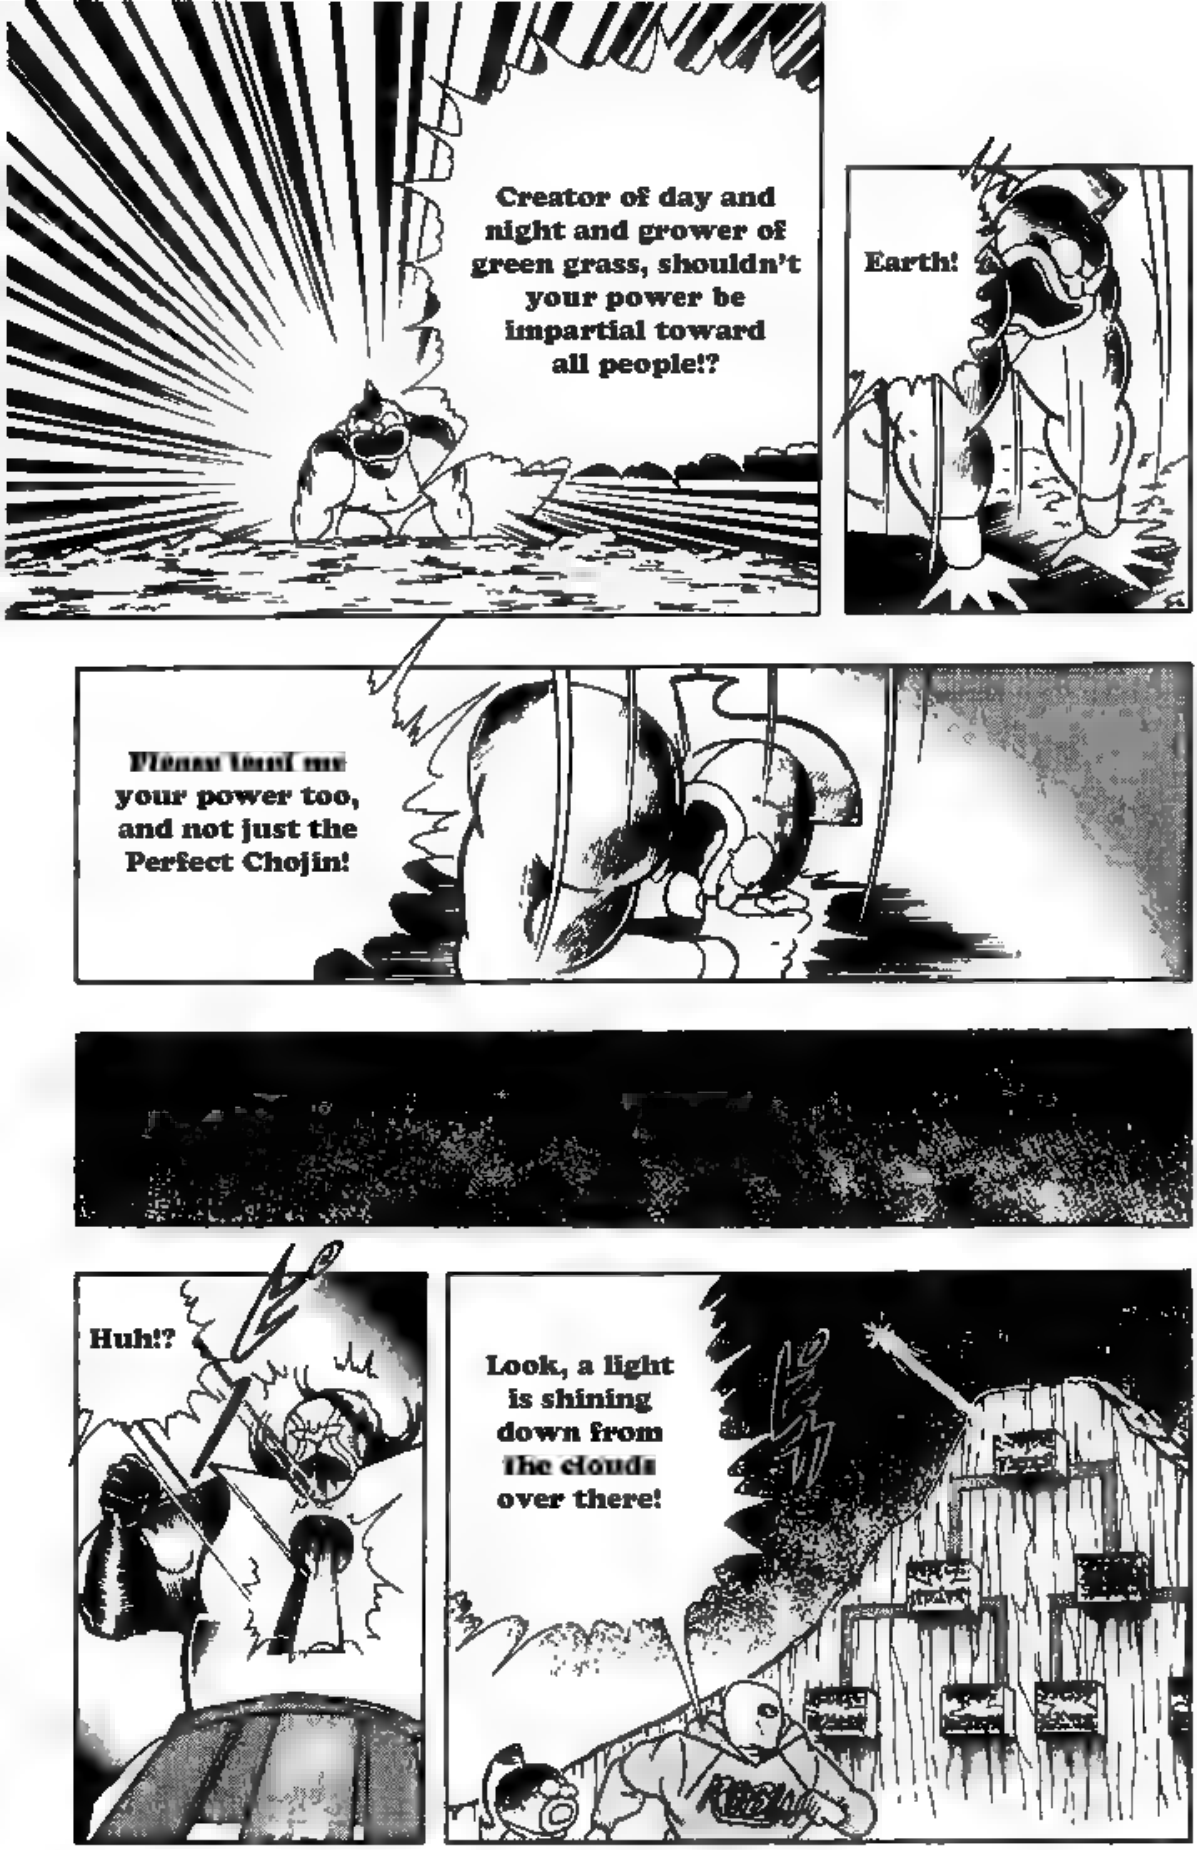


The Justice Chojin have been serious about that, and have always put forth a pure effort when they fight!

Your fights have no mercy, and you approve of nobody in a fight... However, even you should be starting to feel what it is that you truly want to live for!
Ah... Aah...
Uoooooh!
ゴゴゴゴゴゴ
Kyaaa!
The Earth energy has started a disaster due to the Perfect Chojin using too much magnetism!
What is this earthquake!?



Swallow up these inferior Chojin deep into the ground!
Hahaha, get angry Earth! End this!
Uwa!
Kinnikuman, haven't you found the Apollo Window yet!?
Terry!
Terryman is facing a crisis, falling into a crack in the ring!



Creator of day and night and grower of green grass, shouldn't your power be impartial toward all people!?
Earth!
your power too, and not just the Perfect Chojin!
Huh!?
Look, a light is shining down from the clouds over there!

The light reflecting from Neptune King's chest has created a keyhole shape in the spectator's seats!
Uwa! What!?
The ground is rising up!

I've finally found it! The Apollo Window!
A massive Ancient Imperial Tomb has appeared in the guest seats!
Hold on, Terryman! I'm going to lock up the Earth's anger!

I'll Throw My Life Away to Become a Key!

Perfect Chojin: This Ancient Imperial Tomb is the key to your destruction!
It can't be! The Earth is helping Chojin who aren't us!

What are you talking about? How dare you ask us to stop using Magnet Power!?
Now we're on equal footing, so forget about Magnet Power and fight fairly!
Now I understand that the blessing of Earth's energy doesn't choose sides!
What?
Magnet Power!
Uwa!
Gururo... don't try to fight back with your impudent talk! Fall into the depth of Hades!
Guh!

Hihihihi-
hihihi!
Neptune King is using Magnet Power to loosen Terryman's hands, whcih are griping to the fissure in the canvas!
UWA!
Ha ha ha ha!
Terryman, you hands are already bathed in magnetism!

Is this the true face of Neptune King, the Don of the Perfect Chojin...!? They're supposed to be the strongest and most graceful race, but he's just dirty... Having seen the friendship between Kinnikuman and Terryman, I can finally see how dirty he is...
I must follow King's orders!
But I... I'm a Perfect Chojin...

Correct! That's a list of the results from every match you fought as Quarrelman!

...but in reality, out of his 541 KOs, he never once killed an opponent!

Quarrelman fought without mercy, giving people the impression that he was nothing but a killing machine...

Terryman has Neptuneman in position for a Kinniku Driver!
Uoooh!
Kinnikuman has King's body in position for a Kinniku Buster!

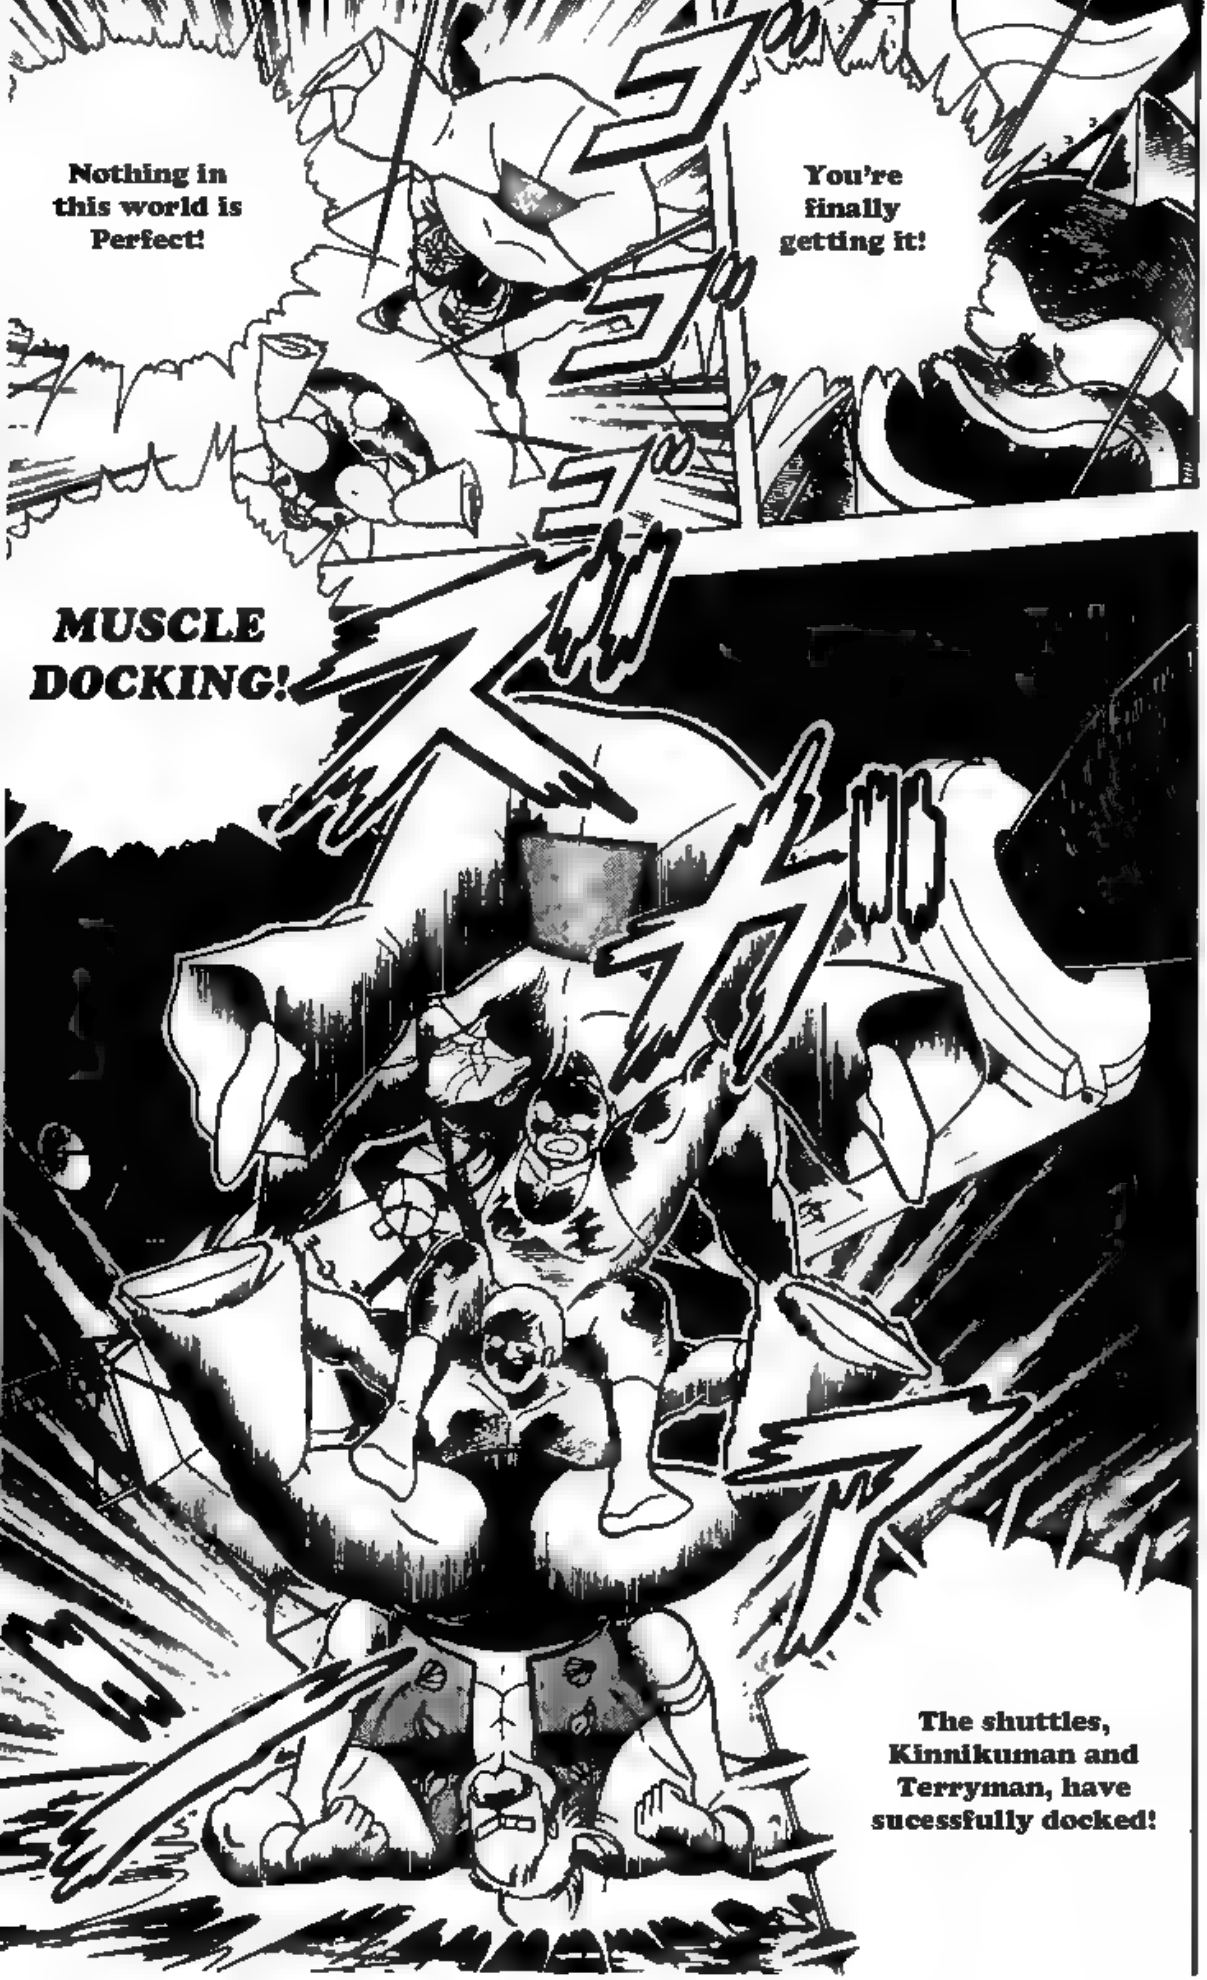
MUSCLE
DOCKING!

Dream Chojin Tag Arc 65

The Glorious Trophy!

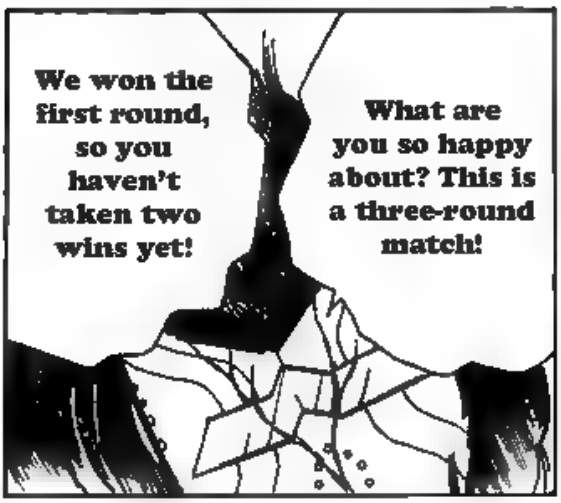
A One-Year Team Kinniku Release

The Machineguns are in position for their treasured trump card, the Muscle Docking!
Neptuneman, can you break this technique again by repelling you Magnet Power?
It's not use! Repelling it with Magnet Power requires us to be able to use magnetism!
So the Perfect Chojin, who were invincible until now, were defeated by these inferior Chojin!?
That became impossible when Kinnikuman turned off the Earth energy, which was the source of our Magnet Power!

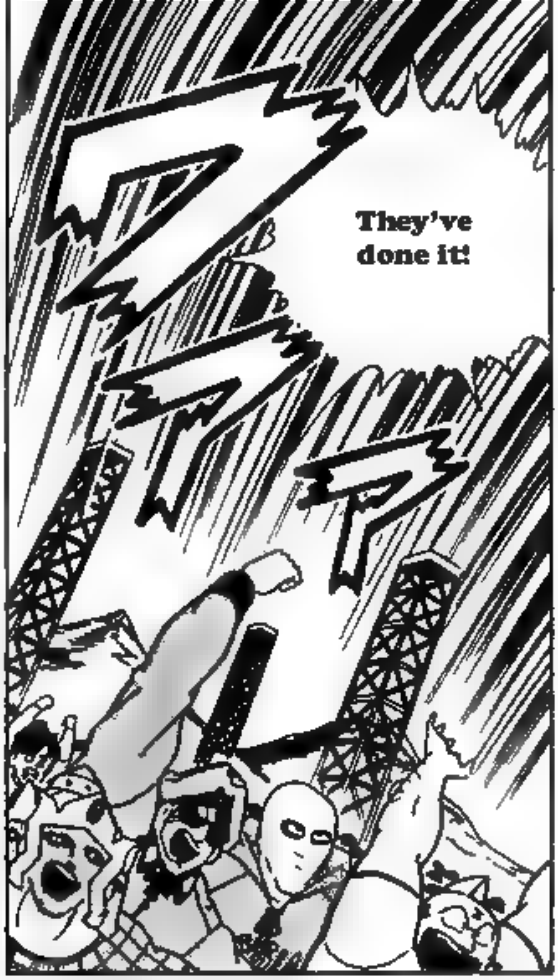


Nothing in this world is Perfect!
You're finally getting it!
MUSCLE DOCKING!
The shuttles, Kinnikuman and Terryman, have sucessfully docked!

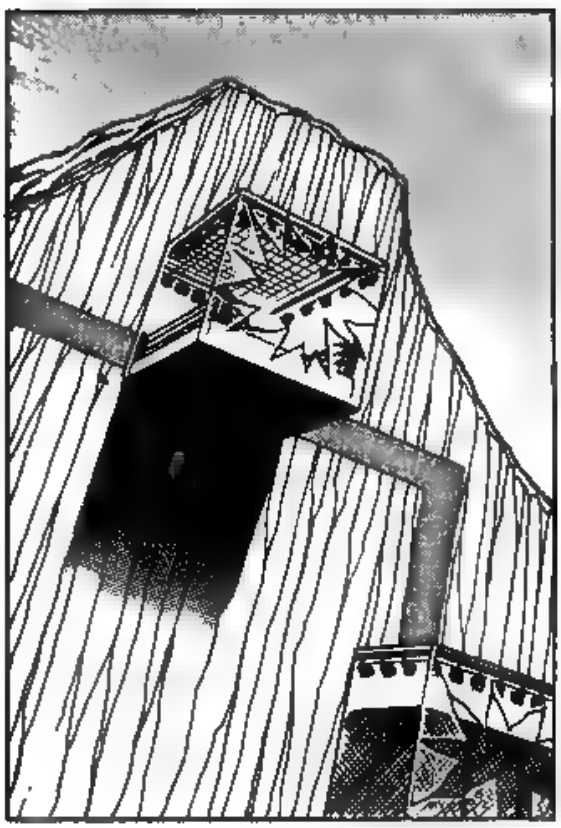
Geh!
Guh!
They've done it! 48 minutes and 23 seconds after the start of the second round, the wall that no other team could overcome has been smashed by The Machineguns!



We won the first round, so you haven't taken two wins yet!
What are you so happy about? This is a three-round match!



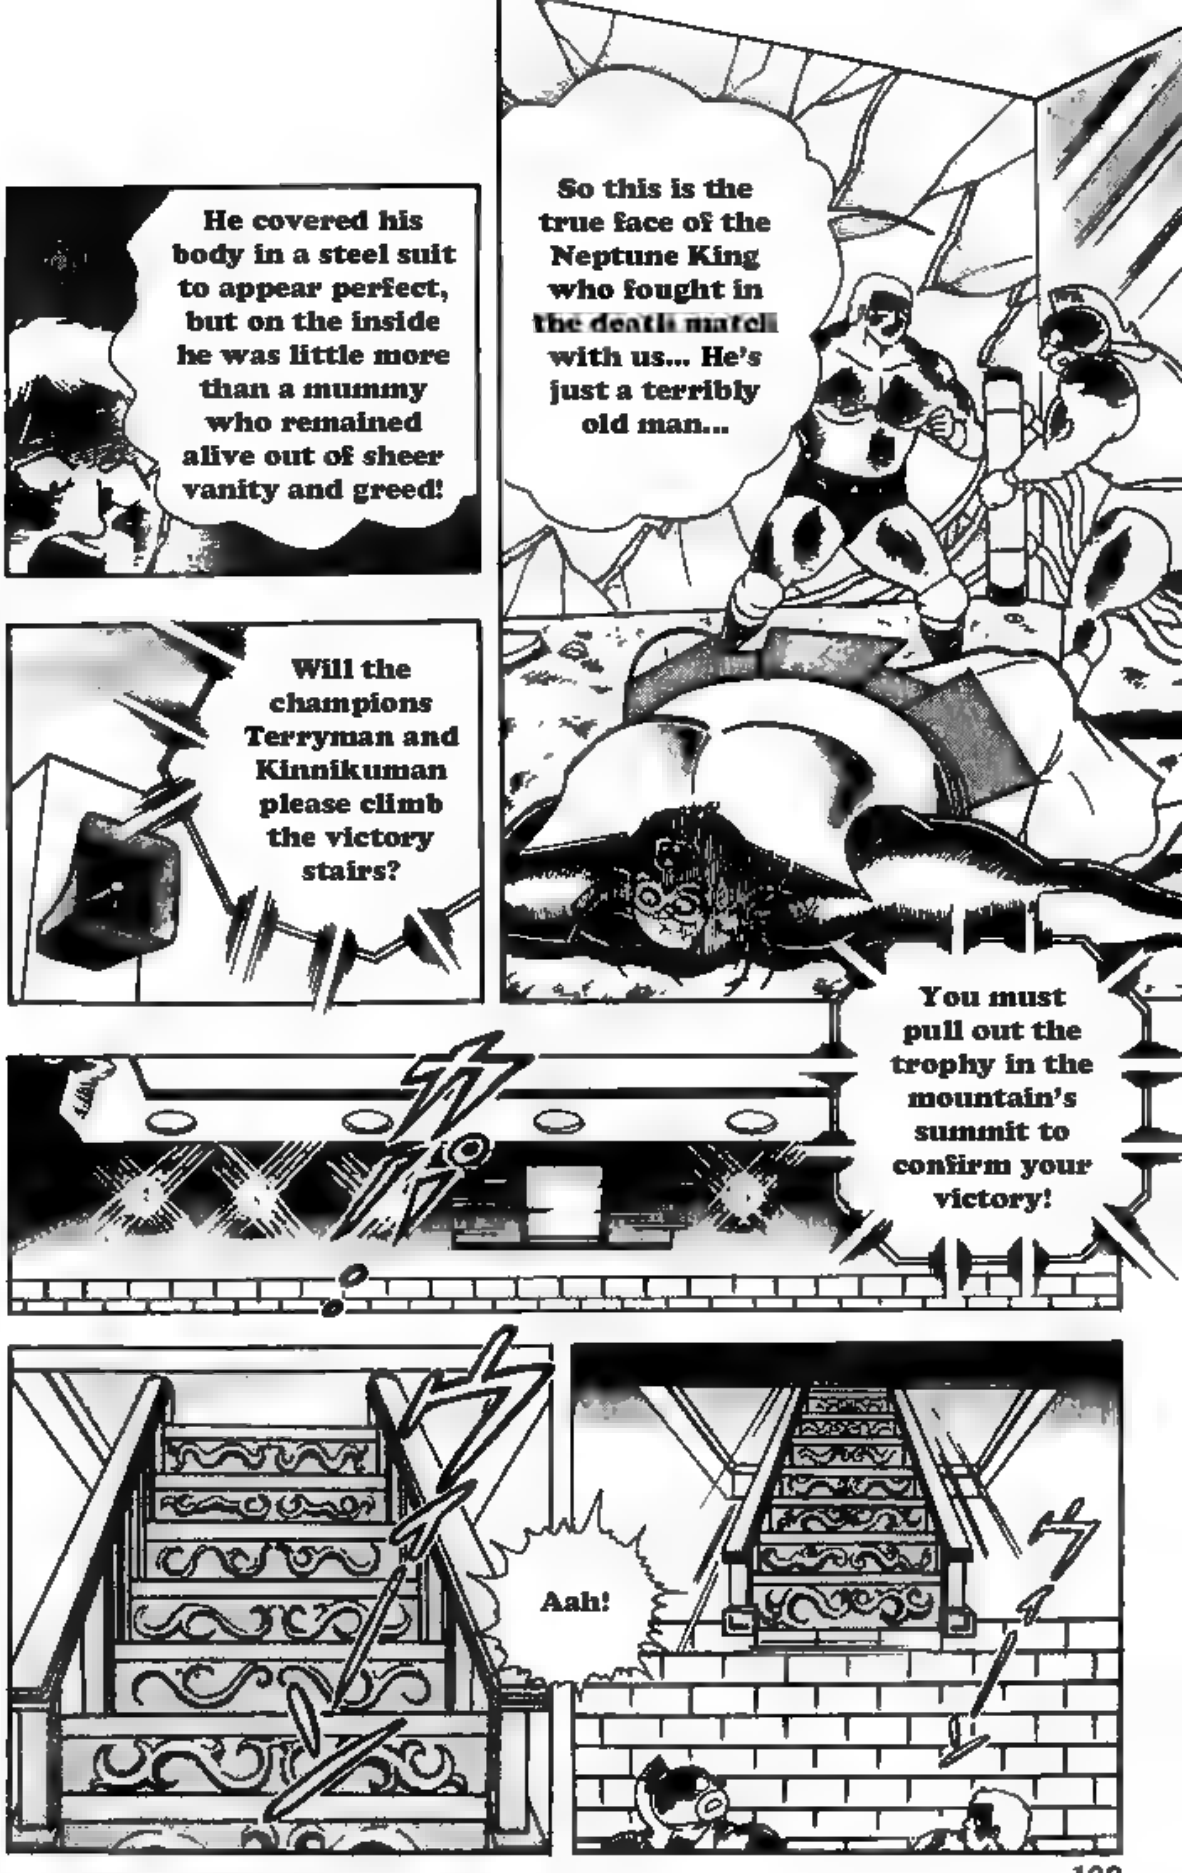
They've done it!



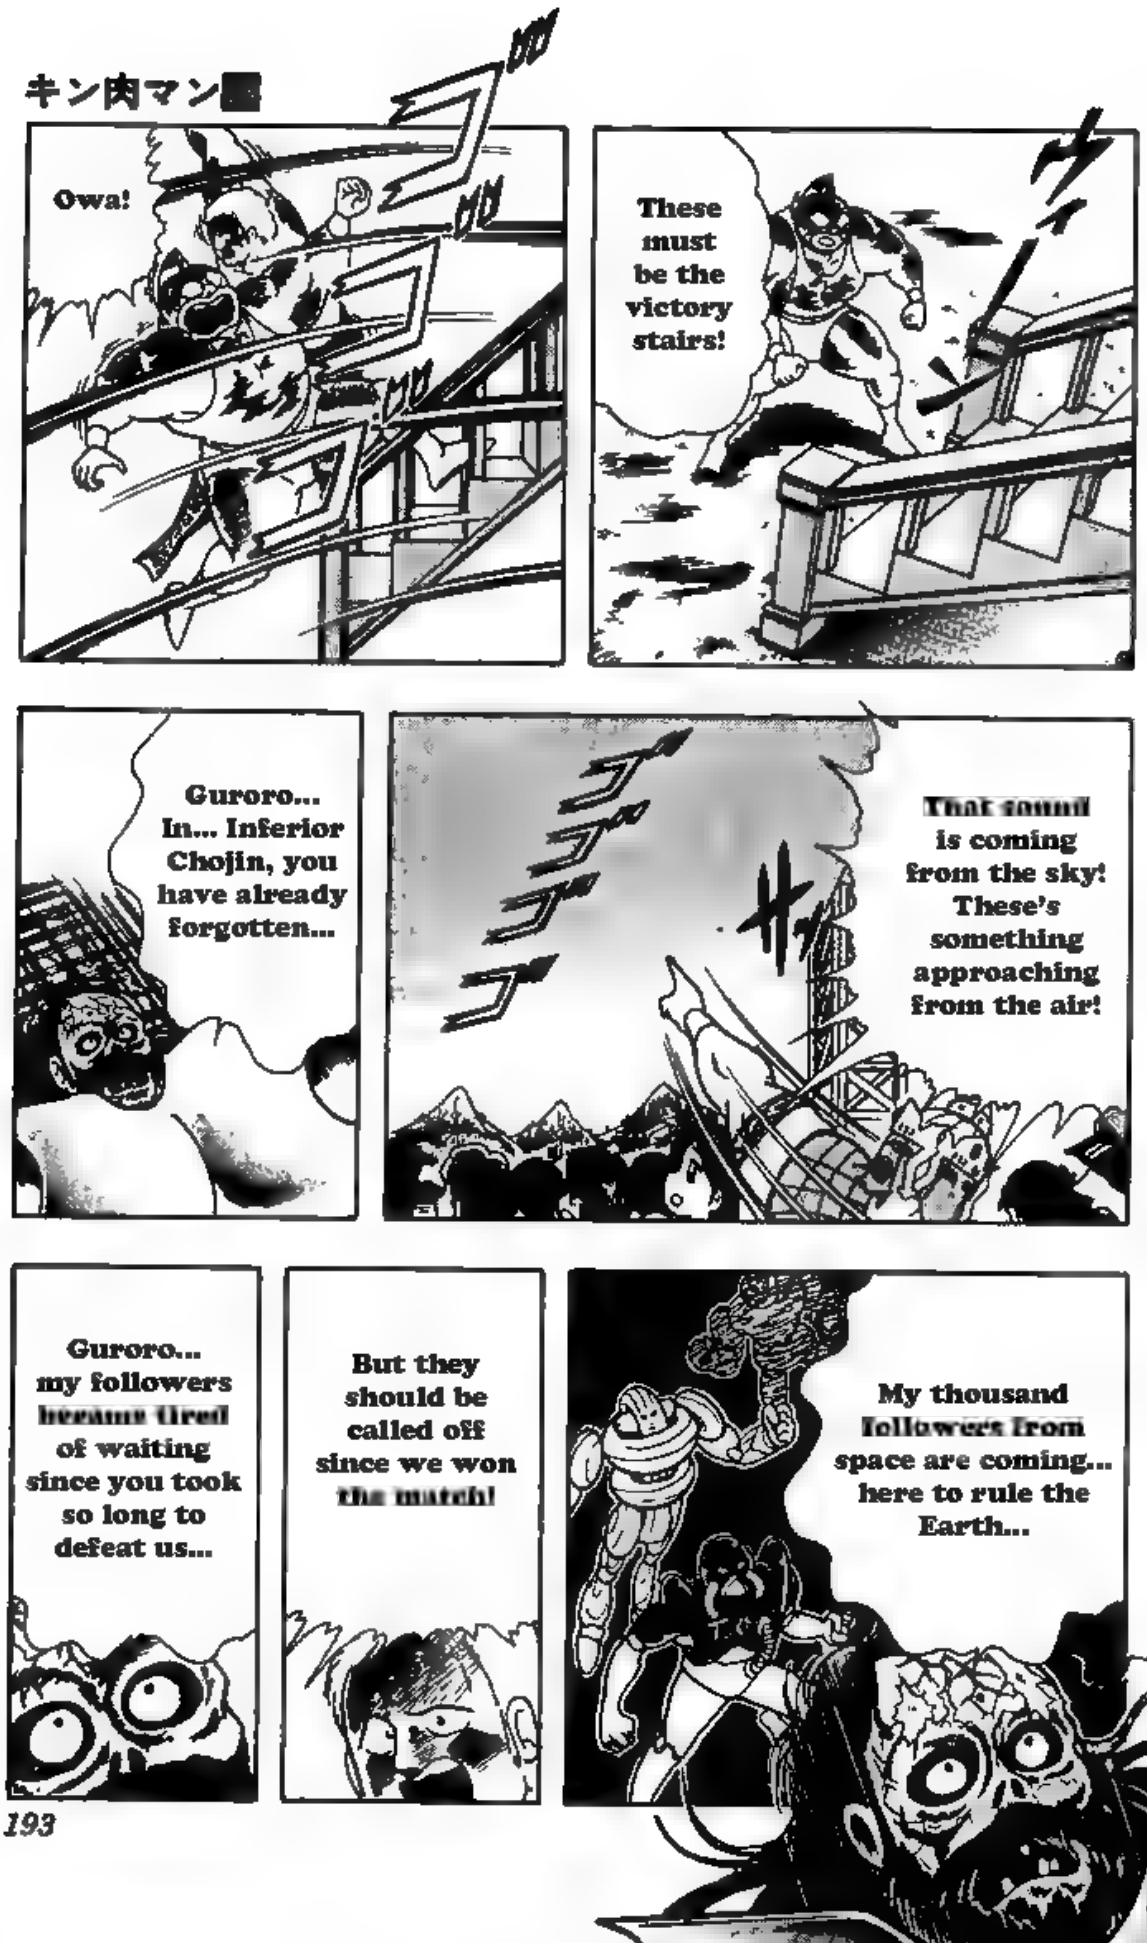
The gong for round 3 has just sounded, but everyone in the ring is already down!
We still have one more round...
I used everything I had in that Muscle Docking! I don't have the energy left to fight!
Whichever team is standing at the end of the count will be the winners!
The knock-out countdown has already started.
It looks like The Machineguns accumulated more damage over the match...
The first team to start moving is the Missionaries!

Guh!
Ugh...
Both teams are now moving again, but will the first team to stand be The Machine-guns or the Hell Missionaries!?
The Machine-guns are moving, too!
Will the Missionaries have a come from behind victory!?
Here's my Burning Inner Strength!
God, please somehow let Prince and Terryman stand first!

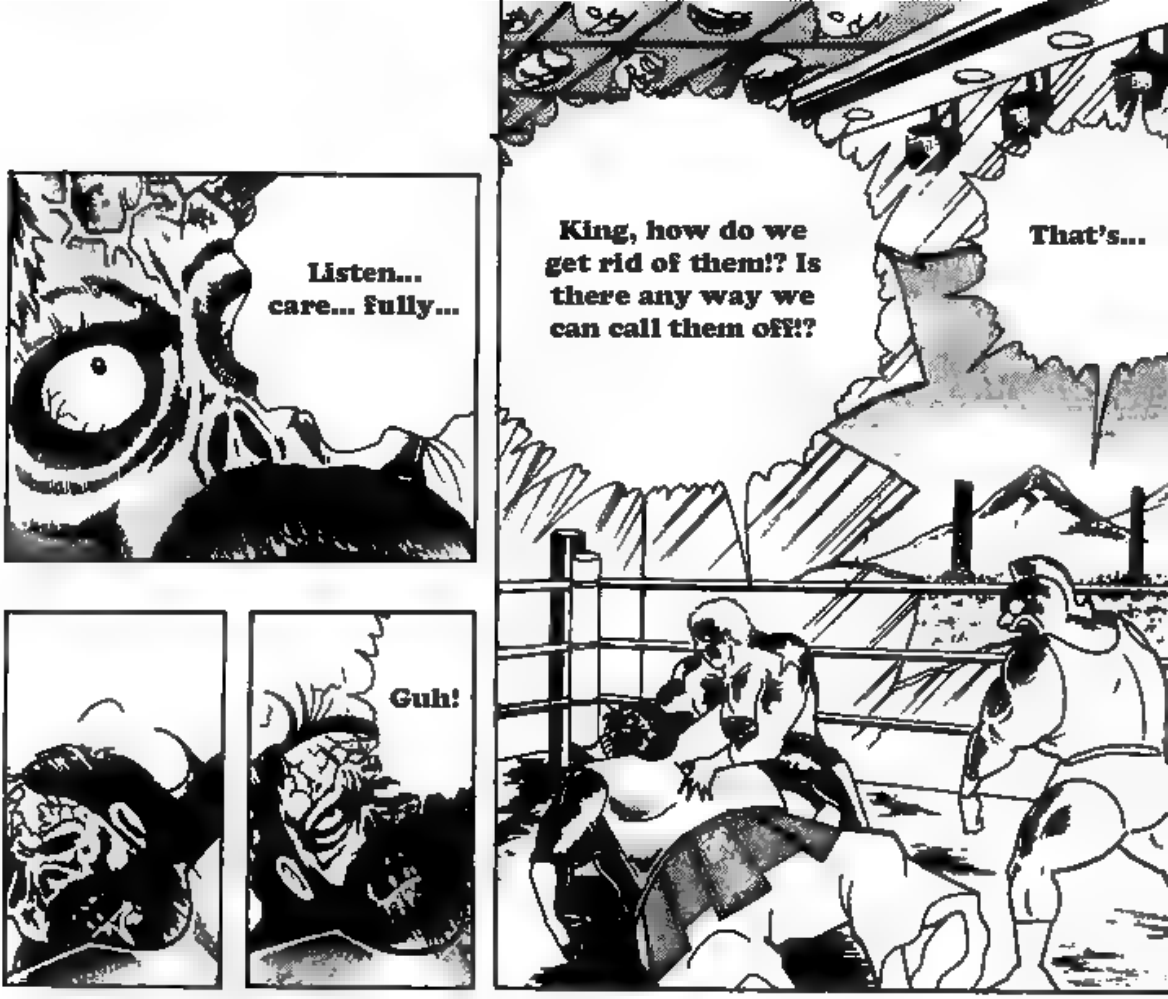
The ones who took the Muscle Docking are still feeling the after-effects of it, causing the Hell Missionaries to collapse again!
...and Terryman starts collapsing after them!
Continuing from the second round, the third round is a second straight win for Kinnikuman and Terryman's team! As of this moment, the winners of the Universal Chojin Tag Team Tournament are The Machineguns!
MAYU



He covered his body in a steel suit to appear perfect, but on the inside he was little more than a mummy who remained alive out of sheer vanity and greed!
So this is the true face of the Neptune King who fought in the death match with us... He's just a terribly old man...
Will the champions Terryman and Kinnikuman please climb the victory stairs?
You must pull out the trophy in the mountain's summit to confirm your victory!
Aah!



Owa!
These must be the victory stairs!
Gururo... In... Inferior Chojin, you have already forgotten...
That sound is coming from the sky! These's something approaching from the air!
Gururo... my followers became tired of waiting since you took so long to defeat us...
But they should be called off since we won the match!
My thousand followers from space are coming... here to rule the Earth...



Listen... care... fully...
King, how do we get rid of them!? Is there any way we can call them off!?
That's...
Guh!

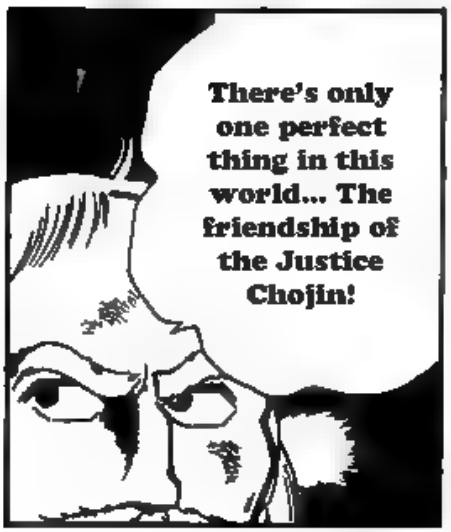
Wake up, King! We won't be able to stop them if you die!

Human Flare!?
The Human Flare!
There is only one way...
Hold on, Terryman! Neptuneman... No, Quarrelman seems to know something!

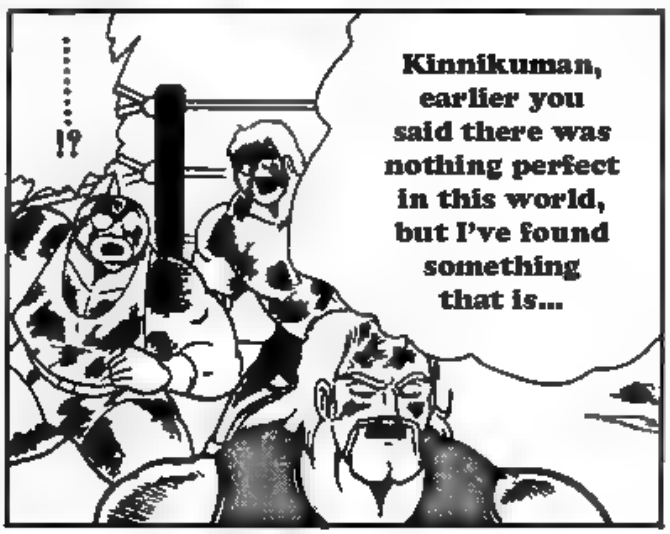
Since I'm already in this situation, I'll swallow this to kill myself!
For that reason, all Perfect Chojin carry a capsule containing a powerful explosion.
Perfect Chojin have a rigid law that we must never lose in battle. If we are defeated, we must kill ourselves before we can be finished off.
That will alert the Perfect Chojin to our loss. That is the law of the Perfect Chojin!
If you do that, won't you die!?
Becoming a Human Flare now is the only way to tell the Perfect Chojin coming to Earth that the plans have failed.
I've committed too many crimes... It's only natural that I pay for them...
I betrayed King with my own hands and led the Missionaries to be defeated.

Kinnikuman...
Terryman...
I agree with him!
Hold on, Quarrelman, you don't have to die! If that's what it would take to stop them, it's better if we fight the Perfect Chojin army head-on!
Look, the Perfect Chojin army has come into view!
Wah!
If they come, then let them come!

What are you doing, Quarrel-man!?

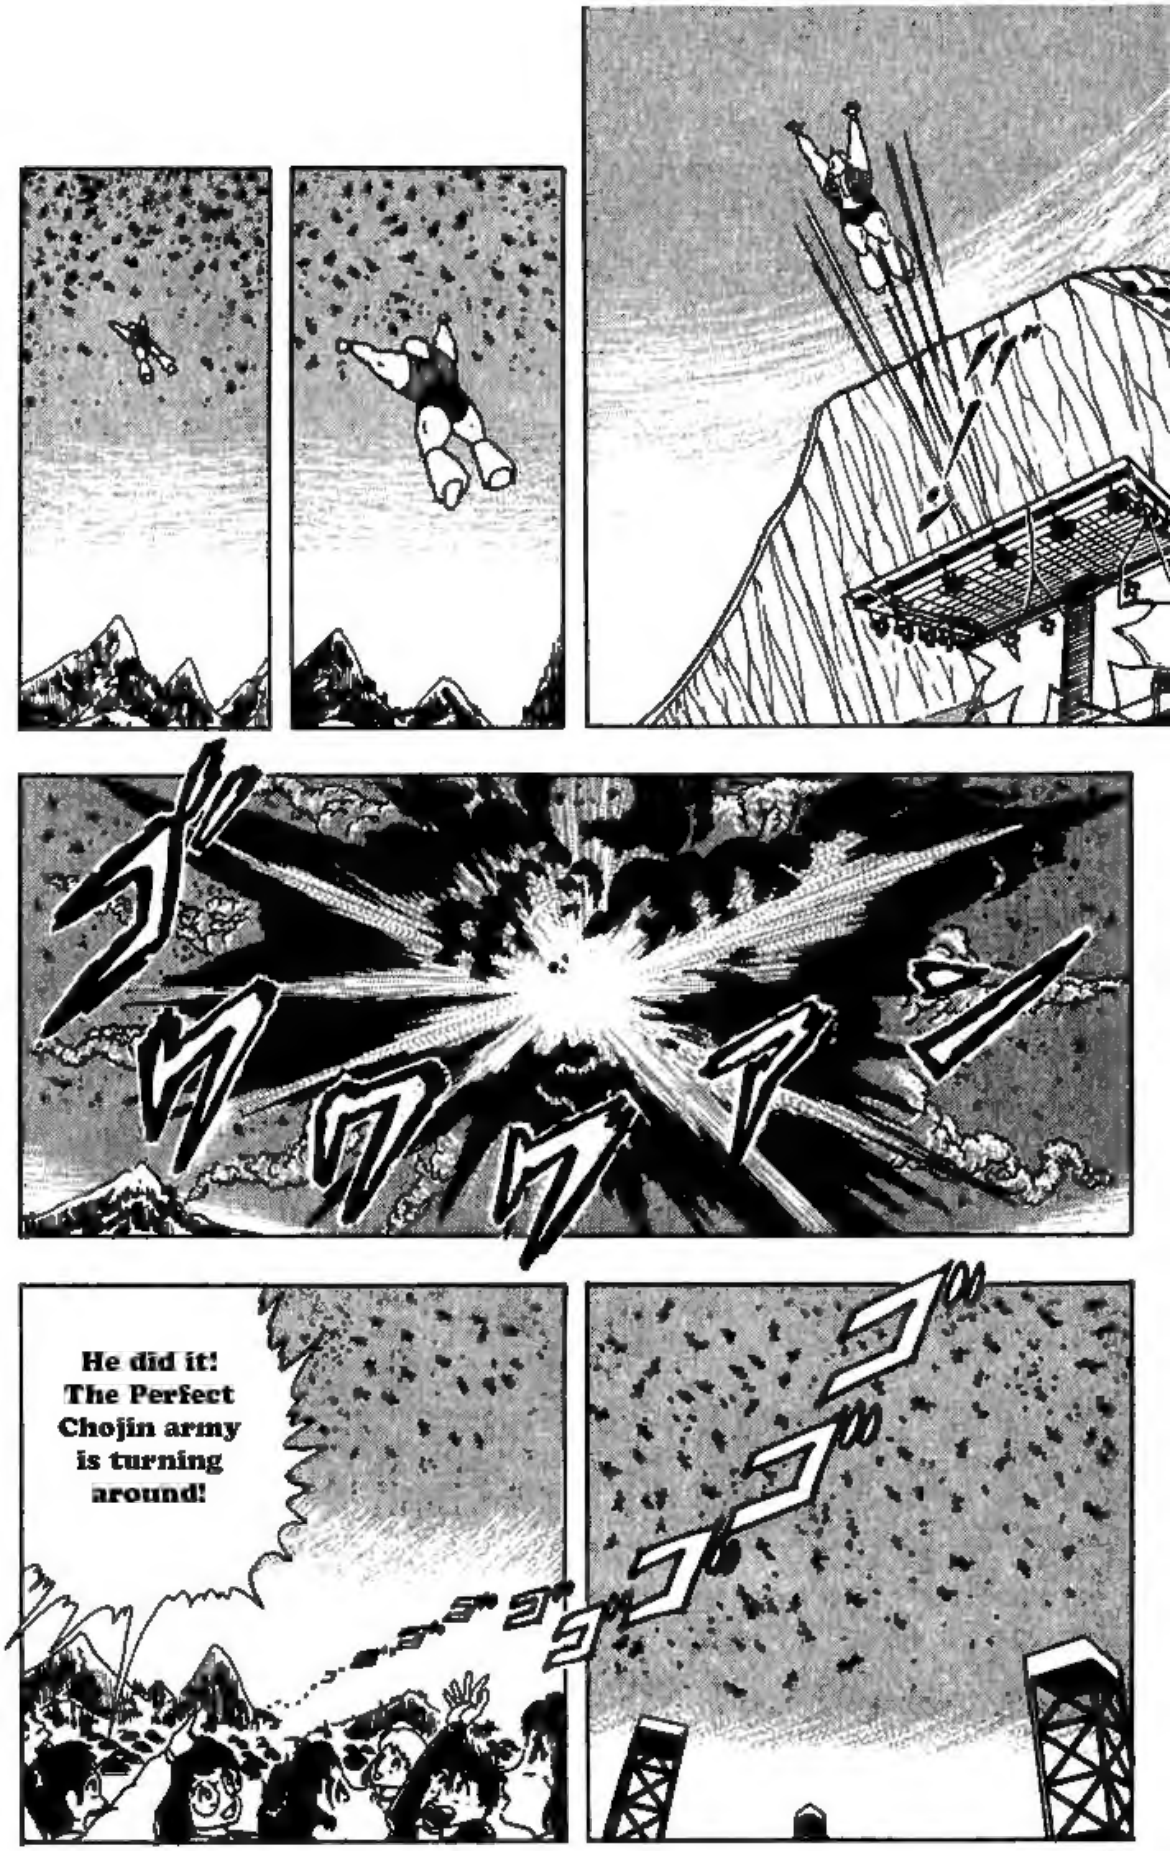


There's only one perfect thing in this world... The friendship of the Justice Chojin!



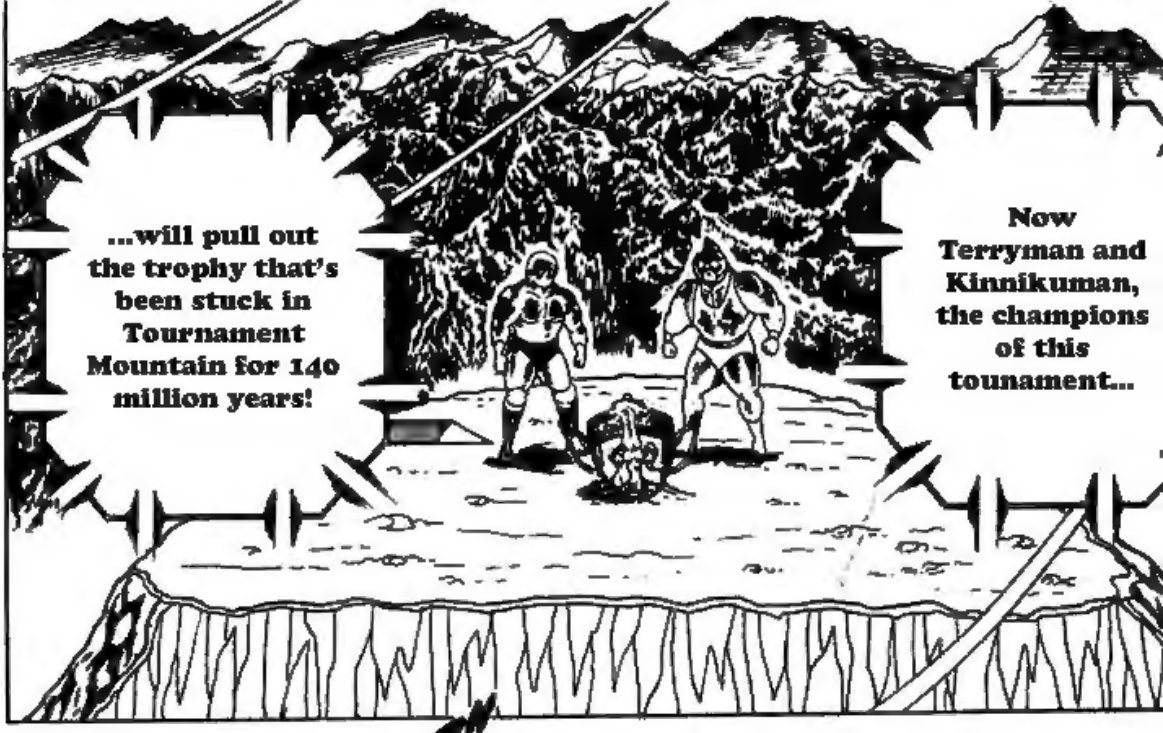
!?
Kinnikuman, earlier you said there was nothing perfect in this world, but I've found something that is...

Quarrel-man!

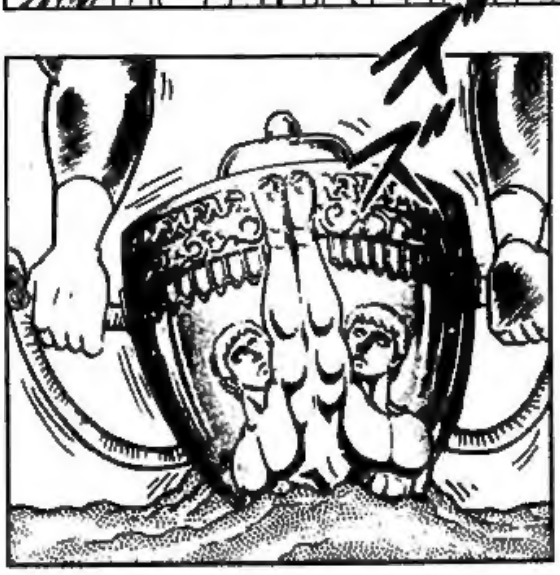


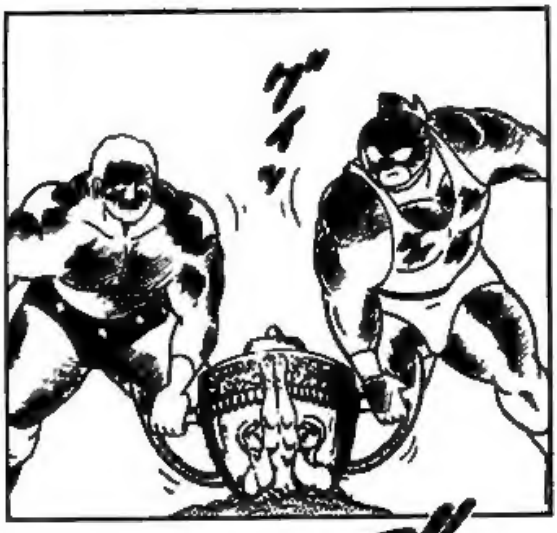
He did it!
The Perfect
Chojin army
is turning
around!

You were a real men, Quarrelman...!
Quarrelman, I'll return the masks you've taken during the Mask Hunts.

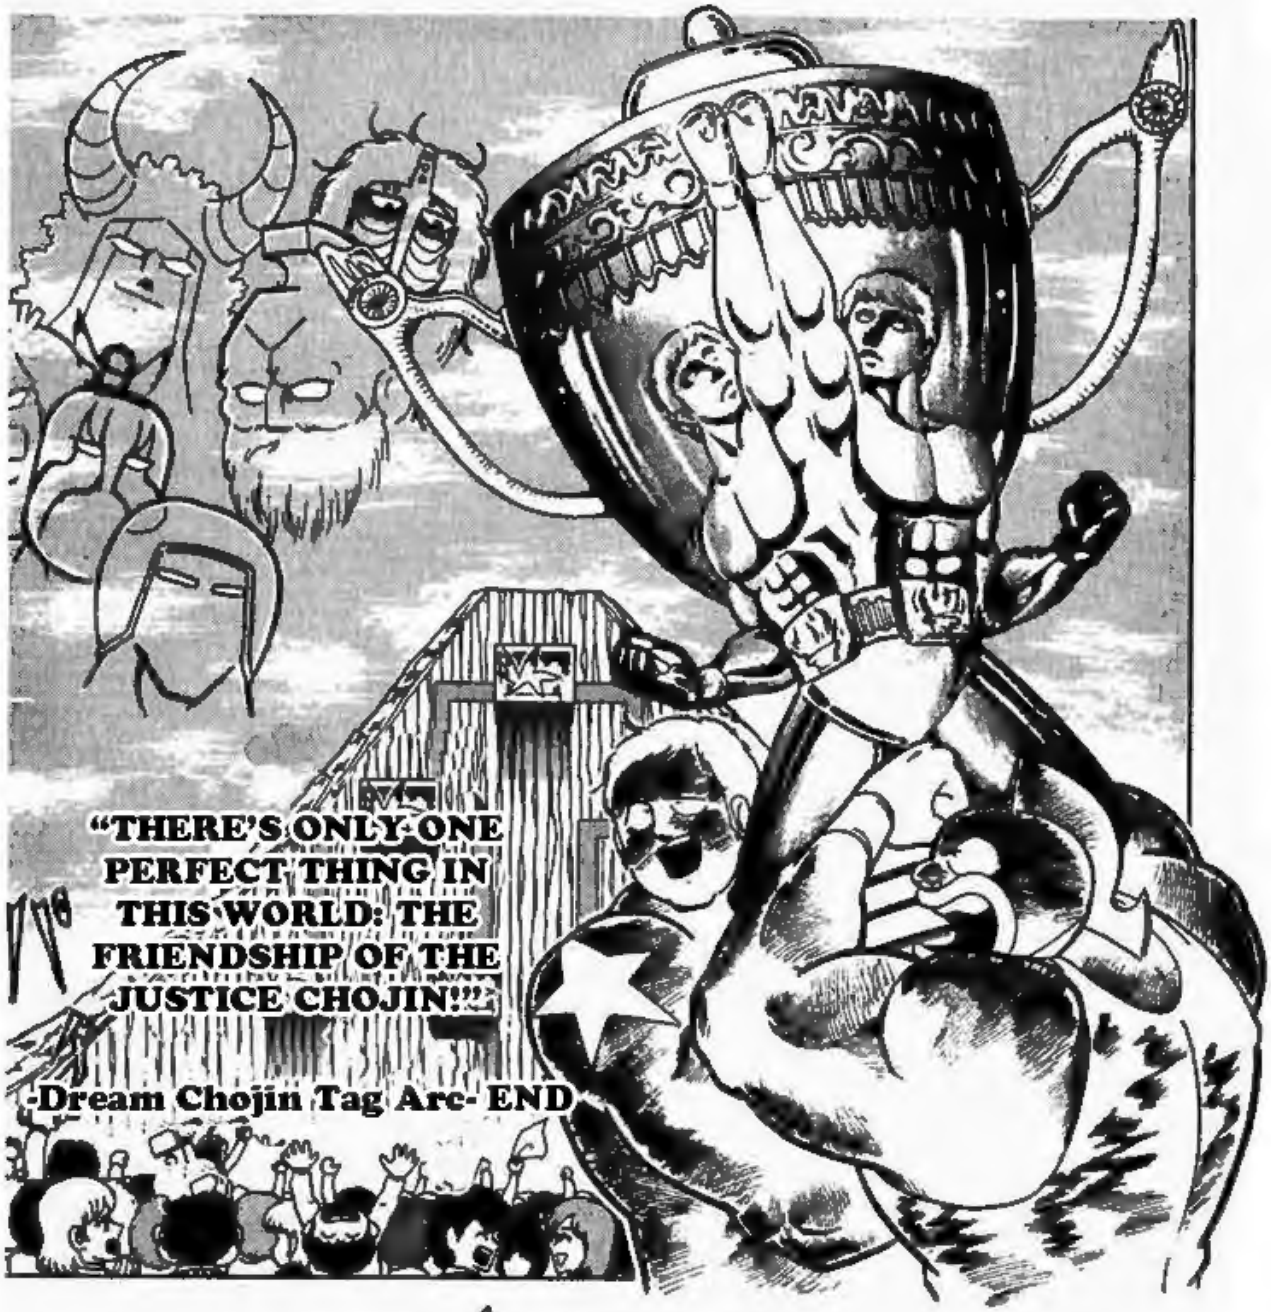


...will pull out the trophy that's been stuck in Tournament Mountain for 140 million years!
Now Terryman and Kinnikuman, the champions of this tounament...





It's moving! The trophy that's known for being unmovable by any amount of strength is being moved by Kinnikuman and Terryman's friendship!



"THERE'S ONLY ONE PERFECT THING IN THIS WORLD: THE FRIENDSHIP OF THE JUSTICE CHOJIN!!"
